

MARK of the BEAST 666 – Part One: THEORIES

I chose this particular picture of the mark of the beast for a reason which we'll get into deeper in this message.

Rev. 13:18 – Here is wisdom. Let him that hath understanding count the number of the beast: for it is the number of a man; and his number is six hundred threescore and six.

Who has understanding?

1 Cor. 2:16 – For who hath known the mind of the Lord, that He may instruct Him? But we have the mind of Christ.

James 1:5 – If any lack wisdom, let him ask of God, that giveth to all men liberally, and upbraideth not; and it shall be given him.

Prov. 28:5 – Evil men understand not judgment: but they that seek the LORD understand all things.

Psalm 111:10 – The fear of the LORD is the beginning of wisdom: a good understanding have all they that do His commandments: His praise endureth for ever.

1 Cor. 2:12 – Now we have received, not the spirit of the world, but the spirit which is of God; that we might know the things that are freely given to us of God.

Psalm 119:144 – The righteousness of Thy testimonies is everlasting: give me understanding, and I shall live.

Who else was known for his wisdom?

1 Kings 3:5-14 – Solomon asks for an understanding heart

Many have speculated what the mark will be:

The catholic church and Constantine brought about Sunday church observance.

Taking the mark will not a group thing, it is an individual decision. You will not be tricked into taking the mark. The majority of the people do not want to go to church – period. We are not under the law and to teach clearly why we are not held to Sabbath keeping any longer is a teaching in itself. 7th Day Adventist believe Sunday worship is the mark of the beast.

Col.2:16 – Let no man therefore judge you in meat, or in drink, or in respect of an holyday, or of the new moon, or of the sabbath days:

