

ABORTION Pt. 1

****Because of the nature of this topic and certain things I'm going to bring to light, which you cannot discuss on Youtube, we are censoring ourselves and not putting this sermon on Youtube. You can find it on our church website, Rumble and Bitchute. Look in the info. box for links.****

****WARNING – The nature of what is going to be discussed is sensitive. Some things discussed and seen in some of the videos are disturbing. This is for a mature audience.****

An emergency abortion when there are complications and the mother's life is in danger and the baby cannot be saved is understandable. That's something completely different than what I'm going to be discussing here today.

Many people are using abortion as birth control. Our young teens are sexually active, not living according to God's Word and they think abortion is the answer when their sexual promiscuity leads to unwanted pregnancy. Young men are shucking their responsibility and pushing their girlfriends or their one night stands to get an abortion. Young women think they are avoiding shame and so they take the life of the unborn baby through abortion. Some do it because they are not being sexually cautious about pregnancy and don't want a baby yet.

Each one of these reasons goes back to sin against God.

In The Old Testament if a man slept with a woman who was not engaged then he had to pay the bride price and marry her. If the father refused the marriage he still had to pay the financial penalty for violating her status. **(Deut.22:13-21, Exodus 22:16-17, Leviticus 19:29)**

1 Cor.6:9-11 - Know ye not that the unrighteous shall not inherit the kingdom of God? Be not deceived: neither fornicators, nor idolaters, nor adulterers, nor effeminate, nor abusers of themselves with mankind, Nor thieves, nor covetous, nor drunkards, nor revilers, nor extortioners, shall inherit the kingdom of God.

And such were some of you: but ye are washed, but ye are sanctified, but ye are justified in the name of the Lord Jesus, and by the Spirit of our God.

In this passage we see that under the New Covenant through Christ, fornication and adultery are condemned. Sexual immorality is condemned. Those who commit these acts will not be in heaven if they continue in this type of behavior. If we are going to get honest about it, most abortions are happening because of this type of behavior.

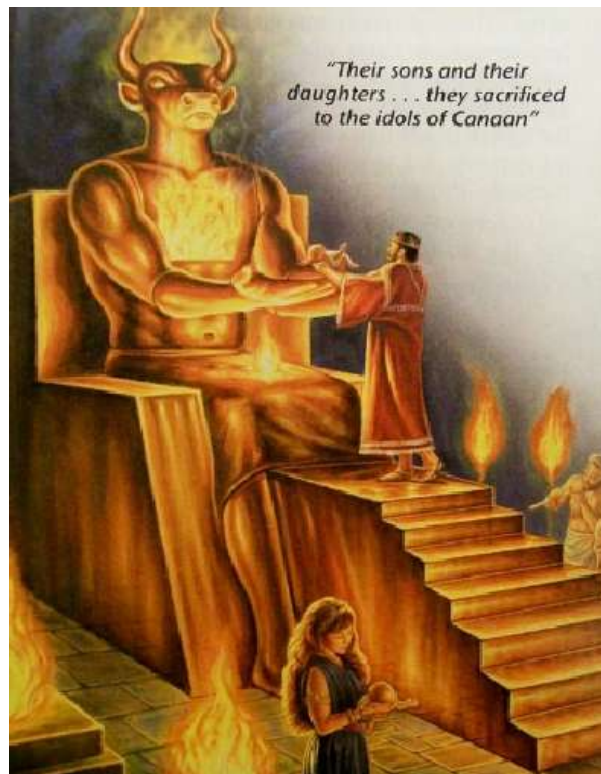

Exodus 20:13 - Thou shalt not kill.

God's commandment not to kill another human being still stands today. Taking the life of an unborn baby is murder. This speaks to those who take the life of an unborn baby because the timing is inconvenient for them. They weren't fornicating or committing adultery but it just wasn't the right time to have a baby so they aborted it. It's still sin and murder.

