

CLONES and SOUL SNATCHING

I know some of you guys out there are skeptical about the ability to clone. You may not be sure you believe the Donald Marshall's of this world or those of us who are spreading awareness about this. Please listen to Karla Turner as she speaks at a conference on alien abductions and touches on cloning through alien technology which is fallen angel technology and remember aliens are demons.

Maybe soul scalping or snatching has really seemed way out there and you just can't swallow that one either. Listen as Karla talks about the aliens and their ability to remove the soul and place it into a different body. They are very interested in our souls.
