AMEN Pt. 10: RAM HORNS, GEMATRIA of AMEN, EGYPTIAN MYSTERY RELIGION TODAY, PYRAMIDS

Amen-Ra is the living force that dwells around all living things and lives within all beings. He is also the Father of of the Gods and the Ruler of the Universe who constructed himself out of Chaos(NuN); [Big Bang]

Amen-Ra is the living force that dwells around all living things and lives within all beings. He is also the father of the gods and the ruler of the universe who constructed himself out of chaos (nun); (big bang)

These fallen angels were created by Jesus. Jesus is God and He created all things including angels and mankind. (Colossians 1:15-16). satan did not create himself. These are some of the lies he has spun out to those that are being deceived by him.

The **horns of Ammon** were curling ram horns, used as a symbol of the Egyptian deity Ammon (also spelled Amun or Amon). Because of the visual similarity, they were also associated with the fossils shells of ancient snails and cephalopods, the latter now known as ammonite because of that historical connection.^[1]

Classical iconography [edit]

Ammon, eventually Amon-Ra, was a deity in the Egyptian pantheon whose popularity grew over the years, until growing into a monotheistic religion in a way similar to the proposal that the Judeo-Christian deity evolved out of the Ancient Semitic pantheon. [2] Egyptian pharaohs came to follow this religion for a while, Amenhotep and Tutankhamun taking their names from their deity. This trend caught on, with other Egyptian gods also sometimes being described as aspects of Amun. [3]

Scholars discovered several different spellings of the name Amun in Egyptian literature. Some of the different spellings are Am, Amen, Amon, Amoun, Ammon and Hammon.

Other countries equated Amun with their own deities:

- Egyptians equated him with the god Min.
- The Greeks equated Amun with Zeus.
- The Romans equated him with Jupiter.

GEMATRIA of AMEN

Âum is the original of Amen. Now, Amen is not a Hebrew term, but, like the word Hallelujah, was borrowed by the Jews and Greeks from the Chaldees. The latter word is often found repeated in certain magical inscriptions upon cups and urns among the Babylonian and Ninivean relics. Amen does not mean "so be it" or "verily," but signified in hoary antiquity almost the same as Âum. The Jewish Tannaïm (Initiates) used it for the same reason as the Âryan Adepts use Âum, and with a like success, the numerical value of AMeN in Hebrew letters being 91, the same as the full value of YHVH, 26 and ADoNaY, 65, or 91. Both words mean the affirmation of the being, or existence of the sexless "Lord" within us.

So in Hebrew gematria, amen = 91 and if you add up the tetragramaton for Yahweh and Adonay you also get 91. As per my research all of this is just names for satan and not God.

Adonay: Remember the Jews who teach Judaism have told us that Adonay means Lord and that they used this word instead of saying God's real name because His name was too Holy for them to say. Then they said when they forgot His name, that they inserted the vowels of Adonay into YHWH and came up with Yahwey. That is just a way of getting a name and title for satan to be spoken by Christians. The description below says: Novel of the Magician College (Horus) (Spanish Edition) – Horus is a sun god in Egypt.

"Finally, we may note that the word Amen occurs not infrequently in early Christian inscriptions, and that it was often introduced into anathemas and gnostic spells. Moreover, as the Greek letters which form Amen according to their numerical values total 99 (alpha=1, mu=40, epsilon=8, nu=50), this number often appears in inscriptions, especially of Egyptian origin, and a sort of magical efficacy seems to have been attributed to its symbol."

(Catholic Encyclopedia Vol. 1; 1907)

Nowhere in the Bible, the Tanakh or the Qur'an can we find words to suggest one can be redeemed by merely uttering a magic word.

Nowhere in the Bible, the Tanakh or the Qur'an can we find words to suggest one can be redeemed by merely uttering a magic word.

I will add here that just because they mentioned it was associated with early Christian inscriptions does not mean those were truly Christian. The Roman Catholic Church is not a Godly religion but it is the face of the mystery religions, meaning that is where the Mystery religions have surfaced openly for those that have eyes to see. They are bringing the mystery religions to the world in the form of a sanitized version of their witchcraft. They do the real rituals and sacrifices hidden back and away from public view. So we see some number magic associated with the word "amen."

Amen

in Simple Gematria equals:

33

Gematrix.org shows Amen in simple gematria equals 33. A =1, m = 13, e = 5, n = 14. Add that all up and you get 33. I am not surprised. The most popular and well known degree of freemasonry. It all comes back to the luciferians.

