

# HAUNTED GRAVEYARDS Pt.3: DEMONIC GRAVE STONES, COLOR & SYMBOL MAGIC, MASON CODES

Wanted the Hoo-doo removed. From the Newbern Journal. Yesterday a colored woman appealed to Justices Street and Hall for relief from her adversaries who live neighbors to her. She complained that they took dirt from the graves in the cemetery and sprinkled it around her door to drive her out of the neighborhood. She was in an excited state of mind and when told by the Justices that the matter was out of their jurisdiction she went to the mayor to demand that the hoodoo be removed.

This is a type of witchcraft. It does not sound like she was saved, so at the very least she should have gone to a real pastor for help.

If you don't hold your breath as you pass a cemetery you will die or become possessed. Look at that little demonic thing. This is nothing more than superstition. Christians don't believe in any of this, our lives are in the hands of Jesus Christ. Satan knows when you believe in his system of belief and worship. Jesus came to save you and tell you the truth so that you can be free from all of this.

Witches and Satanists do rituals in graveyards at night. Witches also astral project in the spirit realm and attend meetings that way. So if spooky things happen that is another explanation.

People go in because they are dared to go in them at night. We have always thought of them as spooky.

Ghosts – What are you seeking out in the graveyard late at night? Just some Halloween fun? Many are seeking the supernatural. They want the thrill, the excitement, the adrenaline rush. Be careful what you seek, for this is not of God. When you seek the darkness, “it” will come. Sins of ignorance are still sin against God (**Luke 12:47-48**). Once a ghost (demon, evil spirit) enters, Jesus is the only One Who can help. Repent and Seek Jesus.

### **GRAVEYARD MARKERS**

Many graveyard markers have satanic symbols on them and they will act as points of contact for demons. Remember sigils are symbols that are used to draw specific demons to them. Many products that we buy have symbols that can act as drawing points for the demonic if we don't pray over it and disconnect that power from it.

This is said to be a witch's ball or crystal ball. It is atop a pyre of wood. This grave is not facing east to west but north to south. The legends say that the wife that died was a witch. And that this ball glows on moonless nights. People have come here burning white candle's atop this sphere doing witchcraft.

These markers both have the witchcraft symbols. Mind you, the marker on the right is from the U.S. Army for a private first class. That is a pentagram. The one on the left is the one I showed you last week which has the pentagram and other witchcraft symbols and looks like rituals may be taking place with dried blood running down it.

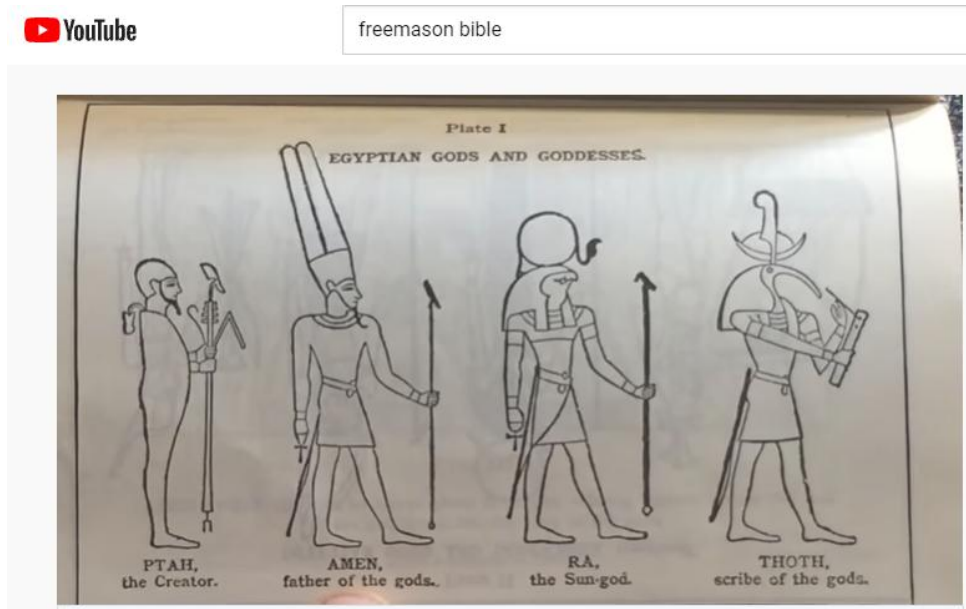

L: Looks like a freemasonic ritual platform in a cemetery. R: Freemasonic grave marker. All of this acts as points of contact with the demonic realm.

