QUESTION

Amy

I would love if you can do a YouTube video explaining the natural forms of medicine. Does God approve of marijuana? I have a good heart I'm not trying to abuse this herb I would just love some a more spiritual understanding on this topic. Thank you

Angelica

Does medicine have a religion. Is medical cannabis against God?

ANSWER

1 Peter 5:8 – Be sober, vigilant; because your adversary the devil, as a roaring lion, walketh about, seeking whom he may devour:

This is a drug that will alter your state of mind. It also messes with frequency that we operate at normally. It messes with your consciousness and when you are in an altered state, this allows for demonic entry and manipulation. This is why you hear of hallucinating and many times people begin to see scary things.

Everything God created is good! With this argument, we have to remember that all good things can be abused and can be used for bad as well. EX: Hemp is good for making rope but bad for smoking. Sex is good within marriage but adultery is sin. Poisonous mushrooms are good for breaking down dead wood, but bad for eating.

Regarding medical marijuana:

Is a stimulant and a depressant. It can mess with your short term memory.

1 Cor. 6:12 – All things are lawful unto me, but all things are not expedient: all things are lawful for me, but I will not be brought under the power of any.

You do not want an addiction.

Gen.1:29 – God was speaking about plants for food – not just herbs.

Be led by the Holy Spirit.

QUESTION

Kimmie

What does the Bible say about guns. I want one just for protection in case it hits the fan. Curious of your thoughts.

ANSWER

Luke 22:36 – Then said He unto them, But now, he that hath a purse, let him take it, and likewise his scrip; and he that hath no sword, let him sell his garment, and buy one.

A sword to me is the Biblical equivalent of a gun today. Jesus was about to be crucified and He knew He was leaving His disciples in this wicked world. He wanted them to be equipped physically to defend themselves against the persecution that would come to their door. God is and always has been against murder. But He is not against defending and protecting yourself. We don't go around looking for fights but we don't back down when it comes to protecting ourselves either.

We just went through this process with Scott getting a gun. They are expensive and then you have to take a class to be able to carry it on his person here in Texas. He can have it on our property and in the car as the car is considered an extension of our home, but he cannot carry on his person until he takes that class and it isn't cheap. Then there is registering the gun and that's not cheap either. A gun is an investment.

Scott made a point to women who carry guns that it may not be a good idea to keep it in your purse. In your purse where your wallet is, that has you id in it with

your address and your car keys. Now if your purse were to be stolen the perpetrator now has a weapon as well as knowing where you live and the keys to get into your house. It would be better to carry it on your person.