We just read from 1 Cor.6 verse 11 where Apostle Paul says to the Corinthians that some of them were once like that, the sinful things he had just listed but by God's grace they had been saved and washed and sanctified and justified in the name of Jesus and by The Holy Spirit. Praise God that is me. I committed fornication and had two abortions in my teens. I'm so ashamed of that now and regret it. I wish I had truly been saved, knew God's Word and was walking right with Him back then but I wasn't. I was in church back then but not really in Christ and feeding on God's Word like I should have been. My mom just said not to have sex before I was married and that was it. She didn't relate it back to God's Word or anything. Not having sex before you are married is God's Way. But even if I had known His Word, not being right in my walk with Him it still might not have made a difference.

Abortion should not be used as a fail safe for getting pregnant. Even Christian women are having abortions and just keeping it quiet or being ashamed about it and they should be. It is a grave sin against God. This should not even enter into the mind of a Christian woman as a solution for getting pregnant.

There are two spiritual kingdoms, The Kingdom of Heaven and the kingdom of darkness. God has made it clear in His Word that He is against murder. When someone has an abortion the kingdom of darkness is being honored. God is against human sacrifice but satan considers it the highest form of worship he can get. **(Jeremiah 7:31, 19:5)** Scripture tells us of the Israelites sacrificing their children through fire to baal and molech. Baal and molech link back to Nimrod and ultimately to satan whom Nimrod served.

"Their sons and their daughters...they sacrificed to the idols of Canaan."

Even if you are not a luciferian, worshiping and serving lucifer on purpose, if you have an abortion, that is murder and is still considered a sacrifice in the spirit realm. It was not done with pomp and circumstance and the rituals that the luciferians thrive on, but nonetheless, it is still a sacrifice by default.

*Please play from 54:16 to 54:39 and from 1:08:18 to 1:16:24 Dr. Tent talks briefly about what Rowe vs Wade is really about. That information is going to take us to what the Biotech companies are doing with aborted babies. STOP

Dr. Tent references a great video on vaccines – *Lethal Injection: The story of vaccination* by Clint Richardson. In this video he explains Roe vs Wade. Roe vs Wade wasn't what you thought it was. The vaccine manufacturers were buying aborted fetuses from Sweden for years. He says, "It was too expensive, we can get them right here." Another good video by Leonard G. Horowitz is *In Lies We Trust: CIA, Hollywood & Bioterrorism*. / Dr. Tent talks about how they put animal viruses into the vaccines. These viruses can silently prime and trigger central nervous system autoimmune diseases. What is in the vaccines: human diploid cells are dna cells from aborted fetuses along with proteins from aborted fetuses, calf serum, chick embryo's, monkey viruses, guinea pig cell cultures (guinea pig viruses) etc. You can go to WHO (World Health Organization) website under rabies and it lists human diploid cells 1960's they began putting human diploid cells in vaccines. They put aborted fetuses in vaccines. Merck vaccine insert information states aborted fetuses (human diploid cells) are in their vaccines. After he shows the vaccine insert information that shows human diploid cells in many vaccines he states what is important for us to know about all this. He says for those who has or will receive a vaccine using human diploid cells each .5 ml dose contains residual components of MRC-5 cells including DNA and protein. Every time you receive a vaccine containing human diploid cells you are receiving DNA and protein structures from human aborted babies. You as a vaccinated person most likely have human aborted fetus particles in your bloodstream. Dr. Tent then says that's foreign DNA in your bloodstream. It's the last thing on planet earth you need in your body. Your body is going to attack it. Your body attacks foreign DNA in your body, what do they call that? They call it autoimmune disease. Then a brief history of human diploid cells strains is shown. Roe vs Wade wasn't about abortions. She never had one. It opened up this industry so they didn't have to go to Sweden for their material. *(about 8.5 min's)

Dr. Tent then says aborted fetal tissue is foreign DNA in your bloodstream. It's the last thing on planet earth you need in your body. Your body is going to attack it. Your body attacks foreign DNA in your body and its called autoimmune disease.

