

# CORONAVIRUS Part 28: TRACK and TRACE, COVID APPS, APPS

A billboard in Times Square last month urged New Yorkers to add their phones to a government website so that they could receive covid19 exposure alerts. [my.gov/covidalerts](https://my.gov/covidalerts) PHOTO: RICHARD B. LEVINE/ZUMA PRESS

CORONAVIRUS

# Coronavirus: Stick-on throat patch that detects Covid-19 symptoms

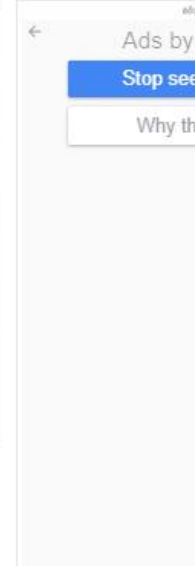

Researchers in the US are developing a wearable throat sensor designed to detect signs of Covid-19 and monitor the progress of sufferers.

AS English

Update: 05/05/2020 18:05

A stick-on throat sensor being developed in the United States may be able to spot early signs of Covid-19 and monitor not only the progress of coronavirus sufferers, but also the health of the medical staff exposed to them.

Coronavirus stick-on throat patch that detects covid-19 symptoms. Researchers in the U.S. are developing a wearable throat sensor designed to detect signs of Covid-19 and monitor the progress of sufferers.

A stick-on throat sensor being developed in the U.S. may be able to spot early signs of Covid-19 and monitor not only the progress of coronavirus sufferers, but also the health of the medical staff exposed to them.

Look at this: They have all sorts of stuff to make money off of us and monitor us.

This app for home testing for covid-19 just received emergency FDA approval. They said it will cost about \$ 30.00.

\*Please play from 0 to 2:13 and from 9:59 to 14:19 and from 16:24 to 17:27 and from 18:36 to 22:01 and from 24:40 to 25:08 and from 26:42 to 27:52 This video is from July 2020. He is going to show how deep their plans go with this digital identity and apps. He discusses that Mastercard joined block chain digital identity alliance ID2020 and had previously joined Trust over IP Foundation. Talks about the covid credentials initiative to develop an immunity passport. Talks about decentralized identifiers (DID's) and a Universal Registrar where they are going to house all of this information. In this system, some company will be assigned as each person's guardian – overseeing the agent (your) wallet – you will be considered a dependent of that company. They are planning to digitize people, animals, natural things and man made things. This whole system is going to be set up using V-code. / Shows an example of this digital test app being used in China. Shows an example of Immuni Pass. You will have to pay for the app and then you have to get a test and that information will be entered into the system so that you can then show proof of your health using the app in your phone. There is color coding showing if you are positive, negative, need to test, or are immune. Ultimately they want to get down to one app for everyone and it seems like that will be vcode. (Maybe it will work with all the apps.) / Talks about Trust over IP and how they want everyone to have Covid-19 credentials. They say having these credentials is to enable a remote work force. Covid-19 test status credentials, health care professional credentials, remote learning credentials and remote employment credentials. What they really want is for us not to go

anywhere without having to show proof of our health through these apps. / Trust over IP technology stack. A trust eco system where everything is linked together and we are stuck in this. Government, corporations, utilities, ecosystems and us all stuck in this system. Each person in this cloud network will be assigned to a guardian (a company) to oversee them in the cloud. He is saying that the corporations override the government for complete control of everything. / Everything will be digitized and eventually they have plans for you to buy your food by the calorie. / If you want to eat or access society or anything you are used to as a service, you will need to be in the vcode system. Or leave society and go back to a pioneering lifestyle. You won't get electricity, or any services you are used to getting.\*(about 12.5 min's)

<https://www.youtube.com/watch?v=F1EVs2GMSRg>

Tony led me to this video, thanks for sharing that with us.

God is my Guardian. Insurance is already doing what was talked about in this video. They tell the dr's what to do. It doesn't matter what treatment the dr. prescribes because insurance is the one that decides. They decide what medications you will be allowed to have.

I'm not sure if they are on track with this stuff for this time or if they will really get it enacted with the next plandemic. I do know that people were having to take a covid test before flying because Jessica shared that about her mom's trip. But so far we have not seen this immunity passport rollout. Get ready because they don't write up all of the details and spend all of the money on it for nothing.