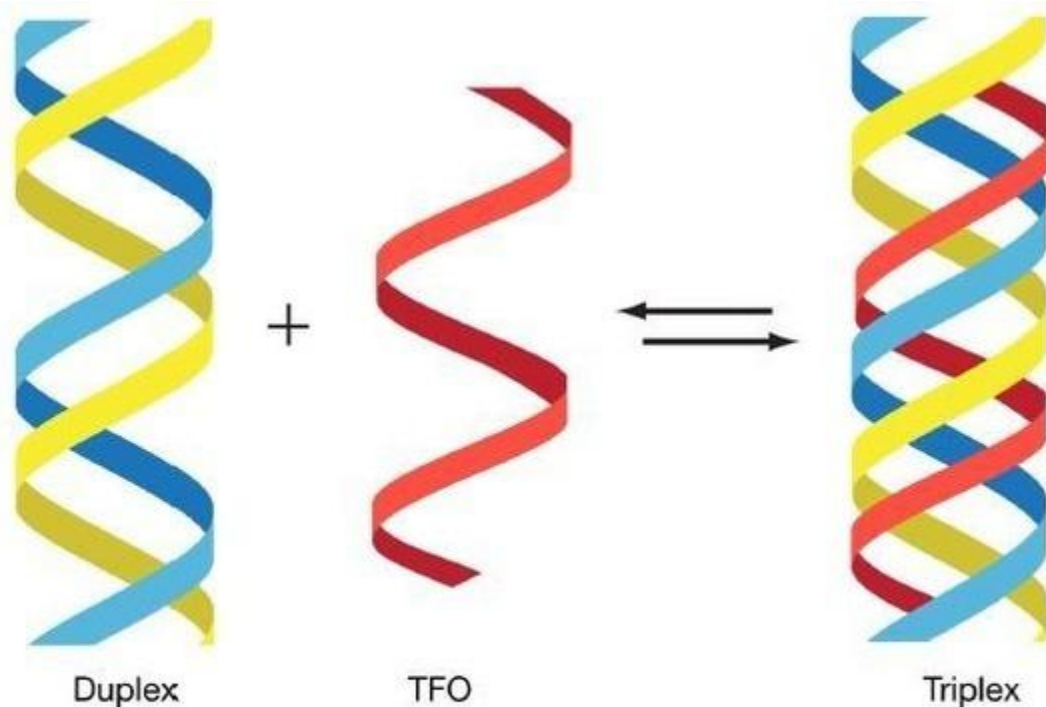

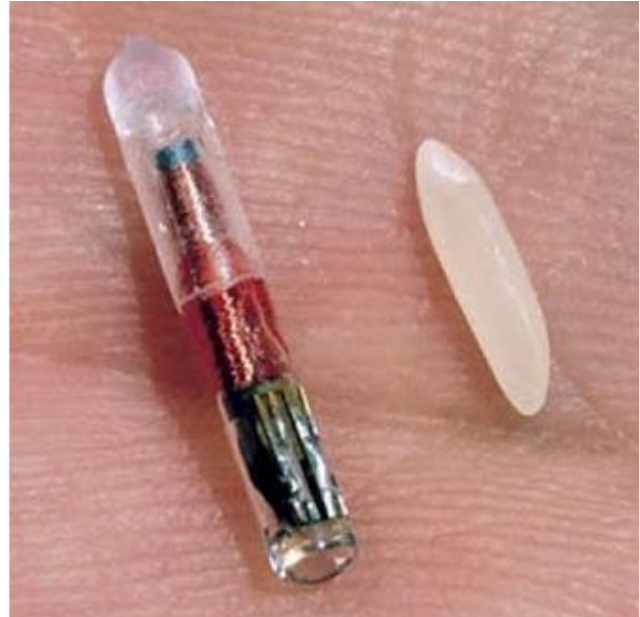

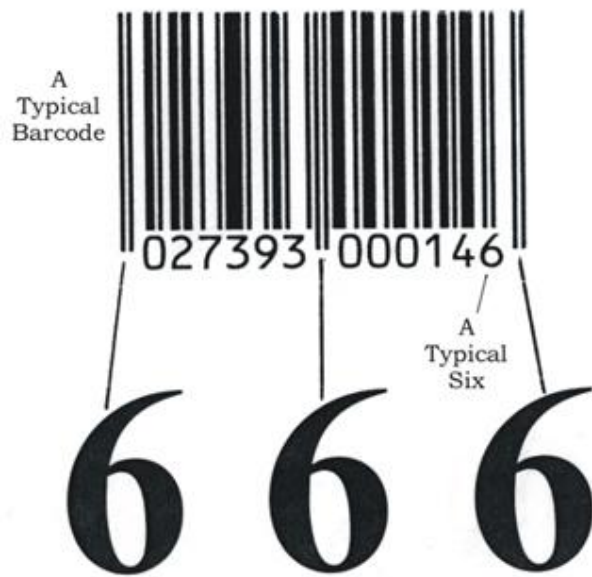

Figure 1. Schematic representation of intermolecular DNA triplex formation
In the target duplex, the purine and pyrimidine strands are shown in blue and yellow, respectively. The TFO, which binds to the purine-rich strand of the target duplex through the major groove, is indicated in red.

Think this can't happen? Not possible. Think again, they know how to digitize dna – they can write it just like software code. People can create something in their mind and send it to a company that does this kind of work, have them code it and then send it to a 3d printer and print out a new creature that has never existed before.

