OUTREACH UPDATE INDIA – AUG 2025 – OCT 2026

Our outreach ministry in India has been getting hammered for over a year now. The heavy monsoon rains and probably some weather manipulation and working on a nearby dam diverting water flow have contributed greatly to what is going on there. They have gone through such devastation and lack and it has continued all the way up until today. Our prayer team has been praying. We need your prayers and support.

Pastor Dalbeer and family 2020. L-to-R: Ms. Basanti, Sachin, Sonali, Shamyra, Pastor Dalbeer, Sourav, Sunita

L-R: Ms. Basanti – Pastor Dalbeer's mom, Sachin, Sonali, Shamyra in front, Pastor Dalbeer, Sourav and Sister Sunita.

August 2025

Sister, I want to share a prayer request. Today around 1 PM, there were three cloudbursts in one of our working areas in Uttarkashi district. It was very serious. Around 10 people have died, and about 100 people are still missing. Among them, 18 people are connected with our work. Our office in that area is also destroyed. There are also children who come to our play school in that area. Our play school teacher is missing, and we cannot contact her family. Her house has also been

destroyed, and we don’t know where they are. Please pray for all the families, children, and team members who are affected. We really need your prayers. Last week when Sourav came home, he had been in that village. I was also there about a month ago. While writing to you now, I can clearly see the faces of the people who are connected with us. I am attaching a photo and video that I have received from the another side of the mountain village.

With love in Christ, Pastor Dalbeer Singh and family

d4393969-7886-456
1-9a6a-f1d231302d3

You can see all the water here that is washing everything away.

Another update: Unfortunately, I received sad news today. The play school teacher has passed away in the recent disaster. Her body was found, and she was a strong believer, very active in the village. Also, two children from the play school were found under the mud, and they have also passed away. It is a very hard time for all of us. We are planning to help with relief work in the area. We plan to distribute food, blankets, and first aid kits. Please pray for everyone in the team, especially as Sourav will be leading the team. We are asking for God's guidance and support for those in need. Please send my greetings to the church, and know that we love you all. With Christ's love, Pastor Dalbeer Singh and family

Because the tithes and offerings have gone so low we have not been able to provide much help to the hurting people there or to Pastor Dalbeer and his family.

Warmest greetings in the name of Christ. Thank you for your prayers they have kept us safe. Right now, I have again received a government warning for heavy rainfall. All schools here have been closed for the past 10 days, and they will remain closed tomorrow. The teacher was about 25–26 years old, the children were 6–7. I had asked Pastor if he knew of this kind of devastating flooding in the past and he said, such an incident last happened in 2013 now again after 12 years. In this year that time also it was same but no life loss, but this time it took life. Pray that God provides provision help and his safety when we start to do relief work at this area because we have to stock things up before we leave. We love you all. with Christ Love Pastor Dalbeer Singh and family

Again, we did not have much to give so the relief effort was sorely lacking.

By God's grace and your prayers we are all safe and doing well. Sister my heart is heavy and full of sadness for our dear children and teachers. It hurts deeply to see them go through such hard times. We cannot understand why these things happen but we trust that God has a plan. All we can do is pray and stand with these families showing them love and support during this painful time. The rain has not stopped. It is pouring heavily in all the areas where we serve. Because of

this the water level has risen and caused great damage. The road leading to our school has been washed away. A stream nearby overflowed and the wall beside the school road collapsed. Right now we are using a neighbor land to enter the school. But we need to rebuild the wall and road as soon as possible. Please keep us in your prayers. I have attached a video and photo the building with the green roof is our school. With Christ Love, Pastor Dalbeer Singh and family

Here's the picture Pastor shared. Just look at all the water there and looks like you can't even get to the road that leads over to the school.

A victory amid the devastation: Pastor shared last week that one of the villages that has been very affected with the floods where we lost our play school teacher and those children had a Hindu temple there since the village began. They held a big ceremony in the Hindu temple and that very day the flooding and devastation happened. Now the Hindu Temple is gone!!! Pastor said that they have been the

only ones working in that area to share the good news of what Christ has done. So even though our church office was destroyed there, there is no more Hindu Temple and now God's church can be firmly established there. That is our hope and prayer. God is working even through all the devastation.