## How Health Pass can work for you

- 1 A member verifies their identity with biometrics.
- 2 They complete a real-time health survey and upload their lab results/link to their test provider.
- 3 You scan their QR code and can also check their temperature.
- 4 Once a member verifies their health and identity with their face or QR code, you decide whether they enter your venue.

[#immunitypassport](#) [#digitalidentity](#) [#collagen](#)

### What Will Be Required For You To Move in Society 2021 Forward (1013)

This app is called “Clear”. How health pass can work for you: 1. A member verifies their identity with biometrics. (Why would you need to do that? Because someone can borrow or steal a phone.) 2. They complete a real-time health survey and upload their lab results/link to their test provider. 3. You can scan their QR code and can also check their temperature. 4. Once a member verifies their health and identity with their face or QR code, you decide whether they enter your venue.

These are coming...

In that video he states that they are going to run all of these health apps through blockchain. He brings out how there is a never ending list of companies that are already on the blockchain and more are coming and it is all intertwined and he says it is a global id program pure and simple.

# 0289: The Trust Over IP Stack

## Interoperability with Other Governance Frameworks

The ToIP governance stack is designed to be compatible with—and an implementation vehicle for—national governance frameworks such as the [Pan-Canadian Trust Framework \(PCTF\)](#) [18] being developed through a public/private sector collaboration with the [Digital Identity and Authentication Council of Canada \(DIACC\)](#). It should also interoperate with regional and local governance frameworks of all kinds. For example, the Province of British Columbia (BC) has implemented a ToIP-compatible verifiable credential registry service called [OrgBook BC](#). OrgBook is a holder service for legally registered entities in BC that was built using [Indy Catalyst](#) and [Hyperledger Aries Cloud Agent - Python](#). Other provinces such as Ontario and Alberta as well as the Canadian federal government have begun to experiment with these services for business credentials, giving rise to new kind of network where trust is at the edge. For more information see the [VON \(Verifiable Organization Network\)](#) [19].

Look where I have the arrow: OrgBook is a holder service for legally registered entities in BC that was built using Indy Catalyst and Hyperledger Aries Cloud Agent – Python.

This is one of their gods also known as pan or baphomet or satan. The constellation aries is ruled by the planet Mars. Notice the horn symbol and his element is fire.

Top left: Buddha, top right: China, Bottom left: Egypt crowned serpents, Bottom right: America Medical system. It seems that as far back as the garden of Eden snakes have been worshipped. You can look at ancient temples and other cultures like the Myans and see their snake gods. We proudly display them in the medical field here in America. These are symbolic of satan and as a true Christian they should repulse you. I kill everyone I see if I can get to it fast enough. There are spiritual snakes that try to attack us as well. You have to grow in Christ to stand against them and defeat them by His power. They like the python because it suffocates and strangles its victim. Look at Acts chapter 16 where Paul got fed up with the girl who followed them around using a spirit of divination. Most of the translations make it clear that it was a spirit of python. Paul cast it out of her in Jesus' name.

He says in this video that the way it is being set up is that the corporations are going to be in control without the government, they are going to override the governments and have complete control. We shall see. They already run our governments. But the government is used as the mouthpiece to pass laws and enforce what the corporations want. He says if you say not then you will stay

outside the system and have to grow your own food, provide your own electricity and water and medicine and get out of the system. Or you stay in and continue.

\*Please play from 34:56 to 39:18 KJ shows a report from the Washington Times that says Google is going to issue reports on users' location data to help governments enforce social distancing. Talks about how the governor of Michigan is really imposing draconian measures there. Talks about the frustration of trying to wake people up to this "event." Then shows facial recognition law passed in Washington State. Microsoft is involved with the facial recognition as well.\*(about 4.5 min's)

<https://www.youtube.com/watch?v=8im8RcyjE68&feature=youtu.be&fbclid=IwAR1NqYxO5KkEvU81wSN2VGjbiVI-P2yQ3edWret7BKpsoSz5nQgsJuQ47Xk>

