April 22, 2022:

Wonderful day to be out with the family just to relax and thank God for His sufficient grace. God is love!!!

Here is Pastor Erustus with his family on a family outing.

They took a really good picture. The woman in green is also called Sarah and she has been delivered from many demons and we give God the glory for her salvation and deliverance.

This is a treat for Pastor and his family. They don't get to do these kind of things very much. This was a real blessing to get to relax and do this and you all are part of making things like this possible.

Here they are on the boat getting to have a ride.

They got to enjoy a meal on this outing.

Here they are riding back. We all need these times of refreshing and when you bless God's ministers, it is not lost on God. He will bless your life.

May 29, 2023:

What a powerful Sunday Service today at our Holy Trinity Living Water church, Muyayi-Bungoma Town!!! The power of the Holy Spirit was so evident; filling, healing and delivering many from demonic powers. Thank you Jesus. Enjoy the pictures.

As always your continued prayers and support, very much appreciated.

With love, Bishop Erustus & Sarah

A picture of the service.

Being delivered from demonic powers. Praise The Lord Jesus!

Another young woman being set free by Jesus. Praise God!

They took Holy Communion during this service. The demons hate those who take communion.

We had an urgent situation that happened at the Bungoma Church in May of 2022. Pictured here was the first church in Bungoma, built in 2016. The land lord decided to raise the price drastically when Pastor Erustus approached him about buying the land. So we would not play his games nor did we have that kind of money. Remember I had shared in the past that other churches and pastors were trying to turn the land lord against Pastor Erustus and the church there. This was a spiritual battle leveled against the church in Bungoma. God moved the church to the new location and we began again.

Here is Pastor Erustus walking to the new church land in Bungoma where the church has been since September of 2018.

Here is a picture right after the church was built. You can see the latrines on the left up front and you can see the church in the trees with a road going around the church property.

The water well we put in at the church was a big blessing too.

This is the tiled platform, that was just finished.

April 2020. Pastor Erustus and Pastor Sarah begin their own ministry, no longer under Conquers Covenant Church, but their own – Holy Trinity Living Water Church. You can see beside the church, the kitchen that was built.

The church today, May 2022. Pastor shared to me that their general elections are in August and because their government has done nothing for the people in that area, all of a sudden they decided to widen and black top a stretch of road there. Just to try and keep up appearances like they care about the people.

Look how close they got to the church with that bull dozer! Tony, a former illuminati, lives on the church grounds in the house that we bought to expand the church property. We turned that house into an office for Pastor Erustus and a place for leaders to stay when they come for a conference. Tony is a caretaker for the church land there now and he upkeepes the grounds and keeps an eye on

things. He immediately called Pastor to let him know what was happening. Pastor was about an hour away at another church branch and left immediately to get there.

They are right beside the church!

Just look what they have done. They have torn up the church grounds. And in fact they were going to bulldoze the church down. This is the headquarter church of Pastor Erustus' ministry. This is the church that is in the same town where Pastor Erustus lives. And it is the church that Pastor Sarah pastors.

Front of the church.

They have torn everything up. Pastor Erustus was able to get there just in time to talk with the bull doze operator and ask him not to bull doze down the church. At the last moment, he agreed not to take the church down. Witches in the area had been talking with the government and even the bull doze driver and trying to get the church bull dozed down. I praise God for this great victory! Not only would we not be able to salvage any of the materials, but we have a lot of sound and musical equipment in the church. Not to mention all the chairs. That's a lot of

money let alone the structure itself. Pastor had shared that the church members were really down hearted and felt hopeless after this attack.

\*\*Pastor contacted me about this immediately to talk and request prayer about all of this and for God's direction to us as to what to do. The church cannot continue once the road is expanded because it will come right next to the church. Pastor and some of the elders approached nearby land owners to see if there was any more land available around the church. A muslim man refused to sell to the church. Another man has a lot of land there and only agreed to sell to us because he knows brother Tiberius, an elder at Pastor's church. He discounted the land and we were able to scrape together the down payment. And I mean scrape. We are barely making the land notes each month but I praise God for His provision.\*\*

### PRAISE TESTIMONY!!!

After part of our Holy Trinity Living Water, Bungoma Town Church land was chopped of by a bulldozer during the road works, God touched one of our church neighbor who has sold us land as we pay in installments. We are to pay the balance of \$5,500 in six months time. Should God speak to your heart, we will appreciate your support. No giving is small to us.