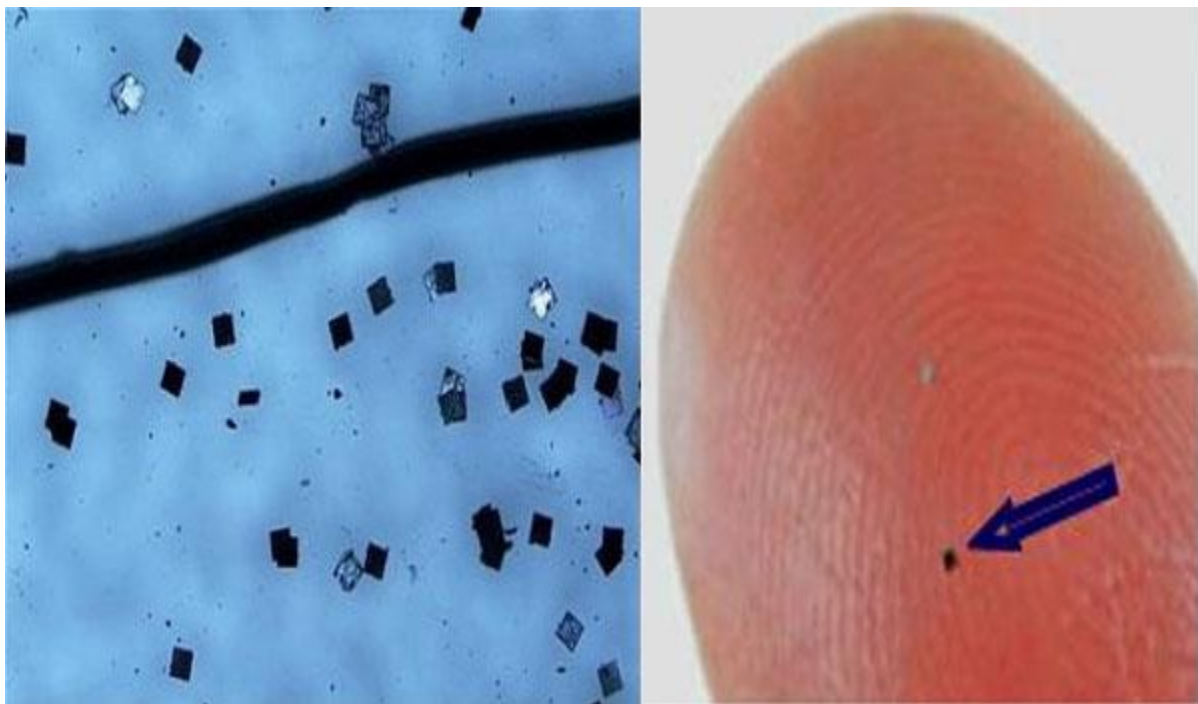

I did not have peace about how this is supposed to equal 666. I feel that since God is the One telling His children ahead of time and to beware of this, that we will know how to count this number God's way. We won't have to fanagle to make it fit or make it work. Even if I went along with how we could get 666 out of

this, then I had a problem with what is the name? And what is the mark? Because the mark is connected to two locations on our bodies. The right hand and the forehead. God was very specific in naming these two locations. Dna is all throughout our bodies. Some say, well the chip or a tattoo will be the method for inserting this into our bodies. Ok, then that would go back to the mark being the chip or the tattoo because it is what is located in the hand or forehead. For me, I just could not make that stretch to get this to fit. No doubt this is devious and it is something that the enemy will use as a weapon and I believe it will be used to connect those that are not in Christ into the "Hive Mind." Where satan can just program you and take you over electronically and you will not have freewill anylonger or even a mind of your own once you agree to this. This is a message all in itself.

Some people have thought it was going to be the barcode that begins with 6 and has 6 in the middle and ends with 6. A popular theory is the rfid chip this one is a little bigger than a grain of rice. Even after chipped (chipped before the mark) – it will not be activated until you deny Jesus and agree to the mark.

The newer rfid chips: World's smallest rfid chip made by Hitachi in 2013

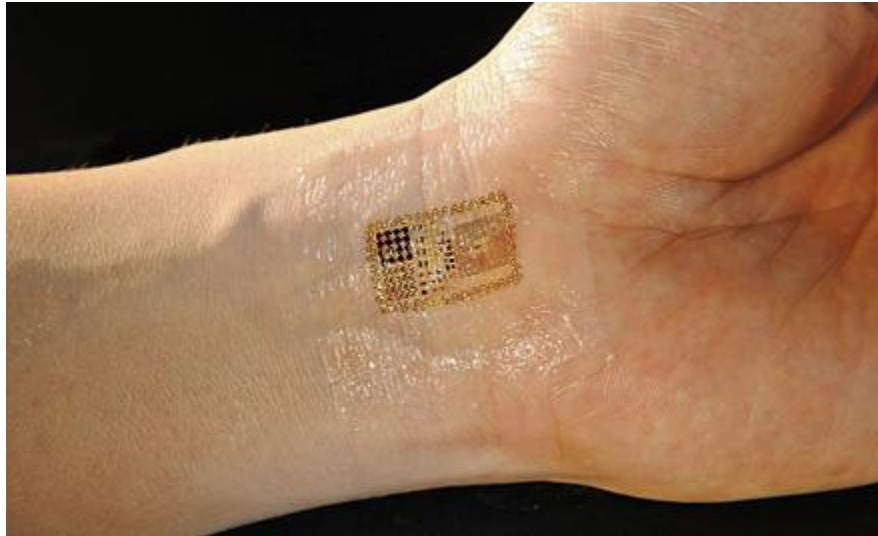

Let's not forget how the CDC cook up viruses and inject them into the public to scare everyone.

Here is Bill Gates who is heavily involved with the creation of the Ebola virus as he along with the government owns the pattend on it. He is using vaccines against us

right along with the government. Some believe they will create a virus and get the public to demand a vaccine and then they will inject us with a chip that way.