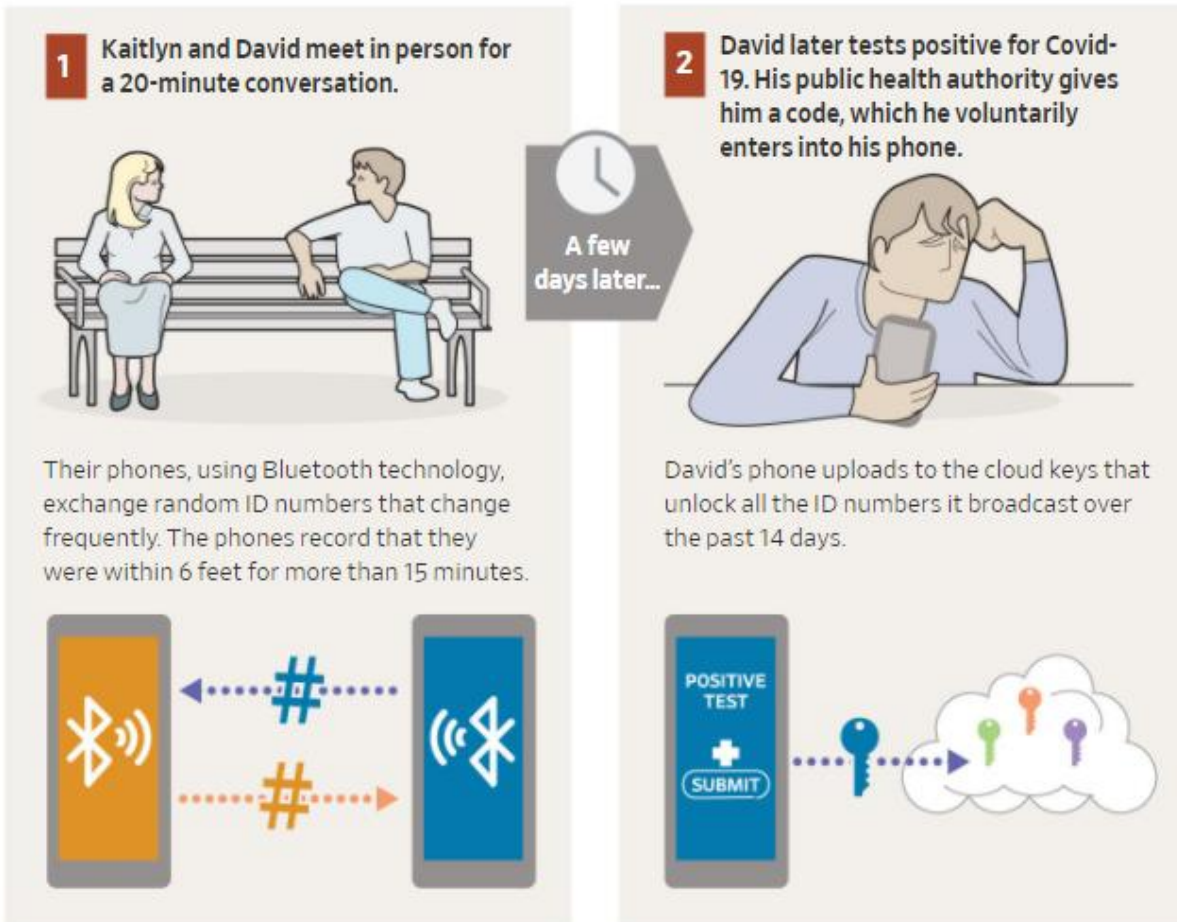

Why do they care about the seeds? Because they produce food. They want you totally dependent on them. They make the things that are good for us, illegal. If they know that something has healing benefits for us then they usually make it against the law. That is one of their weapons they use against us to keep us from getting the things that can help us.

Google is going to work with the government. For all intents and purposes you should know they are the government and so is Facebook. They are all in bed together. Facebook and Wal-Mart use facial recognition already. They are implementing the same lock down controls and surveillance system just like what they have in China. It is being used as their model country for how to have total control.

