

# WEATHER and CHEMICAL WARFARE – Part 21: FUKUSHIMA, ICE, EARTHQUAKES

## DAPL PROJECT – DAKOTA ACCESS PIPELINE

The police supposedly had to use water cannons against the protestors in freezing weather? The police said they were setting off fires around the barricades but the protestors said they had lit two bonfires to keep warm. Wow.

Some have said that tear gas and sound weaponry were also deployed and used against the water protectors.

Reports have indicated that protestors have literally been caged like animals, struck by rubber bullets and some have even been maimed by the use of grenades. To put it simply, dozens upon dozens of water protectors have been injured or hospitalized because they are standing up for what they believe in.

**\*\*Please play this video – Protestors at Standing Rock – protesting the Dakota Access Pipeline are being sprayed by government\*\***

<https://www.youtube.com/watch?v=GvNrMd6pxt0>

Some police forces have used sound cannons against protestors, for example during the G20 summit in Pittsburgh and the [Dakota Access Pipeline](#) protest in South Dakota. – From Wikipedia - \*The above picture was from a guy shooting a random video in the area, his position seemed to be against the protestors and he panned over and showed where the police have stationed themselves during this protest.

The government will get what they want by any means necessary.

Terry Lawton's website:

The toxic substances which climate engineers like David Keith 'propose' spraying are now being found in alarmingly high quantities in blood, rain and soil tests all around the world. These materials include aluminum, barium, strontium and sulfuric acid to name just a few. Aluminum is directly linked to Alzheimer's, dementia, autism and cancer. In 2015 Keele University in England announced that bees now have dementia from aluminum accumulation in their brains. Alzheimer's and dementia became the biggest cause of death in England and Wales in 2016 and air pollution is now the single biggest cause of death worldwide.

The subject of Stratospheric Aerosol Geoengineering and its impacts on climate, health and life on earth is undoubtedly the biggest issue of our time yet the silence from mainstream media is deafening. But it is not only journalists who avoid discussing this issue and asking questions. The so called "science community" is also working tooth and nail to cover up this genocide. All government agencies from the Department of Environment to the Environmental Protection Agency are playing a central role in ensuring that the environmental and health impacts of these programs are kept from public knowledge. It is a taboo subject for our so called "representatives" in government to talk about and people who are trying to bring this dire issue to the attention of the general public are attacked and ridiculed as "conspiracy theorists". This eerie silence

needs to be broken therefore we must all do what we can to sound the alarm because these programs are killing everything from the sky to the ground.

Terry states that he called his website Climate Change Agenda because climate change is an agenda. And that agenda has nothing to do with 'saving the earth' but everything to do with 'enslaving the earth' with carbon taxes, climate laws and a straight jacket of environmental/green control and surveillance which is now being implemented worldwide through the roll out of Agenda 21, 5G and the internet of things. It is about Big Pharma profit, it is about "Problem Reaction Solution". It is about legalizing climate engineering as the solution to fixing the climate change extremes that the power structure has manufactured. 80% of the world's economy is weather sensitive so therefore as President Lyndon B. Johnson stated in 1963, "he who controls the weather will control the world."

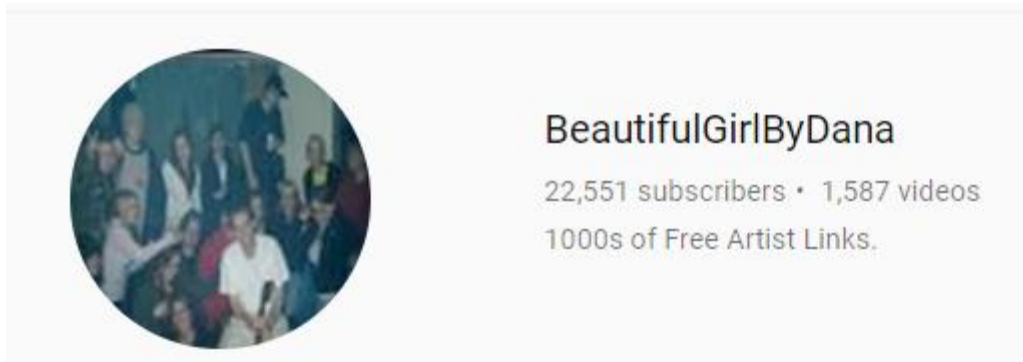

\*\*Please play from 46: to 4:09 and from 7:00 to 10:22 Dr. Agnew talks about creating earthquakes with HAARP –like ELF waves. /They can induce drought through the drying effect of the chemtrails, they can make it rain causing major floods.\*\*(about 6.5 min's)

Billy Hayes stated that every volcanic earthquake has it's resonate frequency. They know this and use those frequencies whenever they feel like it for their purposes against humanity. No part of the weather is off limits to them.

