

HAUNTED HOUSES Pt. 1: SPIRIT of FEAR

****WARNING – Scary images****

Dear Heavenly Father I thank You for protecting everyone you have led to this teaching. We are not to be ignorant of the devils devices. I magnify You Father, You are Sovereign and hold all the power. I praise You. I plead the blood of Jesus over everyone that watches this teaching. I thank You for keeping Your hedge of protection and wall of fire around Your children. I cover this teaching in Jesus' blood. I cover all the pictures in Jesus' blood. I plead the blood of Jesus' over our eye gates and over our hearts, minds, souls and spirits. Thank You for protecting us as I expose the evil works of darkness for Your glory in Jesus name I pray.

Haunted house attractions are directly connected to Halloween. That's the time of year that they open to the public and people pay to go in to get scared. I did a deep teaching series about what Halloween is really all about in a sermon series entitled "SATAN'S HIGH HOLY FEAST DAY." If you think it's ok to participate in Halloween as a Christian, I encourage you to go and listen to that teaching.

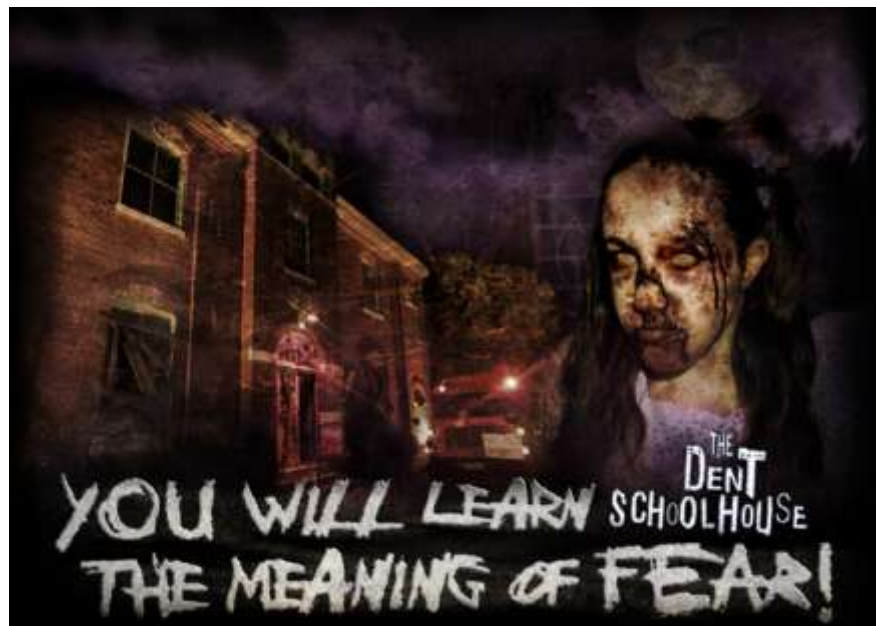

You will pay a price for seeking out and participating in the things of the kingdom of darkness. You may think you are just having fun with your friends when you go to a haunted house but you are making spiritual decisions and opening spiritual doors to the kingdom of darkness to come into your life.

2 Timothy 1:7 – For God hath not given us the spirit of fear; but of power, and of love, and of a sound mind.

The spirit of fear comes from satan's kingdom. God has given His children a spirit of power, love and a sound mind. Not having a spirit of fear is so major that it is spelled out in God's Word that it isn't coming from Him. Haunted houses or spook houses are all about generating fear. You are disobeying God's Word when you go to haunted houses.

Look at this: The Hill has Eyes – 45 acres, 60 minutes of SHEER TERROR, 4 outdoor haunts for the price of one. SHEER TERROR

This one is in DC. The Dent School House, you will learn the meaning of fear!

God said in His Word that He did not give us the spirit of fear. So why would a Christian then go and seek out fear on purpose? Be careful, because the spirit

realm watches what you do and it will answer back every time. When you are ignorant of God's Word or you decide to disobey God's Word, that gives the demons a legal right or contract to enter your life and begin to work against you.

When I was in my 20's I went to several haunted houses with my friends, we called them spook houses. I remember one time, when we went inside, we were in a single file line holding onto each other. I was at the back of the line and I got so scared trying to get away from the monster that I passed up the front of the line but never let go of the person in front of me! Another year I went with my boyfriend and one room was pitch black and we could not see a thing but the monster came right beside my ear and was breathing. It bumped my boyfriend's hat and he said something because he was getting mad and was ready to fight because his cowboy hat wasn't cheap.

This was at a time in my life when I thought I was saved just like so many in America think they are saved. The problem is that I was only a Christian on the lips but not from the heart. I was not living a righteous life at all. I did not attend church, did not read my Bible, did not give tithes or offerings and when I prayed I prayed to God and never concluded the prayer in Jesus' name. Remember back then, I had learned to pray from watching old tv shows that did not lift the prayer up in Jesus' name. There is a reason they did that and it is to dishonor Jesus and teach as many as they can through Hollywood, not to pray correctly. Hollywood and all that it entails serves satan's agenda. I did not even know God back then. I knew very little about Him and like most people I identified as a Christian and yet wasn't even saved. Sadly that describes most Americans who say they are Christians.