September 2025

Warm greetings to you in the name of Christ. By God grace and your prayers, we are doing well. It has been raining here for the past week without stopping. Many nearby areas are flooded, and the hills are facing landslides. Schools have been closed for a week, and tomorrow there is another red alert due to heavy rain. The government has issued a warning until the 5th of September. Please pray for God protection over us and that He continues to keep us safe. Yesterday, we had no electricity or water supply but today thankfully the water has come back. We were also able to help some affected families. Since we could not travel ourselves, we arranged with a local shopkeeper to provide food supplies. We also tried to connect with the local government for more support. I especially thank God for His protection over Sourav and me. While returning home from the village around 6:30 in the evening, a football sized rock hit the front window of our car and broke it. I told Sourav not to stop, and just 10 meters ahead, a huge rock bigger than our car fell onto the road. If we had stopped, it could have caused serious damage. Truly, it was God's grace and your prayers that kept us safe. Share our love and greetings to all our Three heart congregation and prayer team. With Christ Love Pastor Dalbeer Singh and Family

Sister the situation here has become very bad. Today all the roads connecting to Mussoorie (where we live) are closed and we are not allowed to go out. It is still raining and last night two cloudbursts happened just about 500 meters from our home. A house collapsed with around 18 people inside one person died one is very critical and the rest are still missing. Please pray for them and their families especially as some of them were coming to our house church. The cloudburst also flooded our house. The ground floor where our kitchen and hall are was filled with water and mud. Many things got damaged electrical items sofa recliner our

bedroom clothes and food supplies. Today our neighbor gave us some food to cook and we have shifted to the upper floor. We cleaned but most of our belongings are ruined. We are still scared about what might happen if it rains like this again tonight. But we believe God is protecting us just like a duck protects her babies under her wings. It was a blessing that I was at home otherwise it would have been very difficult for Sunita and the family. We cried seeing our home damaged but we thank God kept us safe. This home was built with your prayers and I trust God has prepared something greater for us. Please continue to pray for our safety and protection. When I went to buy gas and food items, I saw that people are charging double prices because all the roads are closed. No humanity at all. Please give our greetings to the church and prayer team. Keep praying for us. With Christ's love, Pastor Dalbeer Singh and Family

We have not been able to help replace the damaged items and lost furniture and other things. Tithes and offerings are at an all time low. It breaks my heart not to be able to help. Pray for more hearts to be opened to give for God's glory.

Warmest greetings to you in the name of Christ. We are fine here by the grace of God and your prayers, we did not had electric city so internet was not working in our area so that why I was not able to reply you i tried to write but that time my phone died and was not able to write the situation is the same but today by the grace of God rain was less and for past three days we did not had water to drink and for basic daliy needs because the water pipes were broked some where we had to buy water from the market it's so expensive and our stove gas is about to finish and it's hard to get because the supplies are not coming let's hope that it comes tommrow this month there has been many expenses and the food even we had due to flooded in the lower floor all got damaged as I have told you before we are getting supplies but they are less because of the transport which are coming and they are getting expensive, even now in sonali and my mumma room due to heavy rain water have started coming in there has been lot of damage to our home. But I thank God that He has kept us safe and healthy through out this time Thank you for your pryaer and to all three heart family too We love you all With Christ love Pastor Dalbeer Singh and family

End of October 2025

Update from Pastor Dalbeer:

He did say the rain finally stopped. Praise The Lord for that! He has been out to the village and there are many people missing still. The news there has quit updating on how many people are still missing. His house has cracked walls and damage and many things have been lost due to damage. They have not had electricity in the downstairs for over a month now due to all the flooding and damage.

Skip forward to June 2026

Pastor Dalbeer shared the following:

sister God has been good to me too as I am fine and doing good but have to get cataract surgery done as there is caratct on my right eye and I barely see anything through it but still God is making me work though doctor has suggested surgery that I can't afford now but there will be some plan of his so prayer for all these and for work that God continue to work through us and there has been saving of life of people in villages and still there are people who are getting saved for his Kingdom.

I praise God we were able to get the money to Pastor for the cataract surgery which isn’t cheap. It was around $ 1000.

