GENESIS 1–5 was about creation and in chapter 5 we see genealogy listed. By chapter 6 we learn that God saw that man’s wickedness was great on the earth and that the fallen angels had procreated with women. Then we see that God had Noah prepare the ark and the next chapters deal with the building of the ark and then God sent the animals to Noah and then the flood came. This whole time Noah preached and no one believed. (2 Peter 2:5) By chapter 8 Noah was able to leave the ark. In Genesis chapter 9 God gives the covenant of the rainbow. Then Noah became a farmer and got drunk and passed out and Ham saw his nakedness and talked about it. When Noah woke up he cursed Canaan, Ham’s son (Ham’s seed). Some say that he saw his mother naked.

LEV. 18:8 – The nakedness of thy father’s wife shalt thou not uncover; it is thy father’s nakedness.

This brings us to chapter 10 of Genesis and that is where we begin to learn about Nimrod. So we don’t get far into the Bible and the beginning without running into Nimrod. Today we are going to learn a lot more about him than what most of us understand from reading our Bibles.

Let’s go back to Nimrod because we need to understand that this 666 number and beast business started at the beginning and to really understand what it is, we need to go to the Bible.

GEN. 10:8-12 – And Cush begat Nimrod: he began to be a mighty one in the earth. He was a mighty hunter before the LORD: wherefore it is said, Even as Nimrod the mighty hunter before the LORD. And the beginning of his kingdom was Babel, and Erech, and Accad, and Calneh, in the land of Shinar. Out of that land went forth Asshur, (he went forth into Assyria) and builded Nineveh and the city Rehoboth, and Calah, and Resen between Nineveh and Calah: the same is a great city.
To understand the mark of the beast, God began to take me back to show me the roots of idolatry and who/what He’s been fighting and still is.

Nimrod began to be a mighty man

Began is halel – which can mean began, but it also means to corrupt, to defile, to prostitute – he did something to corrupt himself.

He began to be a gibborim. The principle of first mention, this is used in Gen. 6, mighty men there meant nephilim. Therefore a mighty man is a nephilim.

Chalal (H – 2490) also means to be run through or pierced through, then to come back as something else, also connected to pan because he plays a flute.

Nimrod started out as a man, then something happened to him and he morphed into a nephilim, and connected to the god pan because that word means plays the flute – satan was believed to be the anointed cherub over worship. You can see this connection to the antichrist in revelation getting the deadly head wound and then coming back (after being infused with some type of technology).

Notice that nimrod had a kingdom and yet God had not given the people kings yet.
European Parliament Building, made to look like a modern day Tower of Babel.
nimrod was defying God in making this tower and being worshipped as a god and exalting his plans above God.

Today we are going to go deeper into who baal is and who ashtaroth are. Ashtaroth is supposed to be plural and Ashtoreth is singular, baal is singular and baalim is plural.

After nimrod’s death, those that admired him continued to worship him as a divine hero calling him baal which means lord.

Here is a summary of what happened with nimrod and his mother/wife astoreth.

nimrod worshipped the pagan sungod named moloch. The title “Great Hunter before (in the face of) YHVH” was ascribed to him because he literally hunted
human beings to murder as sacrifices to his pagan god. In the Book of Jasher (the book of Jasher is mentioned in the Bible Joshua 10:13 and 2 Samuel 1:18) we learn that nimrod received instruction from the priests of molech to marry his mother in an act of incest in order to acquire “the third eye” or the “all seeing eye”. The exact same knowledge sought by those today who call themselves the “illuminati” or “illuminated ones”.

This form of “dark knowledge” is a counterfeit of The Spirit of Yahweh with a promise to “see” into the Spiritual Realm. This "dark knowledge" is that knowledge imparted by the fallen angels to mankind as described in The Book of Enoch.

nimrod, the King, took a wife. The wife nimrod chose was his mother. So the “son” became both the husband and son of the mother. In effect making this marriage a “trinity” union in as much as the “husband” was the same person as the “son” united as “one” with the wife/mother. So nimrod married his mother, semiramis, and she became the Queen of Babylon. It was Semiramis from which the religion surrounding Nimrod and the planets (astrology) evolved. Nimrod the mighty and ruthless murderer was killed for his crimes against humanity by the sons of Noah. His body cut into pieces and distributed all over his kingdom by his enemies. In the face of Nimrod’s death, Semiramis had to somehow maintain her grip and power over the people. In order to solidify her power she “invented” a religion for the people that would keep Nimrod’s control over them even after his death. She then gave birth to a son named Tammuz whom she claimed was the reincarnation of Nimrod. So through the belief that Tammuz was "Nimrod in the flesh" the queen was able to subdue the people of Babylon. So Tammuz was “Nimrod in the flesh” and “one” with his father who was “one” with his wife/mother through marriage… the unholy concept of aTrinity is born.

**The book of Jasher says that Esau killed nimrod. She claimed to have had a virgin conception, being impregnated by a ray from the sun and thus having tammuz who she said was a reincarnation of nimrod – the sun god.**

In Revelation 2:6 and 15, we read about a “doctrine of the Nicolaitanes,” which Christ twice tells His Church “[He] hates.” Let's analyze the word Nicolaitane. It means “follower of Nicholas.” Nikos means “conqueror, destroyer.” Laos means
“people.” Nicolaitanes, then, are people who follow the conqueror or destroyer—Nimrod.