Top on both sides are obelisks. The bottom is a picture of the obelisk that was moved from Egypt and placed in front of the Vatican for witchcraft purposes. Egypt practiced the mystery religions, that is just a different name for black magic. God poured His plagues out against Egypt in order to free the Israelites. That obelisk is purposely placed in a sun dial or witchcraft circle and star. Notice the statues placed on high overlooking the people that come there to worship. The Roman Catholics say those statues are of different saints but truly they are fallen angels, these are images of the gods they serve.

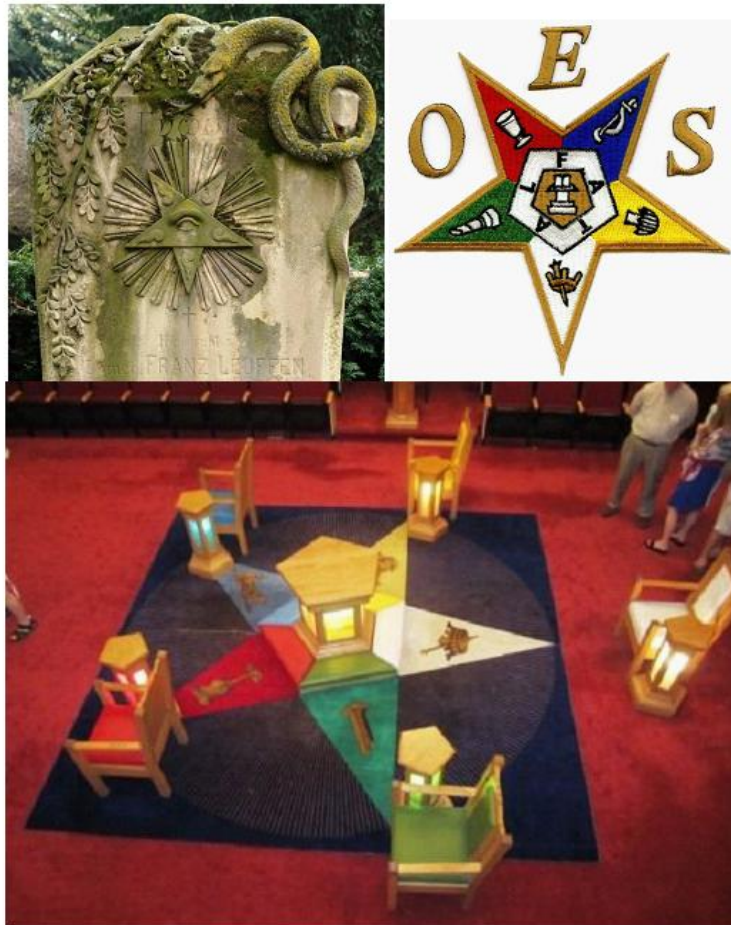

Charles Taze Russell, founder of “The Watchtower” for the Jehovah’s witnesses, his grave marker will certainly draw the demonic to it. Freemasons practice the secret mystery religion of Egypt. Thus the pyramid grave marker speaks of his religion openly in death.

Remember the freemasons have pictures of Egyptian deities in their bibles. The Masons are called Free Masons (FM) and Accepted Masons (AM). Free because they are not adhering to God’s covenant – they are free from it. Notice Ptah they say is the creator god, next is Amen, father of the gods. And that is why I don’t say amen. That led me to look deeper into that word and one day I will bring a