Hello Team,

I just received the following prayer request from Pastor Dalbeer:

We all are fine here by God grace and your prayers, Sister thank you for the help for cataract surgery, and i will be doing surgery this month, i have a prayer request to share about Shamyra she is not doing good at all she is having fever for past 5 days and we took to hospital and doctor saw and said that everything is fine but after seeing the doctor as Sunita and I was bringing her back to home at the hospital gate she fainted and peed on her self and we all panic that what this

happened and her fever is still spiking about to 99 to 100 degree Celsius, then doctor advised us to take her to dehradun to Max hospital and yesterday we took her there and her reports are not good and there is also one report to come that is EEG so lift her in prayers that everything comes okay. give my greetings to all there and our love to them. With Christ Love, Pastor Dalbeer Singh and Family

Another update on Shamyra:

Sorry couldn't reply you earlier but by God grace shamyra is doing fine but still under meds for one month and her reports are not that good either though her EEG report came back normal Praise Lord for it but her blood reports aren't good but doctor has given meds to improve it hope its get better and you know how hard it becomes being a parent and seeing children ill so continue to prayer for her though she has started going to school back but still we have to care a much and it was hard time for us. We love you all with Christ Love Pastor Dalbeer Singh and Family

I looked back and it was about 2 years ago Shamyra was very ill and it was a mystery back then as to what was wrong with her and they gave the same diagnosis, a blood disease. It seems like maybe they give her antibiotics or something and then she gets better but this has happened twice now.

August 2026

Sister, I need you to prayer for School as the entrance road of the school and the boundary wall has been fallen down which has also damaged the washrooms of the school due to heavy rain so please prayer for this also I know you have been also praying for everything but this is one of the urgent prayer request. With Christ Love Pastor Dalbeer Singh and Family

thank you so much for your prayers for us that how we are being safe here because as this monsoon has been really bad in mountains many roads have washed away we are out of connectivity from rest of the world for past 2 days all roads toward Mussoorie has been washed off.

So here we are a year later and the monsoon rains are continuing to cause flash flooding and devastation.

I talked with Pastor Dalbeer this past week here in October 2026 and he shared some new laws implemented there this past August – listen to this:

The north Indian state of Uttarakhand tightened its anti-conversion laws on Aug. 13 to include stringent penalties for illegal conversions, a ban on propaganda through digital media, and protection of victims.

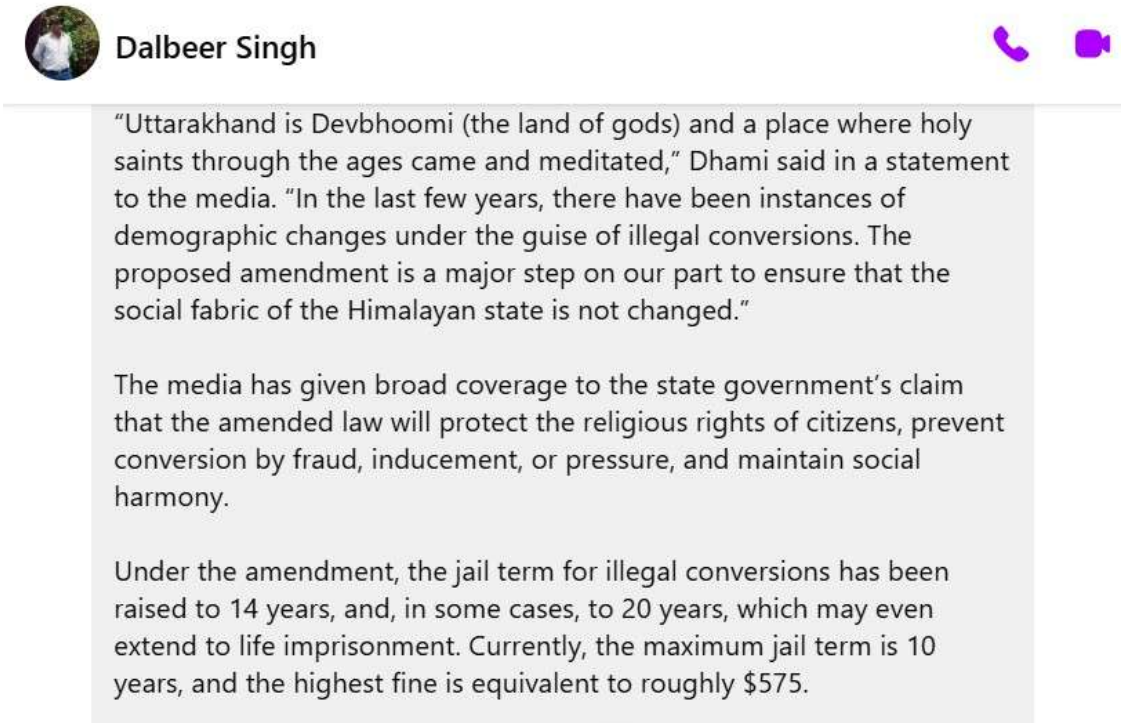

In a first-of-its-kind move, Uttarakhand has included digital media within its ambit of illegal conversions, with punishment for inciting conversion through social media, messaging apps, or any other online medium, among others.