An electronic tattoo

All of these things can be tracked electronically.

Some other things that have been speculated are:

The bandana's pledging allegiance to allah and muhammad.

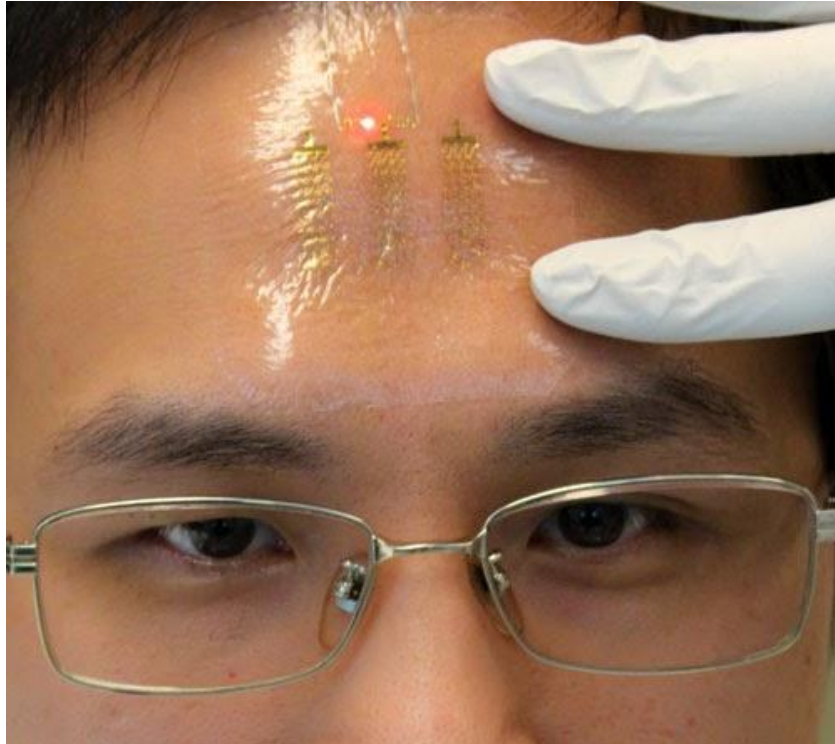

I listened to Walid Shoebat when I was first introduced to the concept of the muslims wearing these headband and armbands and how that links to 666. I'm going to review that information again in this message also.

Here's a badge that had a lot of support.

How about an islam tattoo pledging allegiance to allah and muhammed. If the mark turns out to be something like these badges or these tattoos how will they track people?

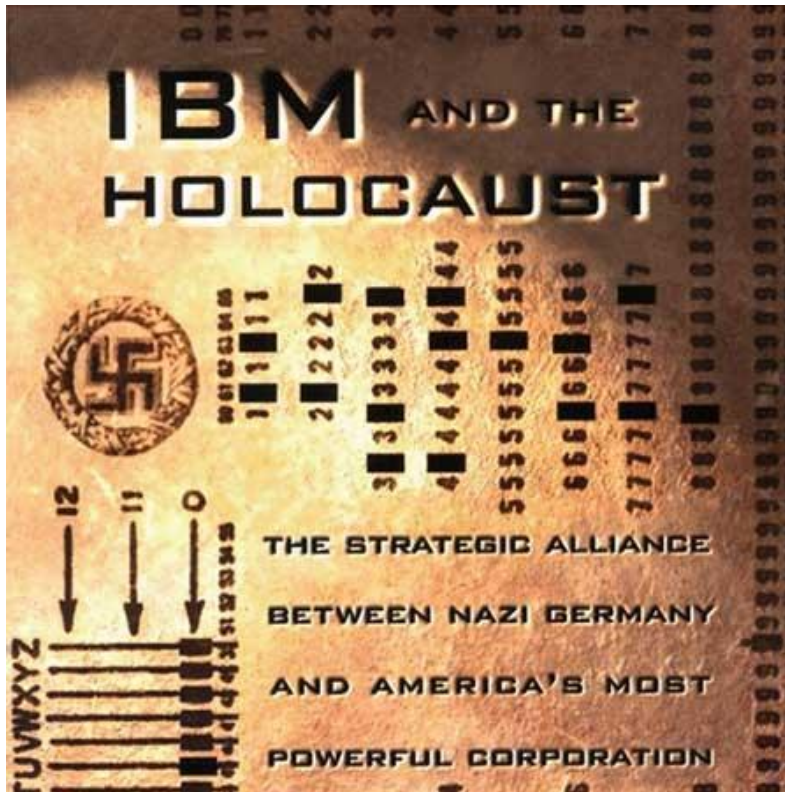

I'm sure they can make this electronic tattoo into any design they want.

