

WEATHER and CHEMICAL WARFARE – Part Five: CHEMTRAILS

Scott Stevens was a tv weatherman for at least 2 decades. When he saw a satellite image of a square cloud over Billings, Montana he began to realize “they” really were manipulating our weather.

So the question as to "Why?" Why might this be happening? Why would an entity want to control the weather? I ask if you could, why wouldn't you? Just imagine the power you'd have in the financial markets alone! Knowing when a drought will begin, when and where hurricanes would hit, when damaging frosts would

come, the ways to leverage this foreknowledge are financially limitless! It would be global "eco-terrorism" as former Defense Secretary William Cohen labeled it back in 1996.

When clouds begin to manifest into shapes and patterns that obviously indicate that the hand of some technology is involved in their formation I have to ask myself: "How long will it take before this becomes acknowledged by mainstream on-air meteorologists?" Twelve years ago when I took this picture, just east of Pocatello Idaho where I was on the air at the time, I wouldn't have believed that in late 2016 this would still be a secret program. Once you see it, you cannot not see it!

Pocatello, Idaho 2004

Another picture of unnatural cloud formations. These look like the tops of ice cream cones.

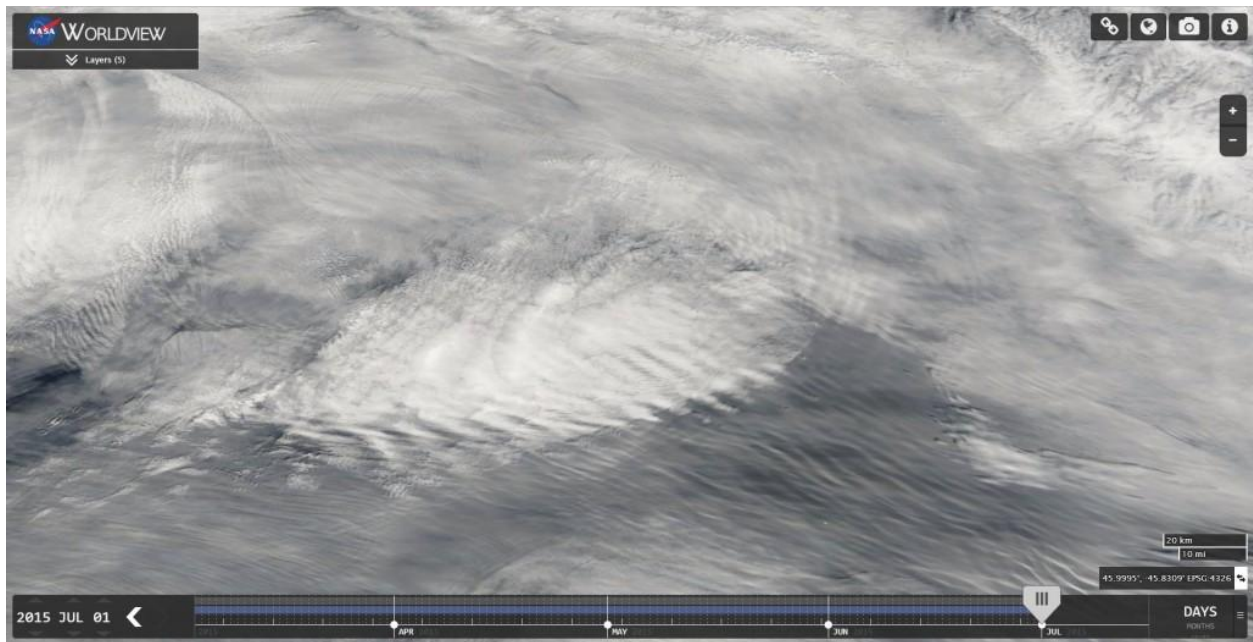

2 Thess. 2:9 - *Even him(antichrist), whose coming is after the working of satan with all power and signs and lying wonders, And with all deceivableness of unrighteousness in them that perish; because they received not the love of the truth, that they might be saved.*

I'd say square clouds and ice cream topped clouds are lying wonders. There are people that don't want to believe our governments and militaries are fighting against us. They don't want to hear this truth, nor do they want to know the Truth Who is Jesus Christ. satan is performing his lying wonders already. Time is running out and as the Bible says today is the day of Salvation.

Just finished a screencast explaining the chemtrails behaviors seen in this cool time lapse video from way back in 2006 when I was new to time lapsing the sky; having freshly been fired from KPVI for going VERY public on this most important topic. By the end of this video I hope you'll understand why #SRM Solar Radiation Management is a poor, poor explanation for the chemtrail program. There is something far deeper, more complex and important than simply "making clouds to keep out sunshine" from an already cooling planet. Solar Radiation Management just doesn't make any sense.