*Please play from 2:03:33 to 2:05:18 and from 2:06:52 to 2:11:36 and from 2:17:18 to 2:29:40 This video is going to pick up where Dr. Tent's video left off with the research on fetal cells in vaccines and the horrible things they are doing with aborted babies. STOP

A representative asked how they are coming along in developing a cell based vaccine rather than a traditional egg based vaccine that we're still using in the development of the H1N1 vaccine? The vaccine rep. said they are still developing newer technology and they are trying to accelerate the work. When the congresswoman referred to cell based cultures she is actually referring to human diploid cells. It is easier on her conscience to say cell cultures. Most people don't even realize what is really being discussed. Cell based vaccine production is the legal and unethical growth of vaccine culture on human aborted fetus material. These aborted fetal cells are harvested at the time of abortion and kept frozen for future vaccine production and cloning. / Pharmaceutical companies in Europe and North America quickly became involved in the use of HDCS's (human diploid cell strains). The WHO (World Health Organization) was involved as well working with Wistar Institute. The most well known cell strains are WI-38 and MRC-5. Abortion was illegal at the time these cell strains were being collected through abortion. These abortions were conducted in Sweden and the human parts were sent to America and dissected. They are now using fetal cells in almost all vaccines. / Repeated from Dr. Tent's video clip but I left the pictures of the aborted fetuses in. Every time you receive a vaccine containing human diploid cells you are receiving DNA and protein structures from human aborted babies. You as a vaccinated person most likely have human aborted fetus particles in your bloodstream. The moral and ethical facts about how these vaccines are made with aborted fetal organs should make you ill. The video explains that the cell strains from the 1960's came from Stockholm. It was expensive to import those aborted fetuses. So then Roe vs Wade was cooked up as a way to legalize abortion in The United States to save the government money. Also murder works very well for satan's agenda. The video shows a price list for aborted baby parts and organs. It goes on to show Obama supporting Planned Parenthood and the freedom of choice. The video also shows how many mega corporations are putting aborted fetal tissue in makeup, food etc. Companies like Pepsi, Kraft and Nestle are doing this. They are using aborted babies as flavor enhancers. At the end of the video the narrator says he isn't going to tell you to write your congressman because they profit off of vaccines. He said he isn't going to tell you

to talk to your doctor because they also profit. Big Pharma, your doctor, the medical industry do not want to see you healed because it would put them out of business. The legal system is not there to protect the people from the actions of these corporations. Instead it is there to protect the corporations from the people. The government has been investing in these wicked corporations for more than 70 years. Only you can stop the destruction of life.*(about 14 min's)

*Highly recommend you watch the video Dr. Tent showed a clip from entitled: *Lethal Injection*. That video will give you a much better understanding about what vaccines are and how harmful they are and how they have been using them against mankind. The link to that video is in the info. box and on my sermon notes.*

The video statement “Only you can stop the destruction of life” was so powerful. You just have to say no.

If the brain is greater than 8 weeks it is \$ 999. The only reason I can think they didn't just call it \$ 1000 is just that when they flip it right side up and reverse it, it is 666. The price for the brain is reduced if it is significantly fragmented. A single eye will not bring as much money as both eyes will. Just sickening and heart breaking.

*Please play this video – Some people posed as biotech company buyers and had lunch with a doctor from planned parenthood. Listen to what they discussed.
STOP

The video was secretly recorded by the anti-abortion group. They posed as buyers from a biotech company and had lunch with a planned parenthood doctor. The doctor was discussing harvesting body parts and how to crush above or below so as to save certain organs intact. There was talk about pricing as well. They discuss whether it is a conflict of interest for Planned Parenthood because they are profiting off of the aborted fetal parts.*(about 3 min's)

<https://www.youtube.com/watch?v=wlt5xA5rB2I>

Be sure and understand that Planned Parenthood has the government in their hip pocket. They are quite cozy together. What those representatives said was just for show for their own campaigns.

The abortion doctor said they've gotten really good at getting heart, lung liver – so I'm not going to crush that part, I'm going to crush above or below and see if I can get it all intact. Look how cold hearted and matter of fact she was sitting there eating and discussing all of this. These people are not Christians. I saw other undercover videos where another Planned Parenthood representative was discussing money and made a joke saying she wanted a Lamborghini.

The luciferians feed on adrenochrome and they feed off of these aborted babies and use them in products and food. They want us to be like them so they put them in things we are unaware of. They want us to be messed up like them. We are truly living in the time of *Soylent Green* where the people were only allowed to eat the government rationed food and it was green wafers. At the end of the movie you find out that the green wafers were being made from dead humans. So the government had made everyone into cannibals.