Here are just 3 examples.

But let's take a look at what Hitler did:

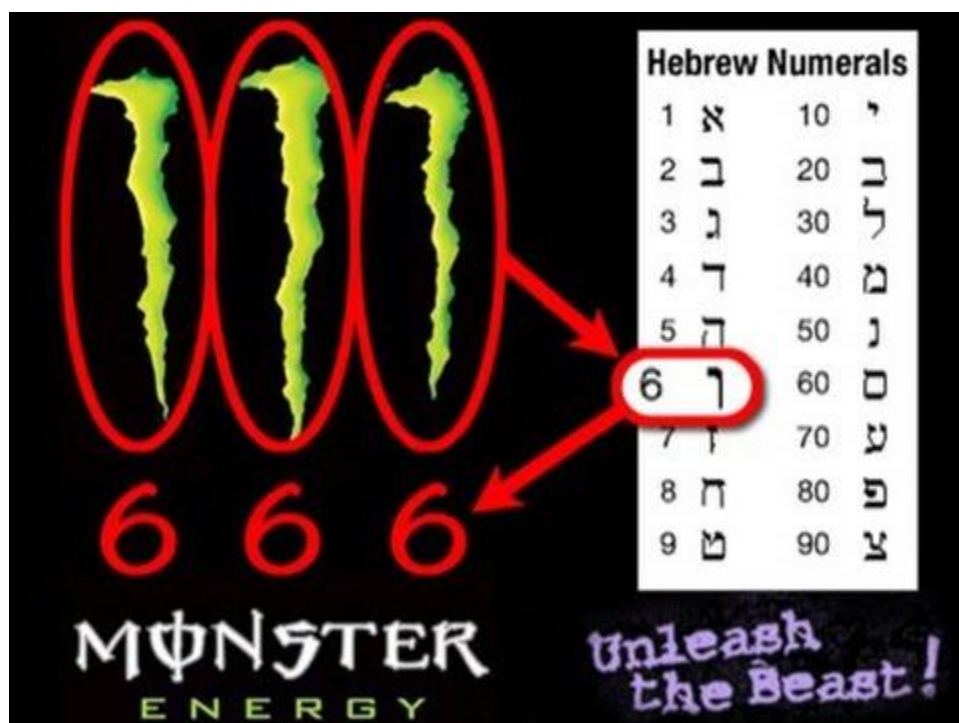

Hitler and IBM worked together with IBM's punch card system to track all prisoners. You can research the Holocaust and find that many prominent company's made big profits off of the war. That's what the elite do.