Asperitas

Newly discovered cloud Asperitas (Latin for roughness) has taken another step towards being officially recognized and named in the [International Cloud Atlas](#).

The cloud has been named Asperitas because it looks like rough or turbulent seas and has been put forward for inclusion in the Atlas by the UK [Cloud Appreciation Society](#).

The *World Meteorological Organization* (WMO) is currently updating the International Cloud Atlas, first published in 1896, and has now presented details of the new cloud to the World Meteorological Congress.

The WMO are making the Atlas more user-friendly and accessible and expect to publish the new edition next year. It is also expected to include the new cloud species Volutus (Latin for rolled), as well as some **new “special clouds” like Homogenitus (from the Latin homo meaning man, and genitus meaning generated or made).**

Kennedy has just been learning about clouds in school and I told her that most of what we see nowadays is not God’s clouds but man made or manipulated clouds. Now you see what they do, they make this stuff up as they go along and they just add it into the books. Take things away and add other things and don’t even bat an eye.

****Please play this video Scott Stevens shows a chembow**** (about 1 min)

<https://www.youtube.com/watch?v=2HLmx5t5bv0&feature=youtu.be>

This is manmade. Most would believe God was putting something beautiful on display here, but the chemicals they are spraying glow and are creating these phenomena in the sky.

Taken in South Carolina – not of God.

Gen.9:13 – 15: I do set my bow in the cloud, and it shall be for a token of a covenant between Me and the earth. And it shall come to pass, when I bring a cloud over the earth, that the bow shall be seen in the cloud: And I will remember My covenant, which *is* between Me and you and every living creature of all flesh; and the waters shall no more become a flood to destroy all flesh.

satan trying to mimic God.

This youtube channel seems to support the idea that WSAC = Wet Surface Air Coolers / WVG = Water Vapor Generators are how they are controlling and manipulating the weather.

Alfa Laval – Niagara, WSAC

It didn't take long in my research to see this channel fighting with other channels. I also noticed that this is one of those channels that don't put their name out there nor their picture. I feel it is a government shill. Dane Wiggington of Geoengineering Watch breaks down how it is not "cooling generators" doing this. Also in reading comments on some of Scott's videos I see where he addressed it as well:

Just wondering, have you looked into these WVG weatherwar101 is talking about?

Not to disparage, but it's completely a non-issue. Too small a footprint to matter in the least. Dude needs basic meteorological training.

The "G" in the middle stands for lucifer, who is the god of this world, of those that choose him. That "G" stands for many things and geometry certainly is one of them.

****Please play from 22:50 to 27:16 Scott talks about how geometry is showing up in the weather, patterns that are not normal, example of sound waves making spirals****(about 4.5 min's)

Technologies Used

- Scalar – Time/Space Dimensional Distortions
- HAARP - Ionization
- Orgone - Accumulation of the "Parana" plus Ionization
- Acoustic – V/ELF Waves
- Chemtrail Program – Create Enhanced Atmospheric Conductivity and the Ability to Measure, Mark and Quantify the Effects of the Above Technologies in Real Time

When Scott started noticing square clouds and mentioned V waves I started thinking...

L: The peace sign was rolled out to us deceptively. satan's elect know that it is a symbol that they hail him with. R: lucifer/satan's sigil / Look at what all is packed into it, there's a diamond, a v, triangles, arrows pointing up and below, x's, and m and who knows what else.