I slept around, was a social drinker had a potty mouth and would cut you down with my words in a heartbeat to make myself look cool. I was not a Christian at all.

HAUNTED HOUSES

A person dressed as a dead spirit jumping out to scare the people.

Ripley's Haunted Adventure has several locations around the U.S. Look at this creepy thing.

Being scared is a big money making business. The world is craving the kingdom of darkness so much that when you travel and look for things to do there are haunted hotels, haunted ghost tours, haunted museums etc. Here in Houston when we had Astroworld, an amusement park, in the fall they used to have what was called "Fright Fest."

Looks like a scary bloody scene set up in what looks like a restroom. All the people working at the haunted houses are always portraying the dead.

This spook house is called “Fun House” but really it’s just the opposite, it’s not about fun although people think that’s what they are getting.

Look at this one: we are hiring, join our team, no experience needed, paid to SCARE, Must be 17+. And the name of it is ABANDONED Haunted House Complex.

I think this was a scene or room in a haunted house. This is a devil mask. It’s not cool to put a mask on. When you put something like this on, you are invoking that

spirit onto your life. The devil himself won't come, he will send a lesser demon. satanist pray evil spirits into masks and costumes so that's what you're getting when you purchase them and wear them.

Here's another room in a spook house. Again, dressing up like this is honoring satan's kingdom and he's sending demons into this person's life.

While I'm on the subject of witches let me share something. The other day I was listening to a Christian talk radio program that does trivia questions on Fridays. They were talking about the witch trials and how witches were killed. Which in some of my research years ago I learned that the Roman Catholic church was actually coming against Christians who wanted to read the Bible for themselves instead of just listen to what the clergy said. So they weren't having that and were actually killing Christians and not witches. Anyway, a supposed Christian caller called in and said their answer and when asked to clarify their answer they said, well witches aren't real. I was amazed that the radio hosts, and there are several of them that talk back-n-forth didn't really have much to say about that. I praise God that the next caller pointed out a few Scriptures about witches in the New Testament. I think wiccans and low level witches make people think there's nothing to it. We all know those that claim to do white witchcraft or say they are wiccans and we see their lives are a complete mess so we don't think they are doing anything spiritually. We think it's just a bunch of non-sense based on looking at their lives.

I want to share something to you, usually real witches don't want to be discovered and don't brag about what they do. I assure you witches are real. God is against witches and witchcraft from The Old Testament to the New Testament. Witchcraft is idolatry against God. Witches serve satan and the fallen angels, demons is how witches are empowered.

I assure you there are real witches. They are in Santeria and Palo Mayombe – they do voodoo and hoodoo and raise the dead. That would be a zombie type of person.

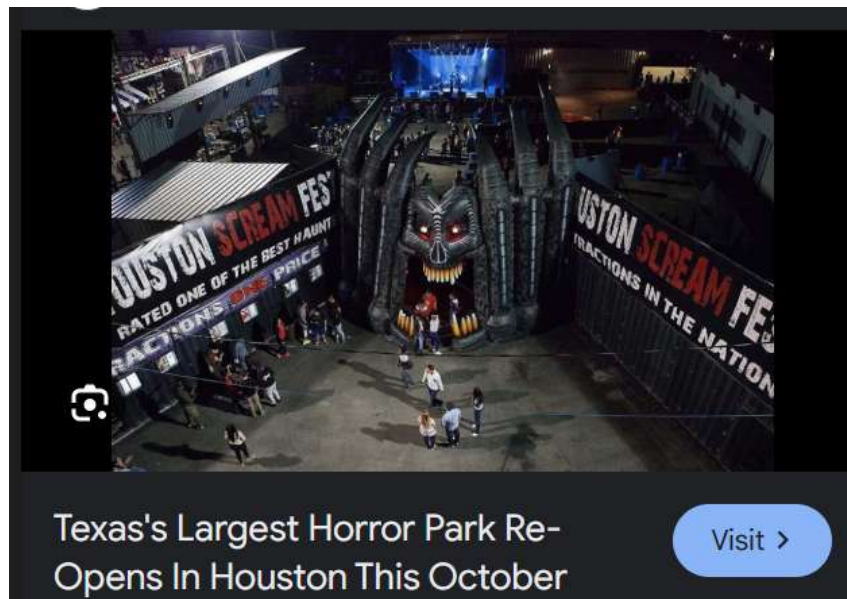

The people that go to the haunted house to enjoy this experience are also receiving demons sent to work in their lives. They paid money – which is an offering to satan's kingdom.

Anything can happen to you in there. You could go missing, be killed, injured, anything. Sometimes there are tragic stories on the news, they may not all be true but now and then they must be true. They do sprinkle a little truth out to us every now and then. Any murder or harmful things happening during this time are considered sacrifices to satan.