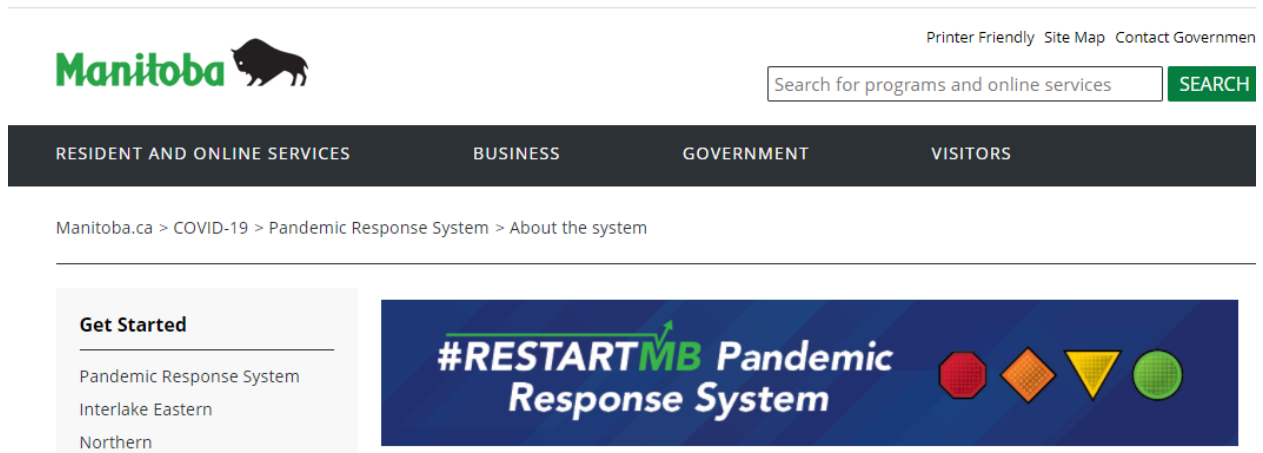

message on it. Freemasonry seems to have come out of Jewish Mysticism which is witchcraft. They all practice the mystery religions which are witchcraft, sex cults and against God.

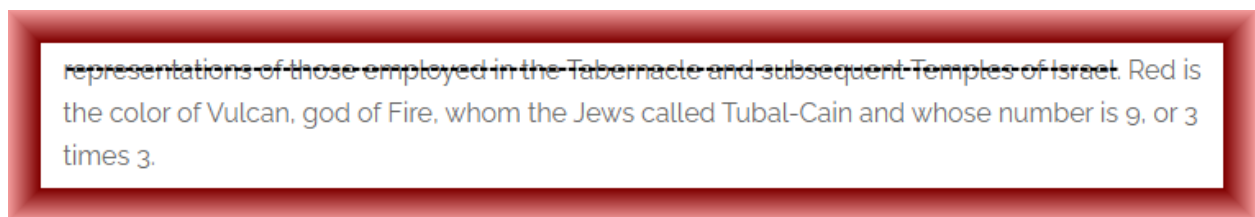

Top left: This grave marker has the order of the eastern star on it. The eastern star is what the female freemasons are called. That is the sign of baphomet which is satan. Notice the sun rays shining all around it and the serpent slithering on the top. Those are symbols of sun worship, of baal who is satan. Top Right: The symbol of the eastern star. Bottom: Notice at the Masonic eastern star lodge, the star is shown inside of a circle which is ultimately inside of a square. That is the square and compass and the star and because the star is a pentagram there is a pentagram in the center of it. This is witchcraft symbolism. Notice the colored chairs and beside each one is a pentagram stand/table. Ever since the Tower of Babel when God stopped that wickedness and confused the languages so that

they could not communicate, the luciferians came up with a system of speaking in which they don't have to say a word to know what is being said. The news is coded with numbers, colors, symbols, logos etc. The anchors will wear certain colors or the reporter, reporting on a certain story will be coded with a specific color. I don't know their system of colors completely but I can see it sometimes when it is blatant. They know what they are looking at and how to read it, all of this speaks to the brotherhood. They give stock market tips to the brotherhood and all sorts of stuff just with their color coding. They may run a fake shooting story and wear colors to tip the brotherhood off that it was them. The different levels of color coding of the plandemic is just them speaking back-n-forth.

This is the covid-19 plandemic response system for Manitoba in Canada. See the colors and shapes. Since we know the whole thing was planned and rolled out by the luciferians, then this system of shapes and colors will speak to them as to what they are doing or what stage of the plan they are at or in etc.

Red is the color of Vulcan, god of fire. Whom the Jews called Tubal-Cain and whose number is 9, or 3 times 3. I know that red is for sacrifice and blood as well. Black is for death and evil.