This is an awesome channel, Dana is a great researcher. Thank you to Elaine who brought awareness to me about him and the things he is working to expose, especially Fukushima.

Last two lines above: talking goes on beforehand, the big decisions are made at the eleventh hour by a select core group.

They are paid to lie and they cover their tracks. When will we all understand this. The scientists are on their payroll to say whatever they tell them to say to further their agenda.

**Matt.10:28** - And fear not them which kill the body, but are not able to kill the soul: but rather fear Him which is able to destroy both soul and body in hell.

**Jeremiah 17:5** - Thus saith the LORD; Cursed *be* the man that trusteth in man, and maketh flesh his arm, and whose heart departeth from the LORD.

**Prov. 29:25** - The fear of man bringeth a snare: but whoso putteth his trust in the LORD shall be safe.

**Rev. 21:8** - But the fearful (cowardly), and unbelieving, and the abominable, and murderers, and whoremongers, and sorcerers, and idolaters, and all liars, shall have their part in the lake which burneth with fire and brimstone: which is the second death.

\*\*Please play from 5:15 to 8:45 Information about DU or Dullram and radiation\*\* (about 3.5 min's)

<https://www.youtube.com/watch?v=1srP-oYuKVA>

They are now doing a smear campaign against Dana for bringing this information out. They have gag orders against him and scientists giving fake reports saying there is nothing to see here, nothing to worry about everything is good, no radiation. Seriously? Dana was discovering the radiation levels through testing of plant life and dead sea life.

**\*\*Please play this video – Dana shows building 4 and the fake reactor 4 building that the media is lying about.\*\*** (about 2 min's)

**\*\*Please play from 1:47 to 4:03 the nuclear cover-up in Japan, the radioactive water from Fukushima will pollute the entire Pacific Ocean in just six years – we are past that now.\*\***(about 2 min's)

<https://www.youtube.com/watch?v=DI5LYrq31W4>

An arrest similar to Durnford's occurred in Yellowknife in the Northern Territories soon after the Fukushima disaster, a local radio host who had discussed the radiation levels in northern Canada was targeted. He was soon thereafter taken away in a raid by uniformed men and silenced. His name was never identified to the public and he has not been heard from since. Yellowknife is the center of operations for the Pentagon-supported Canadian Arctic command.

Despite the best efforts of the elder Trudeau against nuclear weapons, secret uranium shipments from Canada continued for nuclear-warhead production in the United States. In blatant violation of the nuclear Non-Proliferation Treaty (NPT) Canada has supplied uranium to the Indian, Pakistani and Israel nuclear program under the thinnest pretext of supporting "peaceful" civilian energy. Bureaucratic duplicity, of course, is connected with corruption.

They gave Dana 3 years probation and I believe he is up to 6 gag orders.

I asked Tony Pantalleresco about the radiation and he shared the following: Heavy water is radioactive water and drops straight down, it doesn't float. And if it were possible to float it would have to travel 13,500km ( 8000+ miles) to get to the usa. 13,000km ( 8000+ miles) of jet stream ocean and it just comes across conveniently like a program?? The feat is astronomical--would have been dispersed not come here. What escaped in the air was nominal. There are some scientists in the navy that had stated the same thing about Fukushima and there were some Youtubes also showing there was no radiation leaks either when they

were standing right in from of the plants. The geiger counter did not even budge and even in the supposed danger zones - 0 registering with an actual test.

He shared something else that went on around this time. The usa dumped iron oxide along the coast line after the Russians, Germans and French scientist told them not a good idea. The iron oxide mixed with the saline caused the oxygen in the water to be used up and the fish and other aquatic life died --suffocated and when they fired up the HAARP this allowed the beams to enter the water with being dispersed ( water can disperse freq so if you were surrounded by water and there was nothing for it to attach to it would just be dispersed). They did this to the west coast of the USA and Canada and along Hawaii to show that this BS (nuclear radiation - lie) was moving in a straight line?? The iron is what the freq needed to grab hold of. Water can disperse freq but put in a common connection then boom it will go into the water and hit the iron cause some kind of conducting--oxidation and a charged water area leaves one dead.

We cannot forget they are causing catastrophes and studying how to make their predictions through their witch prophets come true. In the meanwhile we are all suffering because of it. Massive animal die off and we are all getting sicker.

I think their frequencies are also at play with massive bird deaths.