Look at the people weaving through the maze to get in line for purgatory. We need to think about this stuff spiritually because that's what it's all about. What

do you think happens in the spirit realm when you pay money to get into a place called purgatory?

Texas's largest horror park re-opens – This is Houston ScreaM Fest. To enter you walk into the mouth of a demon or you can go in to the left also. Even being near this thing and paying money shows allegiance to satan's kingdom. This opens doors for him to operate in your life.

Houston TerrorDome.com Haunted Houses – Look at the skeleton and then for sure on this one you walk through the mouth of what looks like represents satan himself with the horns and red eyes. What do you think it says to God if you are willing to walk into the mouth of what looks like the devil? God told us to live holy for He is holy. **(Lev.11:44, 1 Peter 1:16)**

Spooky Galveston – Ghost Tour, 1900 Storm Tour and Vampire Tour – The séance sisters present: Restless Spirits of Menard House

Haunted Houston, TX Historic Sites and Haunted Destinations. This is the kind of stuff a lot of people are doing when they travel.

Fright Fest at Six Flags which is another amusement park.

Outside of haunted house attractions that people pay to go to. We typically think of haunted houses as being old run down abandoned houses. The yard is unkempt and the house is falling apart with broken windows and nobody goes near them. Stories circulate about what happened there or spooky things that still go on there. That is not the only type of haunted house there is.

This is the house used in the filming of *Amityville Horror*. The movie was supposed to be based on a true story. A mass murder had taken place in that house and then a family moved there and fled the house after 28 days claiming to have experienced paranormal phenomena while living there. Paranormal phenomena is usually describing spiritual activity from the kingdom of darkness. Things like the walls bleeding, lights going on and off by themselves, sounds being made when no one is there, major shifts in temperature in the home like a very cold room for no apparent reason, voices speaking out of thin air, things moving on their own, things being knocked over, hearing footsteps, doors opening and closing. Some of these things can also be mimicked with technology, think about the targeting technology, military grade, fallen angel technology.

After the Lutz's moved out, subsequent owners said there was no paranormal activity and they thought the whole thing was a hoax. But let's just suppose all the things portrayed in the movie really happened there. A violent mass murder took place in that house. The murder was committed by the oldest son and he killed his parents and four siblings. The family was also Catholic which is a false religion. So spiritually their lives and home were open to satan's kingdom even before the murders took place. Then of course with such an evil crime taking place there it could open the place up like a portal for all sorts of demonic activity. A sacrifice of 6 souls to the devil took place there.

The family in the movie left the house and went to stay at the woman's mother's house, and said the phenomena followed them there. They said greenish black slime was coming up the staircase towards them.

Think about the movie *Ghost Busters*. Remember the green ghosts that ran into people and left a slime trail. They were showing us something there and now we hear about the same thing showing up with the family that moved out of the Amityville haunted house. Hmmm seems like some truth they are telling us about the slime and demons.

This home can just as easily be a haunted house based on what happens inside. If a violent murder takes place or rituals are performed here to summon demons, then you will begin to have the same type of phenomena we just talked about. If

the people who live here own occult objects paranormal activity can happen here like playing with a Ouija board. If they participate in occult things or are witches then paranormal activity can happen here and linger after they are gone. All of these things will open this home up to the demonic realm and it chooses how it wants to manifest and when. Every home serves on a spiritual altar. God's altar is being served or a satanic altar is being served. This is based on the head of the household and whether they serve Jesus or not. If they don't love, serve and obey Jesus then the home serves on an evil altar.

The world thinks you can just move to get away from ghosts. Sometimes they are tied to a place or piece of land, a house, an object or a person. Sometimes they will follow you. Ghosts are usually familiar spirits which are demons that mimic a dead person but they can be the souls of an evil dead person too.

CLOSING

When you are curious about the things of the kingdom of darkness you are flirting with disaster. We are not to hold a fascination for the things of satan's kingdom. That is one reason why God has called me to expose the evil works of darkness so that we can understand how satan's kingdom works and warn our family and friends about it. We are not to be ignorant of how satan, the enemy works. **(2 Cor.2:10-11)** We can teach our children these spiritual truths so that they are armed with God's truth and can make wise spiritual decisions to avoid these things. When I was young I never heard the pastor preach against haunted houses. In today's world, we need to spell things out because discernment is lacking and many people are not growing spiritually.

2 Cor.6:14 – Be ye not unequally yoked together with unbelievers: for what fellowship hath righteousness with unrighteousness? and what communion hath light with darkness?

Christ is the light of the world, and those who belong to Him have been brought from darkness into God's kingdom **(John 8:12; 1 Peter 2:9)**. Light exposes darkness rather than joining it.

Just to make it plain and clear, haunted house attractions are of satan's kingdom, and believers have no business being part of it in any way shape or form. Do not work there, do not go there and take no part in Halloween which is satan's high holy feast day. If you are listening to this, you have been warned.

I will be back on this next week and will talk about how to get rid of evil spirits.