**Genesis 11:1,7** – And the whole earth was of one language, and of one speech. Go to, let us go down, and there confound their language, that they may not understand one another’s speech.

We have to understand that nimrod was allowing himself to be worshipped as a god and his mother and wife, ashtoreth, was worshipped as a goddess. When God changed their language so they could not continue their wicked plans, everyone was still worshipping nimrod and ashtareth but now they had many different names because of all the different languages. Even today they are worshipped under many more different names. The worship of baal and ashtoreth has not stopped.

**Eccliastes 1:9** – The thing that hath been, it is that which shall be; and that which is done is that which shall be done: and there is no new thing under the sun.

**Judges 2:13** – So they forsook the LORD and served baal and the ashtaroth.

Let’s start with nimrod:
Saturn is a symbol of satan.  
The ancient sun god refers to the planet saturn.  
The owl is animal symbolism for the planet saturn.  
The human figure with horns and goat feet (satan) refers to astrological sign Capricorn. In astrology, Capricorn refers to planet Saturn.  
666 refers directly or indirectly to some frequency emission from Saturn.  

The configuration of the solar system was different in ancient time and Saturn was viewed as another Sun. Saturn and the Sun are binary stars.
Kronos signifies "The Horned one." As a horn is a well known Oriental emblem for power or might, Kronos, "The Horned one," was, according to the mystic system, just a synonym for the Scriptural epithet applied to Nimrod--viz., Gheber, "The mighty one" (Gen 10:8), "He began to be mighty on the earth." The name
Kronos, as the classical reader is well aware, is applied to Saturn as the "Father of the gods." We have already had another "father of the gods" brought under our notice, even Cush in his character of bel the Confounder, or Hephaistos, "The Scatterer abroad"; and it is easy to understand how, when the deification of mortals began, and the "mighty" Son of Cush was deified, the father, especially considering the part which he seems to have had in concocting the whole idolatrous system, would have to be deified too, and of course, in his character as the Father of the "Mighty one," and of all the "immortals" that succeeded him. But, in point of fact, we shall find, in the course of our inquiry, that Nimrod was the actual Father of the gods, as being the first of deified mortals; and that, therefore, it is in exact accordance with historical fact that Kronos, the Horned, or Mighty one, is, in the classic Pantheon, known by that title.

The meaning of this name Kronos, "The Horned one," as applied to Nimrod, fully explains the origin of the remarkable symbol, so frequently occurring among the Nineveh sculptures, the gigantic HORNED man-bull, as representing the great divinities in Assyria. The same word that signified a bull, signified also a ruler or prince. * (Remember in the teaching about applying the blood to the doorpost that we learned a special message was hidden there.)

The unicorn’s horn was attributed with healing powers, and was considered one of the most valuable things on earth. The Inquisition would torture those that wouldn’t acknowledge the strength and existence of the unicorn and its horn. The unicorn horn spirals (just like the ziggurat of the Tower of Babel), and is yet another reference to moloch. The horn gives you blessings if you could acquire it as well (again, same logic for the moloch sacrifices). The leprechaun shillelagh was just another representation of the horn of Moloch with its powers.

cronus is saturn – king of the Roman gods. He is celebrated at saturnalia in December – not Jesus Christ.
Supposedly the people referred to in Jeremiah also used to put candies and cakes on it (e.g. candy canes) for the winter pagan stag god; nimrod. I’ve read that the context of this passage is one in which the people used to literally worship the tree as an idol after they adorned with the silver and gold. The lights on the tree symbolize candles that were used because it was a beacon to the winter god nimrod for him to see your home and fly down and bless your household.

The meaning of the tree has been diluted down over the years but none the less, that’s the origin. The famous Rockefeller Tree is around the sunken plaza which has the statue of prometheus. This statue honors the story of prometheus who stole fire of illumination from gods and gave it to mankind, enlightening them with wisdom. This is important to the occult beliefs and luciferians, as it points out the ability to transform from man to god without the assistance of a spiritual god. from HenryMakow.com:

Arch of baal moved from London and erected in NY City on Sept. 19, 2016.

I ran across the following in my research:
If you thought having “the harbinger of baal” (referring to raising the arch of baal) in New York City was bad, wait until you hear what they are doing in Rome. A reproduction of a winged bull from the ancient city of Nimrud, Iraq and a recreation of part of the ceiling from the Temple of bel (baal) are being put on display in the Colosseum in Rome, Italy. This exhibit has been entitled “Rising From the Ashes: Ebla, Nimrud, Palmyra”, and it is being sponsored by UNESCO. The statue of the winged bull from Nimrud and the Temple of bel both have direct links to ancient Babylon and a very insidious character from the Bible known as nimrod. Symbols have meaning, and to have these symbols erected at one of the most famous landmarks in Rome is more than just a little bit disturbing.

CLOSING

ashtoreth/semiramis/diana made up a story when nimrod was killed. She said that he miraculously came back to life in the form of an evergreen tree that came up overnight beside a dead tree stump. The snake represented new life,
resurrection because it sheds its skin and it was also worshipped as a symbol of the sun god.