From MasonCode.com - Freemasons close their meetings saying: amen. So mote it be.

I wondered about that "mote." What does that mean?

Matt.7:3-5 - And why beholdest thou the mote (splinter) that is in thy brother's eye, but considerest not the beam that is in thine own eye? Or how wilt thou say

to thy brother, Let me pull out the mote (splinter) out of thine eye; and, behold, a beam *is* in thine own eye? Thou hypocrite, first cast out the beam out of thine own eye; and then shalt thou see clearly to cast out the mote (splinter) out of thy brother's eye.

The luciferians study the Bible so they can do the opposite of what it says. Seems like they are saying "so splinter it be" as in let the splinter stay there. Some say that mote really meant a dry speck of dust or a particle in the air. That could be their play on words like of nano particles, or chemtrails laced with nano etc.

The worship of Amun even spread into neighbouring countries, particularly Nubia. By the Twenty-fifth dynasty. Amen-Ra was the principle god of the Kingdom of Napata (Nubia) who believed he came from Gebel Barkal (in northern Sudan) and the Greeks considered him to be the equivalent of Zeus.

His main celebration was the Opet festival, in which the statue of Amun traveled down the Nile from the temple of Karnak to the temple of Luxor to celebrate Amun's marriage to Mut (or Taweret). In this festival he had a procreative function epitomised in his title "Ka-mut-ef" ("bull of his mother").

Opet: A festival held during the inundation, or flooding of the Nile. The statue of the chief god Amun would travel upon a barque from his sanctuary at **Karnak** to **Luxor Temple**.

Opet: A festival held during the inundation, or flooding of the Nile. The statue of the chief god Amun would travel upon a barque from his sanctuary at Karnak to Luxor Temple. You can see amen depicted on the columns and walls there.

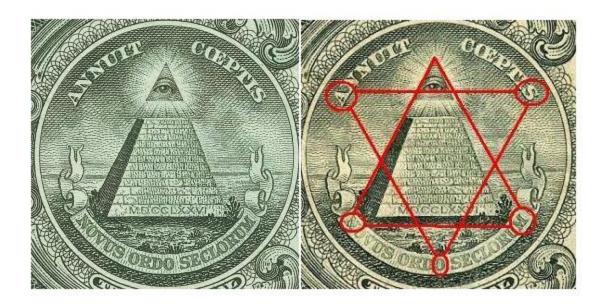

This is similar to a modern day Opet Festival, floating an image of one of their false gods down our waterways. When they send the Egyptian artifacts around the world we get things like this floating down our waterways, just like they did in ancient Egypt when they would float statues of their gods down the river. This is the Egyptian god Anubis, lord of the dead, floating into New York Harbor and into London. They are always doing rituals and things like this to open our world up to the fallen angels. This statue was certainly summoning fallen angels and their power into our world.

The pyramids and the sphinx's are always representations of sun worship. That's what they symbolize. All the way back to the beginning and as we have learned now, satan was deeply ingrained in Egypt as their main god. The freemasons have shown in their lodges what system of worship they ascribe to and they run our world for satan. So Egypt has certainly been worth looking into as we have learned about "amen." I hope teachings like this are helping to open your spiritual eyes to see who is running our world and who they worship. We cannot blindly keep following the beast system government believing they are doing anything for our good. They serve a different master than we do. So we see the freemasons showing us their ancient system of Egyptian mystery religion. Because satan is the god of this world and they run our world, can we see it around our world?

America: We boast the pyramid right on our money, this is worship to the sun god. Who do you think designed our money? Luciferians did. They say that when the antichrist is ruling openly, then the capstone will have been put in place. They have packed their symbols on our money. On the right you see the points that make the satanic star of remphan who is also satan. The points spell mason. Take the "s" out and you have amon. Also another of satan's names is sam. And On is the city of the sun god who is satan. The word mason consists of bot the word sam and on. America is a major player on the world stage and our system of money is tied to directly to the mystery religion of Egypt.

Israeli supreme court

A close up of the pyramid

Let's see what we find in Israel. This is the Israeli Supreme Court. Top Left: You can see a little pyramid sticking up on top of the building. Top Right: The pyramid sits inside of a circle and I have it circled here for you. Bottom Left: Painting at the entrance of the Supreme Court Building – The Rothschilds with Shimon Perez, Isaac Rabin and the designers. The Rothschilds are a luciferian family. The fact that they are pictured here tells you that this has been dedicated to satan and that his purposes are being served here. Bottom Right: A close up of the pyramid and you see it has a circle near the top or an eye if you will. This is filthy, dirty, corrupt Israel, this is what she has become. You can clearly see they are part of the beast system.