Yellow and gold, as well as silver, is said to have been used in Freemasonry since gold is the symbol of the sun while silver is that of the moon. Universally, yellow represents **jealousy, incontinence and treachery**, although in masonry it is said to represent the colour of gold and its meaning is reversed.

## Colours in Freemasonry - The Electric Lodge

Yellow and gold, as well as silver, is said to have been used in freemasonry since gold is the symbol of the sun while silver is that of the moon. Universally, yellow represents jealousy, incontinence and treachery, although in masonry it is said to represent the color of gold and its meaning is reversed.

L: This represents the zohar, kabbalah, the freemasonic tree which all comes from Jewish mysticism. R: Yoga chakras. They use colors to speak back and forth in the news all the time. Not only wearing certain color combinations but even phrases using colors etc.

Dragons always stand for satan and will certainly draw demons to it.

Top Left: Star of Remphan (**Acts 7:43**), which is satan and in the center is IHS which stands for Isis, Horus, Set or Isis, Horus, satan or simply in his service

meaning satan and not Jesus. Top Right: Double headed phoenix of the 32<sup>nd</sup> degree of freemasonry. Two heads meaning they rule over religion and politics. Bottom Left: A celtic sun cross Bottom Right: Eye of horus / lucifer, sun, moon and stars which the Bible tells us not to worship, and freemasonic symbolism. All of these markers have satanic symbolism and can be used to conjure demons. I put these grave markers in an orange frame to make us think of Halloween. satan's high holy day. Why do you think they chose orange for that day?

I refer to Pythagorean numerology a lot when I talk about the luciferians. Pythagorean was a philosopher who taught his initiates to identify themselves to each other by secretly using 666 encoded into a symbol or logo or color etc. 666 is satan's number, he's the king of the bottomless pit.

What does the Bible say about philosophy?

**Col.2:8** - Beware lest any man spoil you through philosophy and vain deceit, after the tradition of men, after the rudiments of the world, and not after Christ.

Let's go back to the picture. If you look at the chart and spell out the word orange and add up the numbers you will get 33. The most recognized number of freemasonry. The level that true initiates are supposed to know full well that they are really worshipping lucifer and that it has nothing to do with Jesus Christ or the Bible. 33 for the 1/3 of angels that fell. 33 for the age that Jesus was supposed to be when He was crucified. They love that number. Now look at the number 2 and see that the color that represents 2 is orange. Top right: Miley Cyrus, she is just a washed up puppet these days but she speaks through the faces she makes and hand signs. Hand signs is a big way they speak to the brotherhood. They always pay homage to their god. We all thought they were flashing the peace sign, not so much. Bottom L: Madonna is totally satanic flashing a deuce for the devil and for freemasonry . Notice the x over her eye, one eye like the worthless shepherd mentioned in Scripture and x stands for a 6. Bottom R: Oprah flashing the deuce for satan and freemasonry as well as pointing a finger down, doing the as above so below luciferic sign. The Pythagorean chart has numbers and colors and they use this stuff all the time. They do everything in a coded system of speaking.

**Proverbs 6:13** - He winketh with his eyes, he speaketh with his feet, he teacheth with his fingers;

[New Living Translation](#)

signaling their deceit with a wink of the eye, a nudge of the foot, or the wiggle of fingers.