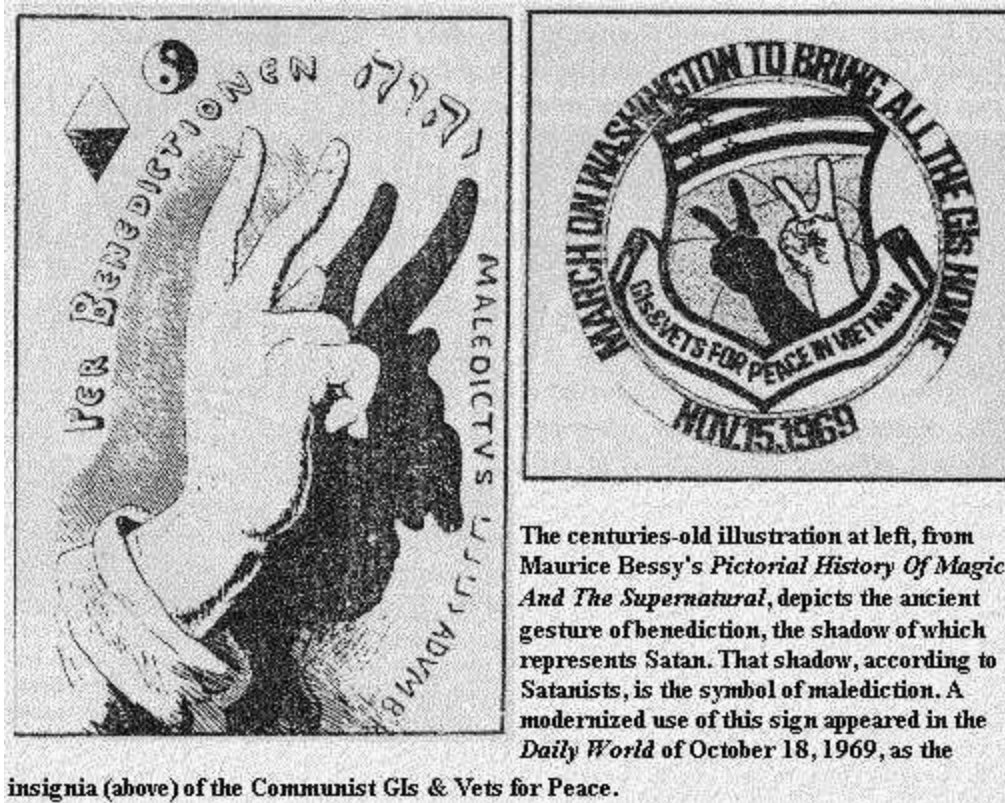

L: Former President George Bush, he has been a leader of the NWO for a long time ushering it in M: Churchill (church ill) not a Christian, R: Bono of U-2 (utu – ancient name for sun god)

L: Kevin Spacey M: Rihanna R: Lady Gaga

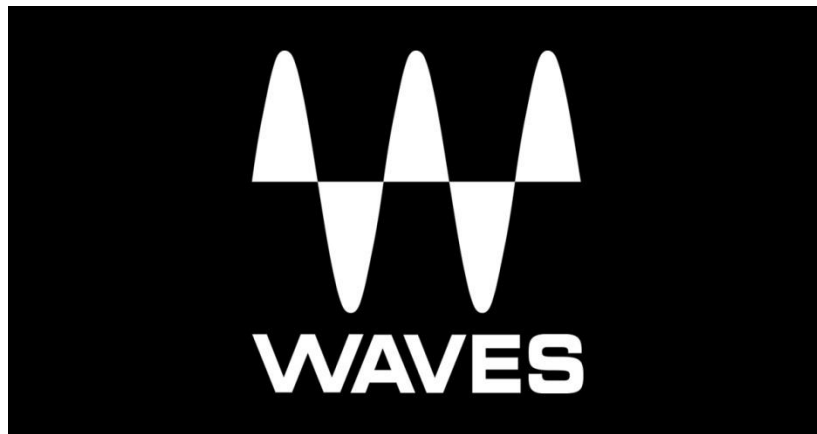

The "v sign" has a colourful history. "V" is the Roman sign for the number five and Adam Weishaupt used it in the Illuminati to symbolise the "Law of Fives," but there's more. In the Cabala:

"the meaning for the Hebrew letter for V (Van) is 'Nail.' Now, 'The Nail' is one of the secret titles of Satan within the Brotherhood of Satanism. Satan is letting us know that this is one of his favourite signs. Why else does he like the PENTA-gram (Penta = five!) and the FIVE-fold salute used in Masonry and Witchcraft?"

So I thought, maybe part of the “V” connects in with frequencies.

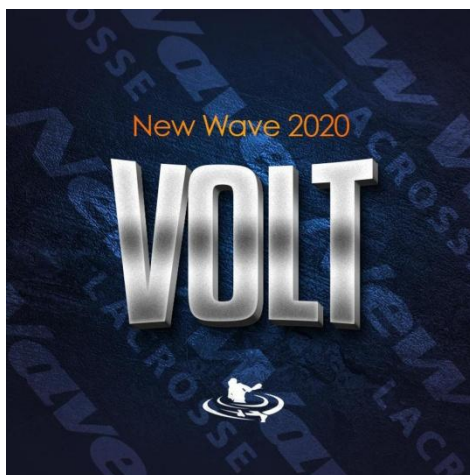

Millimeter Wave Technology for V Band Wave Research: By 2003 the North American Federal Communications Commission (FCC) opened several high frequency millimeter-wave (MMW) bands, namely in the 70, 80, and 90 gigahertz (GHz) ranges, for commercial and public use.

