FROM HERE ON OUT TO THE END OF THIS SERIES, THERE ARE A LOT OF VIDEO CLIPS

SINGING THE PRAISES OF NANOTECHNOLOGY:

As a scientist myself I have several thought provoking ideas about the capabilities of nanomachines I would like to share at this time. In terms of addressing current diseases, I can imagine that “sense and kill mode” will eventually become common place features as nano robots will be programmable and updatable to find and destroy any irregularities in the human body much like a virus or malware program on a computer. Exosome sensing capabilities and intercellular communication analysis will allow nanomachines to tell us in real time information about our total body health. This information will most likely include our current inflammation levels especially according to specific body locations which could be particularly useful after surgeries or even by athletes after intense training or sporting events. Nanomachines will be able to detect diet changes and how our bodies respond to differences in nutrients intake. Nanomachines will be able to act as biosensors for temperature, heart rate, LDL/HDL levels as well as neurotransmitter indication of mental states such as sadness, happiness, depression and anxiety. Nanomachines will be completely wifi/bluetooth/or some future variant for direct and seamless communication to handheld technology. The implications of such monitoring are practically endless. Sensors in babies will give us information about their health and mental health that can't be communicated to us through

language. Emergency rooms will be revolutionized as doctors will no longer need to take physicals or blood tests. Employers taking health assessments for insurance discounts will simply need to download our “settings” after acquiring a temporary password.

They are exalting nanotechnology on a pedestal here. But through this series and the “Weather and Chemical Warfare” series, we have learned that they really aren’t using it to heal or help us but just the opposite. Remember they are spraying it out on us in the chemtrails, getting it into our food, water and the air we breathe. I have had a knee replacement and so that is a chunk of metal in my body. Praise God it is helping me, no idea if it is causing any harm but it isn’t nano. God made us in His image and when He made us He did not put nano robots, nano machines or nanotechnology into us.

Genesis 1:27 – So God created man in His *own* image, in the image of God created He him; male and female created He them.

Genesis 2:7 – And the LORD God formed man *of* the dust of the ground, and breathed into his nostrils the breath of life; and man became a living soul.

Thank you Ken C. for telling me about water memory research. I think sometimes when they say you can put something like rice in a baggie and write “love” on it and seal it up and then put some more rice in a baggie and write “hate” on it and

seal it closed and watch what happens like over the course of a month. Then you see the rice with the word “hate” on it turns horrible and ugly while the baggie with the word “love” on it stays all nice and white. Some of that type of thing is straight up witchcraft. They are trying to make you think your words have a powerful effect like that. That is witchcraft and satan is watching to see if you believe it or not. When you begin to do the experiment that invites him in because you believed in that ridiculousness.

PLEASE SPLICE THESE TWO VIDEOS TOGETHER

Let’s watch this clip to see more of what they can do with frequencies.

They can get a “healing signature frequency” to counter a disease in your body and cause you to be healed. And they can do the opposite of it too. They are not using this for our benefit to do good things with it, they just wanted to know the ability is there if they needed it for themselves.

Targets who are being drugged remotely, this is how. Remember the guy said anything you can do with a drug, you can do with a frequency. So many ways they can use frequencies and just look at the drug industry to imagine all the outcomes they can produce with the frequencies. We cannot keep going around acting like people are crazy telling us these things. They don’t even have to physically break into someone’s home to dope them up. Remember Kyle or “wolverine” from the beginning of this series wanted to know how they were poisoning people. I tried to contact him to tell him that one way they can do it is with frequencies.

HOW YOUR BRAIN INTERPRETS FREQUENCIES AFFECTS YOUR VISION – WHAT YOU SEE. THEY CAN CAUSE YOU TO HALUCINATE, TO HAVE A VISION OR DREAM THAT “THEY” CREATED.

They can turn a dial to whatever frequency they desire and send that frequency into your body causing you to see and hear things. They can record the pictures or words and put it on a frequency and send it into your subconscious. Project Blue Beam connects with all of this. There is more than one application or layer to Project Blue Beam. When it was first revealed to me I brought out what they have been doing up in the sky with their mirrors and reflectors and with HAARP messing with the ionosphere. They were showing fake cities up in the sky and doing anomalies in the sky and people were believing it was by God’s hand when all along it was satan’s elect using technology and frequencies. The other aspect of Project Blue Beam is that they are hitting us with blue beams (frequencies) to help to assimilate us into the hive mind/cloud network. The new headlights have them in them and they hurt to look at them. Our smart phones and smart tv’s and computers and tablets and all of our technology has the blue beams in them hitting us every time we are on our devices. Listen to Tony Pantalleresco, he has brought out so much information about the blue beam programming on his youtube channel and podcast. I will have links on my sermon notes to how you can find Tony.

Jeremiah 29:8-9 – For thus saith the LORD of Hosts, the God of Israel; Let not your prophets and your diviners, that be in the midst of you, deceive you, neither

hearken to your dreams which ye cause to be dreamed. For they prophesy falsely unto you in My name: I have not sent them, saith the LORD.