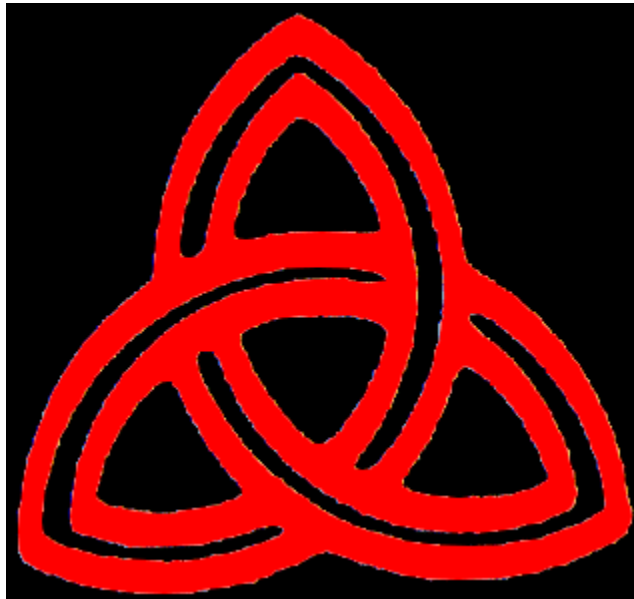

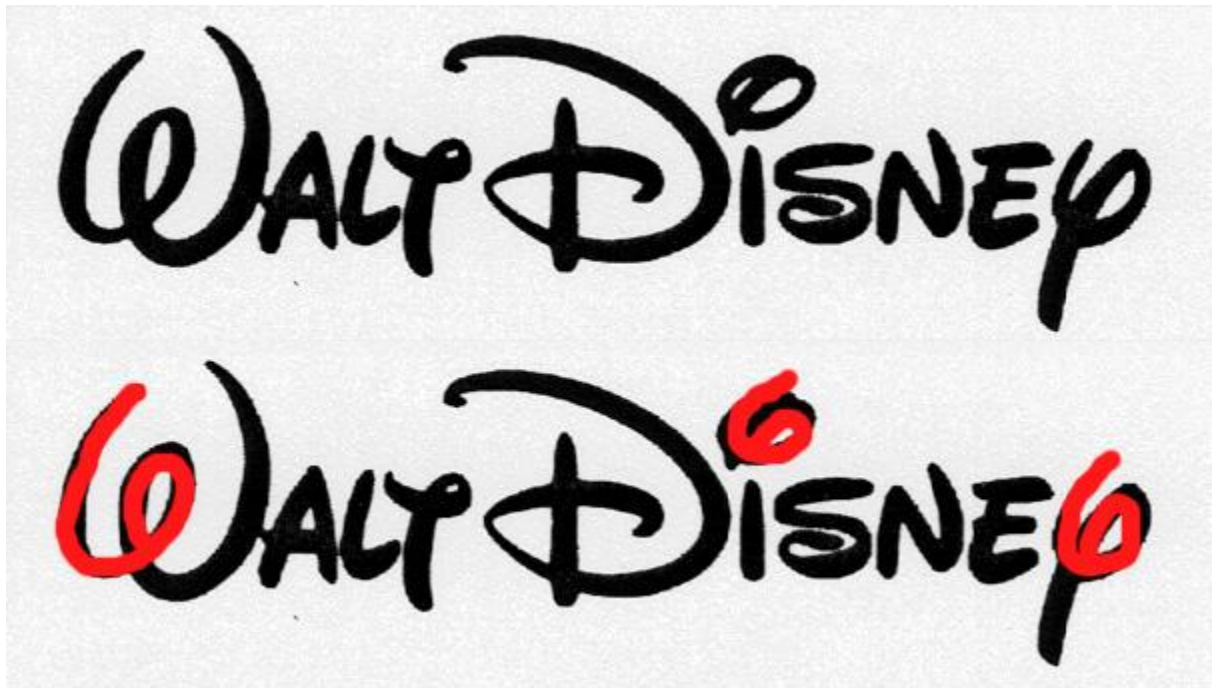

I do feel like they will have a system or device to track those that take the mark. The most popular thing talked about right now is the rfid chip. Many people have those already, many pets have them too. GPS: tracking pets, homeless people, Alzheimer's patients, little kids – they are presenting this as a good thing. They have studies out that show the chips cause cancer and growths.

Rev. 13:16-17 – And he (false prophet – to me looks like the pope) causeth all, both small and great rich and poor, free and bond, to receive a mark in their right hand, or in their foreheads: And that no man might buy or sell, save he that had the mark, or the name of the beast, or the number of his name.

In researching and praying over this message, I was led to think about the number 666 and who it is that loves that number and displays it and hides it in company logos and in today's time they aren't even hiding it anymore. Let's look at a few examples:

I learned recently from Gail Riplinger that this is called a mobius. So this is a 666 mobius.

W in Hebrew is a 6.

Still think Barack Obama wrote this by chance?

Bill Clinton doing the 666 sign.

This sign for the devil/satan doing this on purpose, shows her allegiance.

666 – not even trying to hide it.

This seal of the Ottoman Empire has many things in it, but in the center on the top where the writing is, there are at least 2 sets of 666.

CLOSING

Right now, no one has the mark of the beast. There has not been a world wide law passed that forbids buying or selling without having a certain mark. The church is still here and there is still time to repent from sin and come to Jesus Christ and be saved and avoid what is coming on this earth. **Luke 21:36**

Today is the day of salvation.

There are so many dreams and visions being poured out on the children of God.
He is warning us and telling us His time of return is so near.

Isaiah 55:6 – Seek ye the LORD while He may be found, call ye upon Him while He is near.