I used to live in Memphis, TN. They erected a huge pyramid right by the bridge that brings you into the city. At some point they brought the statue of Ramesses the great in and stood it in front of it. Memphis was an ancient Egyptian city that God pronounced judgement against. (Ezekiel 30) This pyramid attraction failed to bring in revenue and so they sold it to a Bass Pro Shop. Praise the Lord it failed! But it is still standing there.

This is the Louvre in Paris France. 666 panes of glass. That is no mistake, but by design - on purpose. The luciferians place their monuments, statues, buildings,

obelisks, pyramids etc. all over this world and they use number magic in what they do. Symbol magic, number magic, color magic, etc.

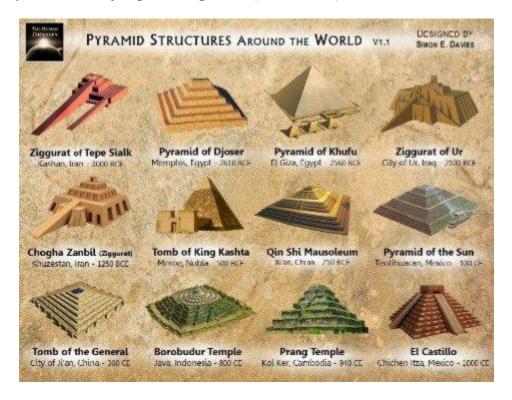

This is the same pyramid in the daytime. The layout of this pyramid is surrounded by flat triangles and smaller pyramids all around it. As well as down below the surface, inside the shopping area, is an inverted pyramid or triangle below the surface. This is all by design for the purpose of magic / witchcraft which is the same thing. This is in worship of the sun god.

Luxor in Las Vegas, Iconic Hotel and Casino. Notice the avenue of ram headed sphinxes, protecting the pharaoh. That is amen or satan. There is a huge one in

front of the pyramid and there are statues of him or a pharaoh seated on a throne on either side of the avenue of sphinxes. Luxor is another name for the city of Thebes which was the capital of upper Egypt where satan's main worship center was as the god amen. Now the luciferians have taken Egypt and satan's worship and planted it in Las Vegas which they call sin city. Sin being another city in Egypt that God pronounced judgment against. (Ezekiel 30)

There are pyramids and pyramid structures all over our world. Ancient ones and remains as well as modern ones and they are even under the ocean.

The underwater pyramids believed to be 10,000 years old. As Christians we know the world is not that old. This reminds me of the city of Tyre or Tyrus which God pronounced judgement against and used Nebuchadnezzar to destroy. (Ezekiel 27 & 28) It was built out in the ocean and God brought it down. When you read about it, it sounds like Mystery Babylon in the Book of Revelation. Remember the luciferians have been trying to bring back what they call the golden era or the golden dawn, when they had their Babylon and Egypt. They have searched diligently for the lost city of Atlantis. They have worked to keep back the truth from us and when they are searching for things, there is truth there.

Page 16 of 27

Notice the "Blue beam" shooting up into the night sky. I think there is more to all of this than we have realized. I like to give credit where credit is due and the first person I heard mention that the pyramids were probably somehow linked to frequencies was Tony Pantalleresco. I didn't give it much thought but a while back God brought me back to that thought. Now the luciferians like to toy with us and they really are putting things right out in the open now. As they say, hidden in plain sight.

Someone else put this together. Do you understand now? Pyramids all around the world align with Orion. According to ancient mysteries, Sirius was a gate to other realms. Pyramids deliberately align creating magical portals from/to other worlds. Egypt – Giza Pyramids China – Xi'an Pyramids Mexico – Teothuacan Pyramids Orion.

Why Nikola Tesla was obsessed with the Egyptian pyramids. The inventor Nikola Tesla's esoteric belief's included unusual theories about the Egyptian pyramids. Key takeways: Nikola Tesla had numerous unusual obsessions. One of his beliefs was that the Great Pyramids of Egypt were giant transmitters of energy. He built Tesla Towers according to laws inspired by studying the Pyramids.

This is the tower they referred to. At the top in the dome shape you can see a pyramid shape as well.