Kat Kerr – says she goes to heaven all the time and God told her to dye her hair pink. She says there is a place in heaven called “Christmas town” that all of heaven loves Christmas. Are they testing their frequencies on her or is she just straight up one of satan’s puppets?

In the book of Revelation Jesus says twice that He hates the deeds and the doctrine of the Nicolaitans. (Revelation 2:6,15)

The Nicolaitans were followers of Nimrod who rebelled against God. And worshipped nimrod as a god and made human sacrifices to him even after his death. He was worshipped as the sun god baal and his birthday was celebrated at the winter solstice for a month long. The celebrations in the month of December and even into the first part of January are for him and ultimately for satan, today the sun god’s birthday is celebrated on December 25th. These are the deeds and practices of the Nicolaitans which thing JESUS HATES. And yet this woman has the audacity to say heaven loves Christmas. Christmas was started before Jesus ever came to this earth as a baby in a manger. How could it have ever been celebrated before He was born? Because it isn’t Biblical, it is pagan and heathen and JESUS HATES IT. I have done so many messages on Christmas. If you haven’t seen them yet, go to our website: www.threeheartchurch.org and go to the sermons tab and just type in Christmas and they will come up there for you. Or if

you are on youtube just type in Three Hearts Church and Christmas and they will come up for you. But the people who aren't studying their Word and aren't drawing deeper into Christ are being led astray by people like Kat Kerr who are making up their own imaginations and spreading lies and saying that God showed them this or that and all the while it is a lie or she's an example of straight up mind control by satan and the churches can't get enough of her.

Please play from 2:46 to 3:30 - Kat Kerr on her trips to heaven

<https://www.youtube.com/watch?v=B02F52fiMmg>

Really? Paul was not allowed to talk about the things he saw in heaven (2 Cor. 12:2) and John was given a great revelation of the end times in the book of Revelation. These were very serious things that they were given to reveal. We are even closer to the return of Jesus Christ now. The battle has not cooled down but is raging even more fiercely to gather souls. So we are to believe that now God is just taking people on "fun house" trips to heaven? He thinks we need a distraction to keep us off task of being soldiers in Christ's Army? Wow.

It is very frustrating to see false teachers and so called prophets spreading lies. Anyone can write a book and even self publish it. For the past few years I have seen the 700 club with Pat Robertson teach all about Christmas and where it came from and they are teaching straight up lies. So what do you do when you see contradictory teaching? I teach against Christmas and have done so much to expose it and I won't stop either. If you don't truly belong to Jesus Christ you will believe the lies that are being taught. They are teaching things that are pleasing to the ears, what people want to hear and turning them away from the truth. (2 Tim. 4:3) You can be bewitched by these people for a time but if you really love Jesus Christ and are serving Him and living an obedient life, He won't let you stay ignorant of their lies. He will show you.

CLOSING

2 Tim. 2:15 – Study to shew thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth.

1 John 4:1 – Beloved, believe not every spirit, but try the spirits whether they are of God: because many false prophets are gone out into the world. Hereby know ye the Spirit of God: Every spirit that confesseth that Jesus Christ is come in the flesh is of God: And every spirit that confesseth not that Jesus Christ is come in the flesh is not of God: and this is that *spirit* of antichrist, whereof ye have heard that it should come; and even now already is it in the world.

She and many other false prophets and teachers teach in Jesus' name, and pray in His name and speak His name. Does this mean that they can't possibly be false? No, satan has studied the scriptures and he knows that all he has to do is put someone up there saying Jesus' name and many will just believe them. Many can't wrap their minds around how this can be deception. Many people say, but they prayed in Jesus name. Or they are saying God's Word.

Matt. 15:8 - This people draweth nigh unto Me with their mouth, and honoureth Me with *their* lips; but their heart is far from Me.

1 Samuel 16:7 - But the LORD said unto Samuel, Look not on his countenance, or on the height of his stature; because I have refused him: for *the LORD seeth* not as man seeth; for man looketh on the outward appearance, but the LORD looketh on the heart.

Matt. 7:22-23 - Many will say to Me in that day, Lord, Lord, have we not prophesied in Thy name? and in thy name have cast out devils? and in Thy name done many wonderful works? And then will I profess unto them, I never knew you: depart from Me, ye that work iniquity.

Either they allowed themselves to believe they were His and satan used his lying signs and wonders to keep them deceived to believe they were doing great things in Jesus' name but were living obedient lives. So they were in their sin and just thought God was favoring them with His power flowing in and through them. That's not the God of the Bible. He has always been about obedience and a right heart toward Him. Or they actually knew who they served all along, knew they were serving satan but now here they are standing before the Judge of all the

earth so they are trying to get by Jesus here. He is the ONLY WAY. They are not going to trick or fool Him.
