Hello I need to know where I can purchase a true Bible and name of the true Bible.

ANSWER:

Even though the King James Bible is under attack, I still think it is the best. I would get a King James study Bible. The study notes will help you know about the culture and the Biblical times of the text. The only way to really know the correct Word of God is to look at the original Hebrew text and Greek text. I have a Hebrew/Greek interlinear Bible that I use for reference to look and see what was originally said if I question something. Don't worry about all that is happening with God's Word, He's in total control and His Holy Spirit will lead you as you study. I encourage you to watch a study done by Gail Riplinger on the different translations of the Bible.

I want to know are we singing the right song to worship GOD. Hillsong church songs are very popular in our church. I found out online it is one for the cults. Is that true??

Hello Mrs. Cherie I wanted to ask you about the music that we listen to that is Gospel soft rock and just Gospel music and all that's like on Klove and all these

other stations that have Gospel, what's good to listen to that Jesus has shown you and what's not ??? Because in the past I have heard demonic messages and chanting and talking about the end in some of the church music and it wasn't reversed. It was something that I believe was shown to me.

ANSWER:

Eph. 5:19 - Speaking to yourselves in psalms and hymns and spiritual songs, singing and making melody in your heart to the Lord;

I don't usually call out ministries or people who don't seem to be serving the Lord. I could be here all day doing that and it can get very ugly. I am making an exception today. A while back I had heard some things about Hillsong but I never stopped and checked into it. I hear their music on the radio and I thought, well I like it and I praise God with it. In preparing this answer it only took one search on youtube to bust this thing wide open. I can say confidently that if they ever were about honoring God and Jesus, they are no longer. They are just entertainment and you cannot tell them from the world. When you have to add so many lights and smoke and play in dark places to attract the young crowd – you have lost your way. JESUS IS ENOUGH. If you cannot praise Jesus without a show and all the glitz and glamour then your heart isn't truly seeking Him.

Triangles everywhere.

Jumping like this really? The album Aftermath is illuminati – aftermath suggest damage and destruction took place and now here is what is left.

Their music now called “Hard Worship” or “Rock Worship” – star gate or gateway with pyramids underneath.

If you watch that whole clip, someone commented that it seemed to be a type of voodoo ritual.

****Please play from 4:19 to 8:17 Hillsong singing “Silent Night”**

Illuminati symbolism triangles and black and white contrast and the song in itself is about semiramis and tammuz not Mary and Baby Jesus.

I could go on and on but you can look them up on youtube or google them. There is plenty of research out there showing that they have fallen away and are not uplifting Jesus Christ.

I have listened to their music and praise the Lord through their music in the past. But today, I am done with Hillsong and am totally disgusted with all that I have seen and learned. We must live holy for we serve a holy God. You, and I, each one of us has to be led by Holy Spirit. When He pricks your heart and gives you a warning about something, you must heed His warning. He will lead us to live holy and to avoid the things that displease God. Pray and let God lead you in decisions about your praise and worship music. Do your best to avoid those that are chasing fame and fortune.

Matt.6:24 - No man can serve two masters: for either he will hate the one, and love the other; or else he will hold to the one, and despise the other. Ye cannot serve God and mammon.

I believe what Layla heard was by God's hand. It was not Godly music and He supernaturally cause her to hear those demonic messages and chanting to warn her about listening to it.

****Please play from 2:20 to 3:34 This is the type of music that is inviting a kundalini spirit into the churches****