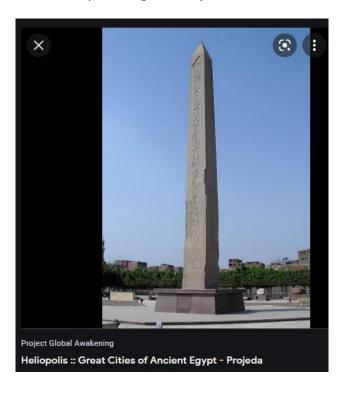

Please play this video – This video might give us a better idea of what could be going on with the pyramids. In this video when they speak of gods, they are speaking of fallen angels. (about 3 mins.)

https://www.youtube.com/watch?v=piK3JQPd4B0

Usually these type of scientists are not Christians and so what they say has to be put in check Biblically. I believe the History Channel is sometimes being used to get actual truth out. It does seem like there is more to the pyramids than just being burial tombs. That's a lot of time and manpower to build it up that big above the surface of the ground and then dig down and build all the subterranean chambers as well. Remember these things were constructed back when it seems the fallen angels were worshipped more openly on the earth. satan was certainly worshipped heavily as "amen" in Egypt and the technology that the fallen angels have used and taught to mankind has been for his nefarious purposes. Think

about the targeting program, the directed energy weapons, 5g and beyond, the harmful frequencies that are being used as weapons against us.

An obelisk is another form of worship of the sun god, amen-ra. They are tall and slender, capped with pyramids on the top. In Egypt they were called tekhenu which meant "to pierce" as in piercing the sky.

Supposedly this is the only obelisk still in its original place. It is an obelisk of pharaoh Senusret I at Heliopolis. Heliopolis is another name for Thebes, On, Aven. Obelisks are inscribed so as to honor an individual, an event and always to honor the gods – fallen angels. They were positioned so that the first and last light of the day touched their peaks to honor the sun god. They were placed in pairs. The Egyptians believe in balance and harmony, the two on earth were reflected by two in the heavens. You can see the duality of the occult here. As above so below. They believed the spirit of the god that it honored, actually inhabited it. Just as our God dwelt in a physical Temple built by the Israelites in times past. They made offerings at these obelisks.

Obelisk of Thutmose III, Istanbul Photo by Dennis Jarvis. This is in Turkey, a long way from home in Egypt. These things have been removed from Egypt and placed around our world as worship to satan and as drawing points for the demonic.

Bonus material. I listen to a supposed Christian radio station that is talk radio only. They are a shill radio station mostly playing the side of truth. I hear them advertise "The Helios Projects" about giving so that you can help to train a pastor. Every time I hear "helios" I know that is about satan and the worship of the sun god. It irritates me. Helios is the personified and deified form of the sun. They know the meaning and they know Christians don't have a clue so they proudly put the names of their gods on their projects and ministries.

This stuff is everywhere. I praise God for the deep revelations He gives me and helps me to get this out to all of you. It is high time we awaken and come out of the deception.

This is a false ministry. This ministry is one of satan's ministries that is posing as a ministry of light. There are very few true ministries left today. We are not loved by the world and we are not lifted up by the world. The world has never loved God's ministers.

Left: Warren Buffet, one of the richest men of the world. Speaking without saying a word. Right: Former U.S. President Donald Trump, also speaking without saying a word. They will identify themselves with the brotherhood and to the brotherhood and they will show allegiance to their god openly. If you look at your government buildings, the inside decore, monuments, statues, artwork etc. You will find Babylon and Egypt lifted up by them. It all goes back to the Bible, back to the beginning and our world governments and leaders are serving satan and not God. The god they speak of is satan. Remember almost all of our presidents have been and are freemasons and that goes for leaders around the world. They have shown us in the elite lodges that they serve the fallen angels of Egypt and satan is the head of them all.

CLOSING

I am Amun, Amun-Ra, Amon, Amen -- You end your prayers with my name.

Amen is supposed to mean "hidden one" or "that which is concealed."

1 Timothy 6:15-16 – Which in His times He shall shew, Who is the blessed and only Potentate, the King of kings, and Lord of lords; Who only hath immortality, dwelling in the light which no man can approach unto; whom no man hath seen, nor can see: to Whom be honour and power everlasting. Amen.

This verse of scripture is written in such a way that it takes the praise away from God the Father and places it on amen because it is actually a name for satan and not just an affirmation.

I hope this series has opened your spiritual understanding about this word and that you remove it from your vocabulary.