WHEN IS IT A BABY

One video I saw in my research stated that Democrats don't consider it a baby until it leaves the hospital. Let's go to Scripture and see what God says.

Jeremiah 1:5 - Before I formed thee in the belly I knew thee; and before thou camest forth out of the womb I sanctified thee, *and* I ordained thee a prophet unto the nations.

Before I formed you in the womb

This phrase emphasizes God's sovereignty and omniscience. It suggests that God's knowledge and plans for individuals exist even before their physical formation. This aligns with [Psalm 139:13-16](#), where David speaks of God's intimate involvement in his creation. The idea of God forming individuals in the womb underscores the belief in the sanctity of life and God's intentional design for each person.

The idea of God forming individuals in the womb underscores the belief in the sanctity of life and God's intentional design for each person.

Before I formed you in the womb I knew you. Before you came out of the womb I sanctified you. When a woman is pregnant, that is life in the womb and God is already aware and knows that fetus. All life is precious to God, right from the start.

Psalm 139:13-16 - For Thou hast possessed my reins: Thou hast covered me in my mother's womb. I will praise Thee; for I am fearfully *and* wonderfully made: marvellous *are* Thy works; and *that* my soul knoweth right well. My substance was not hid from Thee, when I was made in secret, *and* curiously wrought in the lowest parts of the earth. (darkness of the womb) Thine eyes did see my substance, yet being unperfect; and in Thy book all *my members* were written, *which* in continuance were fashioned, when *as yet there was* none of them.

This really emphasizes how precious we are to God right from the start.

New Living Translation

You made all the delicate, inner parts of my body and knit me together in my mother's womb.

NLT v.13 – You made all the delicate, inner parts of my body and knit me together in my mother's womb.

God's care extends to the hidden stages of life before birth, overseeing the development of each individual with wisdom and intention. Jeremiah was known and set apart by God before his birth, and John the Baptist was appointed for his calling while still in Elizabeth's womb. The womb is presented as a place under God's sovereign care, where He fashions a distinct person for His purposes. Christ Himself entered human life through conception and birth in Mary's womb, honoring the reality and dignity of embodied human life.

New Living Translation

You saw me before I was born. Every day of my life was recorded in your book. Every moment was laid out before a single day had passed.

NLT v.16 – You saw me before I was born. Every day of my life was recorded in Your book. Every moment was laid out before a single day had passed.

God told King David He knew him when He knit him together. All of this was before King David was ever born.

This is another witness from Scripture indicating that God knows us right from the womb. Babies in the womb from the moment of conception are alive and precious to God. I believe miscarried babies and aborted babies will be in heaven. I aborted two babies and later in life after we had Kennedy, Scott and I tried for more children and I had two miscarriages. When I was pregnant with Kennedy we were going to have the amniocentesis test done. That can increase the chance of a miscarriage. I could have lost Kennedy. Back then at that time I thought I was a Christian but I wasn't. I was pro-choice and completely bought into all of it. The medical field was always right, "safe and effective" and there to help you. Women get to choose what to do when they get pregnant. Look at where satan had me. We could have lost Kennedy and my mindset was that if the test showed that something wasn't right then we would terminate the pregnancy. I'd seen how hard it is to take care of a downs syndrome baby or a disabled child. I praise God when I went to have that test the doctor wasn't there and the appointment was cancelled. Praise God He protected Kennedy! He actually used Kennedy to save me and my whole family. When she was about 3 ½ years old I began to feel a need to get her in church so she could know God. And it didn't take long we found a church and got serious about Jesus. Praise God He never gave up on me!

I deeply regret those abortions and have asked God for forgiveness many times even though I was forgiven the first time I asked. I believe I will see each one of those babies in heaven one day.

CLOSING

To each one of you out there who has had an abortion, you need to know that God is love and He is so merciful, He will forgive you if you are sincerely sorry for what you have done. If you are a pregnant teen or you get pregnant, don't be like me, I was too scared of my parents disapproval and the embarrassment I would cause the family to tell anyone about it. Tell your parents about it and give them a chance to process the news and to be there for you. No matter who you are and whatever age you are and whether you are married or single, give that baby a chance at life, they are part of your destiny.