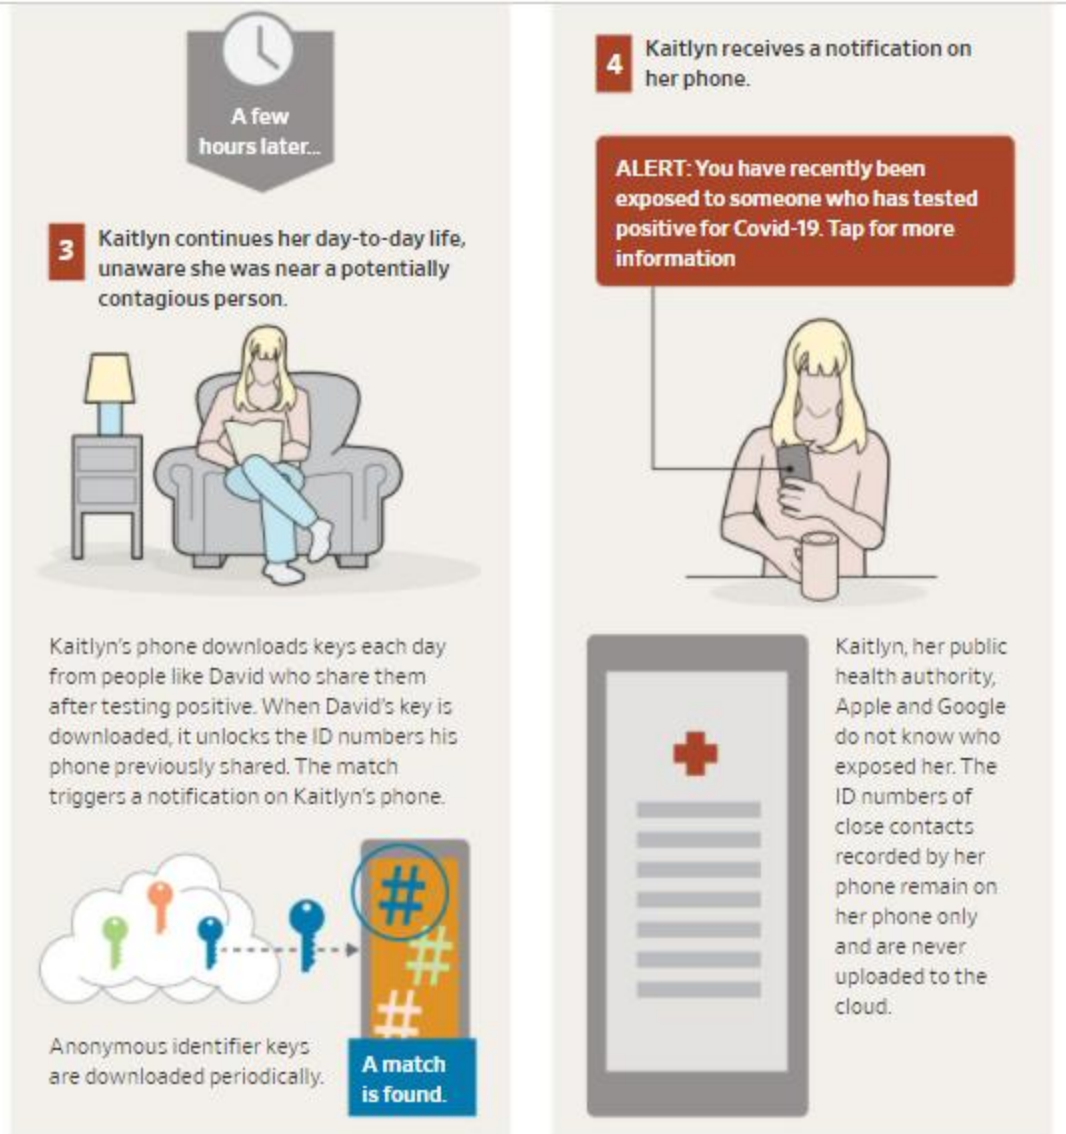

## With a Trace

How Google's and Apple's tracking technology would work:

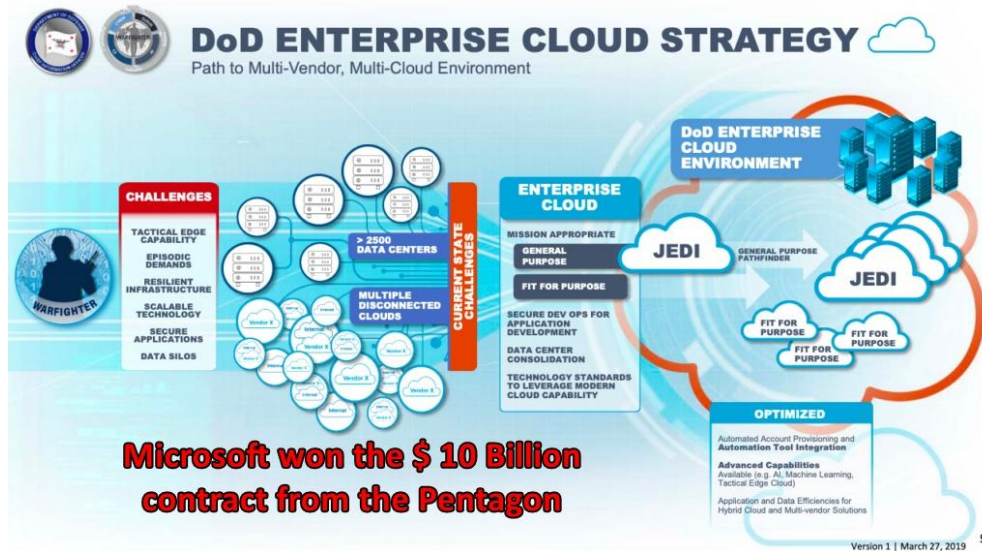

With a Trace: How Google's and Apple's tracking technology would work:

1. Kaitlyn and David meet in person for a 20-minute conversation. Their phones, using Bluetooth technology, exchange random ID numbers that change frequently. The phones record that they were within 6 feet for more than 15 minutes. A few days later...
2. David later tests positive for Covid-19. His public health authority gives him a code, which he voluntarily enters into his phone. David's phone uploads to the cloud keys that unlock all the ID numbers it broadcast over the past 14 days.

A few hours later... 3. Kaitlyn continues her day-to-day life, unaware she was near a potentially contagious person. Kaitlyn's phone downloads keys each day from people like David who share them after testing positive. When David's key is downloaded, it unlocks the ID numbers his phone previously shared. The match triggers a notification on Kaitlyn's phone. Anonymous identifier keys are downloaded periodically. It shows that a match is found. 4. Kaitlyn receives a notification on her phone. ALERT: You have recently been exposed to someone who has tested positive for covid-19. Tap for more information. Kaitlyn, her public health authority, Apple and Google do not know who exposed her. The ID numbers of close contacts recorded by her phone remain on her phone only and are never uploaded to the cloud. The source is: Apple and Kevin Hand of the Wall Street Journal

Remember the guy on the illuminati news program called “Rising” that wanted to give the government total control. He talked about how Taiwan was using GPS tracking of their citizens to enforce their quarantines. Google is a major player in the total control surveillance system. And so are Microsoft, Bluetooth and Facebook. These mega corporations are in covenant with the beast system and they are working together to achieve the New World Order.

Here’s another example of one of the luciferic covenant companies, Microsoft. This is the JEDI system that was mentioned a few weeks back. DOD Enterprise Cloud Strategy (Path to Multi-Vendor, Multi-Cloud Environment) Microsoft won the \$ 10 Billion dollar contract from the Pentagon. Jeff Bezos of Amazon was one of the contenders up for the bid. That’s another mega covenant company of the beast system. Notice they are working with our military. This is JEDI SKYNET and it ties right in with tracking us. They are getting their surveillance system in place just like what we see in China.

## Health & Safety

### Kinsa QuickCare Bluetooth Digital Thermometer

 Babylist	\$24.99
<i>Free Shipping on orders \$45+ &amp; Free Returns</i>	
 Amazon	\$15.99
 Buy Buy Baby	\$24.99

I have a little great niece on the way and when I was looking at the baby registry I saw this and could not help but share it. Health & Safety Kinsa QuickCare Bluetooth Digital Thermometer. On the phone screen it says: Sam Age 9, Today 98.6 deg 1:24 then at 10:03 it was 102 deg. Fever In purple it says: What to do next for Sam's fever Ibuprofen 1.5 tsp

These apps are showing us how things will work together. Like that Covid test we saw last week that you can take yourself and it works with an app. They want to move things in this direction. Having us show proof of our health in order to participate in society. They are using technology as a weapon against us and will continue to do so. If you don't understand that statement, I suggest you watch the teaching series I did on "Targeting."

\*Please play from 14:27 to 16:48 Former President Clinton and Governor Cuomo of NY discuss contact tracing. He said they are an "army" of tracers who are basically investigators. He said we need a healthy core of people to go out and do this contact tracing. Talking about taking a big chunk of government money to use for this.\*(about 2.5 min's)

<https://www.youtube.com/watch?v=jldpkGg83XM>

I want you to see that this contact tracing is something they really want to do. The Clinton Global Initiative is pushing for it. Can we make this part of a miracle? Talking about contact tracing. He doesn't know what a miracle is.

Notice his little Buddha statue on display here. These people do not serve God. They are against Him. This guy is part of pizza gate and he's also heavily mind controlled and programmed. He's a puppet.