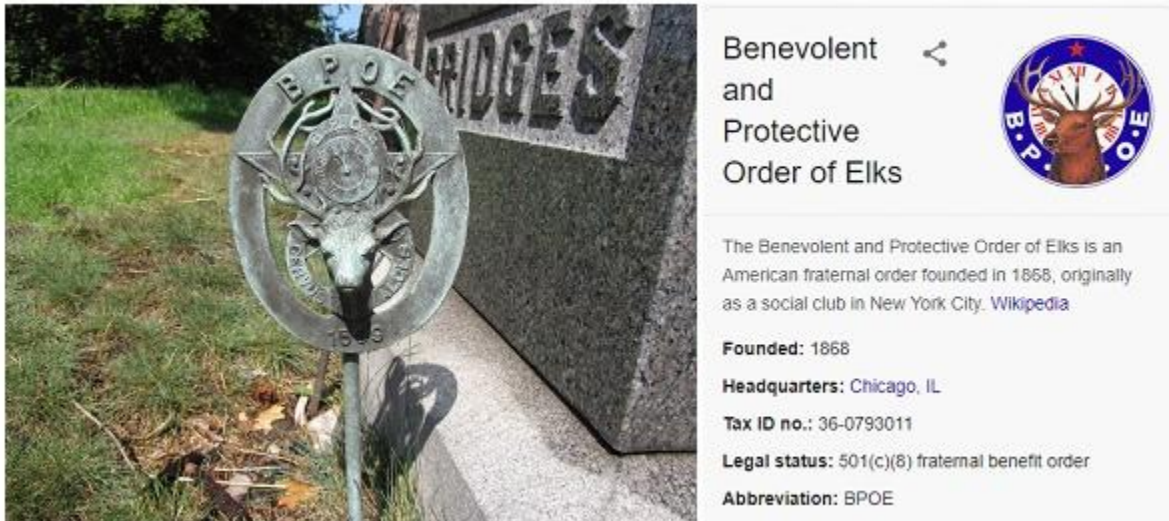

By now we have exposed plenty of their winks and coded eye symbolism and speak, we've shown plenty of hand signals and signs with their fingers and here on the right is a drawing showing different positions of the feet that when seen by a fellow freemason would speak to the brotherhood. Yes, they have the secret hand shakes and everything they do is coded and they are taught how to read this system of coded speak.

**Zech.11:17** - Woe to the idol shepherd that leaveth the flock! the sword *shall* be upon his arm, and upon his right eye: his arm shall be clean dried up, and his right eye shall be utterly darkened.

Some translations say that his right arm and eye will be struck or pierced with the sword. But actually if you read the Old Testament you will understand that many times when God references His own arm He is speaking of strength. The eyes, speak of seeing and knowing or that is wisdom and judgement. The sense of the passage is that God will bring these plagues or punishments on this useless shepherd. Not only was this of the governors, kings, priests and prophets that

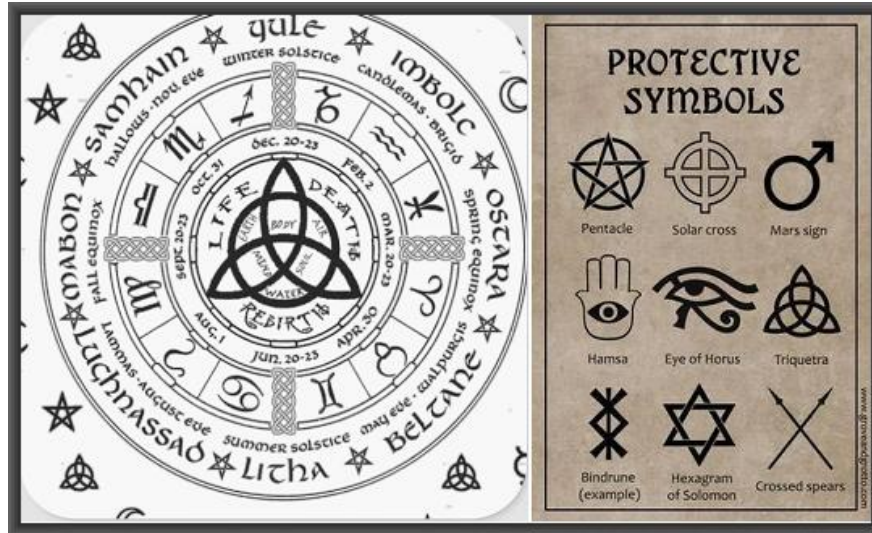

were not judging and living righteous lives, but it seems that satan and his crew have really taken a shine to this verse with all of the covering one eye or the other. They like the idea of being worthless in God's eyes and having His judgements and wrath poured out against them. Seems like it could fit satan and his antichrist and his false prophet perfectly too – all useless and worthless.

This satanic adornment was added to this gravesite. Benevolent and Protective Order of Elks. There is a star in a circle with a horned elk just like a horned goat or a horned bull or a horned deer which in the occult, all represent satan. Think about pan, the man-goat false god. Witches serve the goddess and the horned god.