Virginia Tech – colleges and universities are heavily into researching frequencies and playing their part in all of this as well.

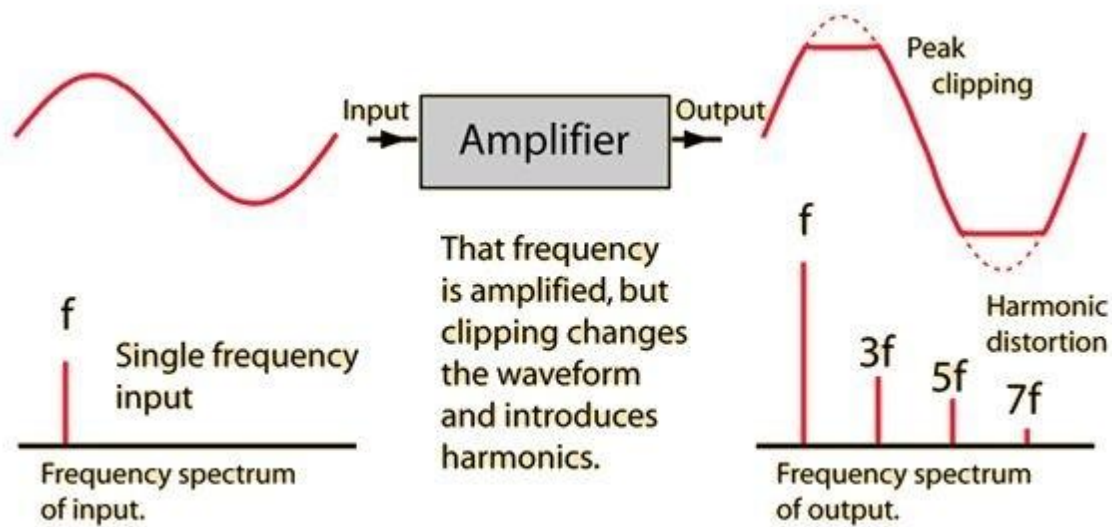

V. WAVE GENERATION

To understand the history of chromospheric heating theory and the failure to accept the observational evidence of heating by compressional waves with periods near 3 min, one must start with the central tenet of that field of research, that waves with periods longer than the acoustic cutoff period are evanescent and hence cannot transport energy to the chromosphere. Thus, if

I see the illuminati symbolism all over this technology. No wonder they use v's and squares/cubes in all of their symbolism.

CLOSING

Read out Heb. Chapter 1 – This speaks of Jesus' power! And Who He is. He is God's Son and HE UPHOLDS ALL THINGS BY THE WORD OF HIS POWER.

◀ 1411. dunamis

Strong's Concordance

dunamis: (miraculous) power, might, strength

Original Word: δύναμις, εως, ή

Part of Speech: Noun, Feminine

Transliteration: dunamis

Phonetic Spelling: (doo'-nam-is)

Short Definition: might, power, marvelous works

Definition: (a) physical power, force, might, ability, efficacy, **energy**, meaning (b) plur: powerful deeds, deeds showing (physical) power, marvelous works.

power, viz. that which belongs to him as **ὁ θεῖος λόγος**, in the expression **τό ῥῆμα τῆς δυνάμεως αὐτοῦ**, the word uttered by his power, equivalent to his most powerful will and **energy**, Hebrews 1:3;

satan is trying to create for himself the kind of power Jesus has and is. But only JESUS CHRIST is the CREATOR. Satan can only use things that someone else made and he can't stand it. He is trying to destroy all that God made. satan is so jealous of Jesus he can't stand it. He is trying his hardest to rise above God but he never will. Jesus created satan, satan is an angel and a fallen one at that. He is not God and never will be.

This is all about satan trying to seize power on this earth. He is setting up for his attack against heaven. We are in the end of days and there's not much time left. Jesus is coming soon. Are you His? Do you know that you know that you know that you belong to Him? When you really realize that our governments and militaries are working to kill us and set their plan into full motion, their NWO plan, your heart should skip a few beats if you don't belong to Jeus. Today is the day of salvation.

2 Cor. 6:2 - (For He saith, I have heard thee in a time accepted, and in the day of salvation have I succoured thee: behold, now *is* the accepted time; behold, now *is* the day of salvation.)

Come to Jesus before it is too late.