\*Please play from 7:11 to 8:43 Shows how they plan to set up all people with a digital identity even if they don't have a smart phone or device. They can just scan their face or fingerprints and verify some basic information to access their digital wallet online. They say that no one will be able to turn it off.\*(about 1.5 min's)

<https://www.youtube.com/watch?v=xkM9WJE3rtc>

He said if they don't have a digital device then they can just go scan their face or their fingertips. He said putting it in the cloud matters and the government will be able to log in to it to see who needs help. You better believe the government will be able to login and they always sugar coat their nasty plans to keep those that are naïve fooled. Sure they just want to help those in need. It's just another measure for control.

Seems like if they decide you are a problem they can also just turn off your digital id. Wipe it. Or if you have digital currency they can just zero it out or freeze it until you decide to cooperate with them.

For everyone who doesn't have a smart phone, do you think they are going to supply everyone with one so that they can control them through an app? No, they don't want to spend that kind of money. What they really want is that chip in us. Or you check out of society all together. For some reason that movie with Mel Gibson playing Mad Max comes to my mind about all of this.

**CLOSING**

\*Please play from 4:09 to 4:44 This is the short film about nano. This dirty cop has just hired a hooker who is an undercover agent for the other side. He searches her and finds a knife and she says she would carry a gun if you could still get them. Then he asks her if she would like a drink. She tells him there's an app for that, lots of them actually. \*(about .5 min's)

Sci-Fi Short Film "Nano" | DUST

<https://www.youtube.com/watch?v=TAHGZSeGVww&t=274s>

I just want to remind you of what they have planned for the world. They do want to take the guns at some point. And these apps are not going away. They plan to control us with them. If I don't speak on apps again, just know that they do plan to keep implementing them more and more so that everything will go digital including humans.

Sovrin I4A: Identity for All Council: The word sovereign is being thrown around in all of this. Today's definition of sovereign is a supreme ruler, especially a monarch. But when you drill down on the word sovereign you will find that in earlier times it meant "above." God alone is Sovereign. He is Sovereign over all and above all.

**Isaiah 14:12-15** – How art thou fallen from heaven, O lucifer, son of the morning! (day star, shining star) *how* art thou cut down to the ground (thrown down / cast down to the earth), which didst weaken the nations (who destroyed the nations)! For thou hast said in thine heart, I will ascend into heaven, I will exalt my throne above the stars of God: I will sit also upon the mount of the congregation (I will sit enthroned and preside on the mountain of the gods), in the sides of the north (far away in the north): I will ascend above the heights of the clouds; I will be like the most High. Yet thou shalt be brought down to hell (the place of the dead), to the sides of the pit (down to the lowest depths of the pit).

NIV:

Says he was going to rule on Mount Zaphon.

In Scripture, sometimes God's angels are called stars. So satan said he was going to exalt his throne above the angels of God. He wanted to stand above all, even God. He wanted to rule over all the angels and over God Himself.

Remember the element for the Ram – Aeries was fire. The Bible says God is an all consuming fire. satan is always mocking God and trying to be like Him.

**1 Tim.6:12-16** - Fight the good fight of faith, lay hold on eternal life, whereunto thou art also called (to which God has called you), and hast professed a good profession before many witnesses (when you made your good confession in the presence of many witnesses). I give thee charge in the sight of God, who quickeneth all things (gives life to all things), and *before* Christ Jesus, who before Pontius Pilate witnessed a good confession (He gave a good confession before Pilate); That thou keep *this* commandment without spot, unrebukeable (without blame), until the appearing of our Lord Jesus Christ: Which in His times He shall shew (At just the right time God will reveal Christ Jesus from heaven), *Who is* the blessed and only Potentate (God, the blessed and only Ruler/ blessed and only Almighty God), the King of kings, and Lord of lords (God is the King of all kings and Lord of all lords); Who only hath immortality, dwelling in the light which no man can approach unto; whom no man hath seen, nor can see (nor ever will see): to whom *be* honour and power everlasting. Amen (so be it).

When you start thinking what do we have to look forward to, just remember that heaven is so wonderful that satan wanted to rule over it. He knows how great it is and he is trying to keep as many as he can from going there.

We are in a war right now. This world is not at peace and has not been ever since satan fell. This is the testing ground to see who you will love and serve. God gives you free will to choose. God doesn't want robotic slaves serving Him because they have to. satan on the other hand is so desperate that is exactly what he wants. He is working so hard to enslave all of humanity to his system and to control our minds and thoughts and all that we do. He will take you any way he can get you or else he wants to try and kill you in your sin to keep you away from God.

Who do you choose? Time is running out...