God bless you all for your continued prayers and support.

With love, Bishop Erustus & Sarah

Pastor, today was a joyous Sunday, our Muyayi church was full of jubilations and celebrations when we told them God blessed us with another piece of land. What a blessed day it was to see many shouting at the top of their voices and praying giving thanks to God for this big miracle. Many were heart broken when they heard part of our church land had been chopped off. But they have gone back home today rejoicing in the Lord. God bless you abundantly Pastor and Three Hearts Church Congregation.

We also went after service on the land we bought, prayed and gave thanks to God. This week we will fence the piece and then anoint and dedicate it to the Lord next Sunday. Here are the pictures I took today while on the land after service.

Here are some of the church members praying over the new land.

Here they are starting to put a fence around the new piece of land.

There is Pastor on the right on the new land.

This is a picture from the back of where the current church was and you can see the road right beside it and the new church land across the way where Pastor Erustus' van is parked.

You can see the church across the way. Eventually we will have to tear the church down and look to the Lord once again to rebuild it on the new land. We will still make use of the land across the road. The restrooms are there and the Sunday school room is there and Pastor's office and kitchen are all across the street. They did tear down one restroom that we had back in the back where Pastor's office is. They are just so cold hearted there.

Here's another picture of praying over the land with the church members. I praise God for this newly acquired land and that He has lifted the hearts of His servants in that land. Thank You Lord Jesus! Real ministries are fought so hard by satan

and his co-horts. I praise God, He stands to defend His true ministries. Pastor shared later that about 4 people who live in Bungoma came and joined the church because they saw the miracle God did in moving to protect His church.

Pastor I wanted to inform you that we have decided to move the church building to the new church plot. Where we are it's really inconveniencing us. You remember one side of our church land cut off plus fence was demolished by the bulldozer. The church compound on one side was left open and last week thieves took advantage of that and at night, cut through the iron sheets and stole 5 chairs, 3 mattresses and a bicycle for our caretaker. Against our entrance to the church compound was messed up with, they were to fix a culvert to allow free flow of water but they didn't. So with my leaders we have decided to start moving this structure onto the new land. We started today to collect materials needed: some sand, timber and ballast, some cement in preparation for raising a new structure starting Wednesday of this week. We will use just the materials from the old building especially Iron sheets and timber.

Here they are already beginning the work, cutting down trees and stripping the bark off to cut them up for beams and poles.

The few remaining trees on the front part of the land they will now use to help in getting the church moved over to the new land across the newly graded up road that is awaiting to be tarmacked.

A short teaching: "For I know the plans I have for you," declares the LORD, "plans to prosper you and not to harm you, plans to give you hope and a future. Then you will call on Me and come and pray to Me, and I will listen to you. You will seek Me and find Me when you seek Me with all your heart."(Jeremiah 29:11-13)

We seek many things in life. Health, education, a job, a spouse, money, friends, a family and other material things. The most important thing we must seek is Jesus. Jesus created us. He loves us so much He died to pay for our sins. Jesus has a plan for our life that is good. When we seek Him we will find Him. He will put His Holy Spirit within us to guide us and be a connection between us and Jesus. His plan for our life is a good one. Follow Him.

Since God divinely joined our ministry here with Pastor Erustus and Pastor Dalbeer, there has never been a time when there was not a need for money to get the ministry work done.

We appreciate your tithes and offerings because you are part of the great works being done in Three Hearts Church, and in Pastor Erustus' ministry and Pastor

Dalbeer's ministry. We don't idolize money, but it does take money to get the work done. God bless you and thank you for your prayers and giving.