Beebe, AR — Wildlife officials estimate that over 18 million black birds fell to their death over a one mile area within Beebe Arkansas at midnight.

This marks the fourth consecutive year that the birds have died at midnight on New Year's Eve in the same area. The number of birds this year greatly exceed previous year's totals.

“We heard the first bird fall at 11:57 p.m., then probably 10 more over the next minute,” local resident Mabel Jean Jackson tells us. “We pulled the lawn chairs out on the front porch and didn’t hear anything for a couple of minutes. Then at midnight on the dot the sky fell out. They just kept falling. We couldn’t see the ground after a few seconds.”

Tony shared this video with me.

\*\*Please play from 0 to 4:03 HAARP being used on the Persian Gulf killing fish and dolphins – funnel beam hitting the ocean – remember the funnel laser in the fire in Portugal\*\* (about 4 mins)

<https://www.youtube.com/watch?v=YSubC55KI2c>

We talked more after I shared some of my research with him and he shared this: If there is any radiation then I would suspect haarp simulating the radiation like over here after we have a rain the air is hot. That is radiation of some kind --more likely Microwave-- the radiation would be isolated at best just to Japan --- nowhere else.

If there was an issue China, Vietnam-, Eastern Russia, Hong Kong, Laos, Cambodia, and Fiji would have been cooked. Their approximation to the area would have made them all sicker than blazes even NZ and OZ (Australia) would be more impacted than we could have ever been. Sooo if someone is saying we have fuko then I am inclined to think heavily disinfo. The water would not carry it since it would just sink. Very little was released in the air ---so there is definitely a shifting going on with the BS and I have been saying this for 15 years.

He shared a video with me – “JAPAN TO USE RADIOACTIVE DIRT TO BUILD ROADS”

Mobile HAARP Ship – they have all their bases covered.

Thank you David K. – for telling me about this movie I had never seen it. Could do without all the curse words but the movie was so on point to what they are doing to us. Remember they are putting fetal tissue in soft drinks and fast food and a meat supplier had e-mailed me a few years back saying the stores were being stocked with cloned meat. There is really no telling what we are eating at this point.

**\*\*Please play this clip – Soy lent Green – the plankton is dying and soylent green is PEOPLE\*\*** (about 1 min)

<https://www.youtube.com/watch?v=9IKVj4I5GU4>

Tony says: There is radiation coming from what the Russians burn. They burnt nuclear stock piles 7-8 years ago --about a year before Fukushima and now that radiation is making its way here on the east coast. The nuclear waste on the west of the Ukraine that went air born --it is now over Spain ---108 is the number. Now that may get here, depending on the jet stream is going to determine where.

### **CHEMICAL ICE NUCLEATION – DANE WIGGINGTON**

When moisture laden storms are saturated with artificial/chemical ice nucleating elements (due to the destructive attempt by the climate engineers to temporarily

cool-down ground temperatures on the ground), storms that would have been a deluge of rain become unprecedented onslaughts of frozen precipitation.

This is a Mandela Effect – should say: And I will judge him with pestilence and with blood shed; and I will rain upon his bands (armies), and upon the many people that are with him, an overflowing rain, and great hailstones, fire and brimstone.

**PLEASE MERGE THE ABOVE TWO CLIPS**

There was nothing normal about the way those ice sheets were moving on that land and up against those houses with so much force that it pushed its way into that house. That is not how a river begins to flow when the snow and ice is melting it doesn't just push ice on land like that. This was not Antarctica.

Pretty soon this is all that will be left, all that will be able to endure this environment.

## CLOSING

**All of this terror they are doing is to bring their NWO plan in. To have one world leader who is the antichrist and one world prophet who is the false prophet.**

**The people who run our world belong to satan and are promoted to high positions by him and they are inflicting sickness, disease, death, pain, torture on all of humanity in unimaginable ways.**

**1 John 4:4** – Ye are of God, little children, and have overcome them: because greater is He that is in you, than he that is in the world.

**1 John 5:4-5** – For whatsoever is born of God overcometh the world: and this is the victory that overcometh the world, even our faith. Who is he that overcometh the world, but he that believeth that Jesus is the Son of God?

Remember Jesus prayed for you:

**John 17:15** - I pray not that Thou shouldst take them out of the world, but that Thou shouldst keep them from the evil. (This is stated in the Lord's Prayer too)

**2 Tim. 2:3** – Thou therefore endure hardness, as a good soldier of Jesus Christ.

I hope this following scripture would be the testimony of all true Christians, of all who watch this message.

**2 Tim. 4:7** – I have fought a good fight, I have finished my course, I have kept the faith:

**\*\*On video I said race – it should be course\*\***