Decronilla de Meach – burned for heresy on November 3, 1324. This is a yard decoration that people buy in order to celebrate Halloween. The western world is majorly into all of the pagan holidays. If we only had spiritual eyes to see and understand all of the ungodly things we have participated in.

Here is that very same symbol. It is highly satanic. L: Witches wheel showing all of satan's major feast days and many symbols of the fallen angels which are demons R: These are witches marks, also called apotropaic marks /apətrə'pāik/ marks. The witches work with demons and so they believe in drawing the demons for protection. In all actuality, those demons are truly ruining their lives and they are only as controllable as they want to be, in order to keep the person on satan's hook believing in his system of religion.

Remember in the first message I did exposing Halloween, we learned that the druids, who are witches, would go around knocking on doors to collect sacrifices which were people. If the house did not give a sacrifice, then the druids decided that, that house had opted for a trick. The trick was that they painted a pentagram on the side of that house and then the demons would come and torture them.

This is also why mega apostate churches have witches marks as their logos and all around in their sanctuaries, drawing the demonic in. Here is a perfect example of that I'm talking about. This is Shadow Mountain church, David Jeremiah's church on the left. R: The all seeing eye of ra, or of lucifer the sun god who the Egyptians worshipped. Now you understand what you see on the left that is situated way up high in the church facing the congregants. There is an X in a circle which are symbols of the sun god, satan as well as a sun cross. All working to draw in demonic power right into that church.

People think this is all fun and games and they buy this stuff and decorate their yards for Halloween. A Christian has no business participating in satan's high holy days. This is a highly satanic symbol and it will be used as a drawing point for the demonic. Many times God protects us in our ignorance of these things and in our ignorance of the spirit realm but not always. These things open doors in your life, weather you are a Christian or not. If you have not watched the Halloween messages, I encourage you to go to our website and go to the sermons page and where you see the search space that says tags – type in Halloween and the message will populate for you.

## **CLOSING**

Pastor Erustus shared: I think and believe satanic symbols draw demons all by themselves. This is because these symbols are released by satanists after being demonized in the dark world then released to be used used or branded on goods or items in this world. Behind every symbol there is an evil spirit (demon). So whenever they are used, they become a point of contact to a specific demon. Connect this with tatoos which are done using symbols . You see every tattoo has a demon behind it. Since they are demonized once used or applied they act as an

opening to demons. Every symbol Pastor has a meaning and a spiritual impact on people's lives whether for good or evil.

That is why Christians must always remain prayerful, keep in God's word and apply the blood of Jesus always on their lives, home, schools, places of work, church, business, property or items etc. This will keep our lives and all around us or all that pertains to us sanctified and free from demonic works.

But one thing that encourages me is that for true living Christians God has His divine ways of protecting us. (Notice He said for true living Christians – that is not just lip service but truly seeking and serving God). We may be harassed by demons even through these symbols unknowingly but God will always shield us. These things are not above and over the divine power of God working within us. We have been given and carry the authority and power against satan and his cohorts of demons and agents. The only thing as Paul says is not to remain ignorant about Satan's evil schemes, then resist him and he will flee.

**2 Cor.2:11** - Lest Satan should get an advantage of us (so that satan does not outsmart us): for we are not ignorant of his devices (or we are aware of his evil schemes).

That is what I am doing when I teach and expose this kind of wickedness. So we can understand the spirit realm better and not be ignorant of what is going on all around us and at the highest levels of the government beast system.

**James 4:7-10** - Submit yourselves therefore to God. Resist the devil, and he will flee from you. Draw nigh (near) to God, and He will draw nigh (near) to you. Cleanse *your* hands, *ye* sinners; and purify *your* hearts, *ye* double minded (for your loyalty is divided between God and the world). Be afflicted (grieve and let there be tears for what you have done), and mourn, and weep: let your laughter be turned to mourning (or to sadness), and *your* joy to heaviness (gloom). Humble yourselves in the sight of the Lord, and He shall lift you up (in honor).

Truly be sorry for you sin, and reach out to God with a sincere heart asking for forgiveness for you sins, and repent which is stop the sin that alone will draw you nearer to God. Stay in His Word and keep in prayer. Do what Pastor Erustus shared and you will get closer and closer with God.