The amendments to the Uttarakhand Freedom of Religion (Amendment) Bill were approved by the Uttarakhand State Cabinet, led by its Chief Minister, Pushkar Singh Dhami, and are expected to be passed into law this week.

So they have passed new laws against making Christian converts there. Posting anything about Christianity or the gospel message is considered propaganda. It's propaganda because the government religion there is Hinduism. This all came up because I asked Pastor if he could post his ministry work on facebook so that people can see it even if I'm not able to do updates in a timely manner or maybe

God would draw people through facebook to give and help his ministry there. That's when Pastor shared that he cannot do that anymore and I asked him why.

The victims they are saying they are protecting are people who do not know Christ. They are protecting them from Christianity. Which is just the opposite of real protection. Real protection is found only in Christ.

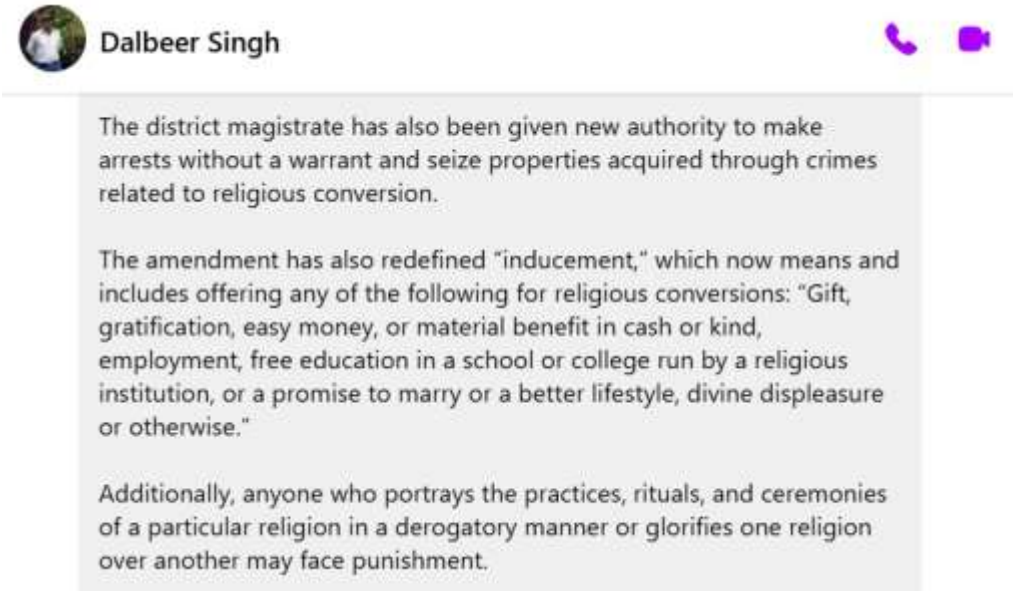

"Uttarakhand is Devbhoomi (the land of gods) and a place where holy saints through the ages came and meditated," Dhami said in a statement to the media. "In the last few years, there have been instances of demographic changes under the guise of illegal conversions. The proposed amendment is a major step on our part to ensure that the social fabric of the Himalayan state is not changed."

The media has given broad coverage to the state government's claim that the amended law will protect the religious rights of citizens, prevent conversion by fraud, inducement, or pressure, and maintain social harmony.

Under the amendment, the jail term for illegal conversions has been raised to 14 years, and, in some cases, to 20 years, which may even extend to life imprisonment. Currently, the maximum jail term is 10 years, and the highest fine is equivalent to roughly $ 575.

The area where Pastor Dalbeer lives and where his headquarters for his ministry work is, is called “the land of gods”. Those gods are Hindu gods, they are fallen angels, their human women consorts – false goddesses and their offspring, the nephilim. In Hinduism there are millions of gods. The holy saints they mention are Hindu spiritual leaders and teachers.

Just for spreading the gospel message you can be arrested and serve a jail term anywhere from 14 years to life imprisonment. The fines are so high that the average person there cannot afford to pay them.

The district magistrate has also been given new authority to make arrests without a warrant and seize properties acquired through crimes related to religious conversion.

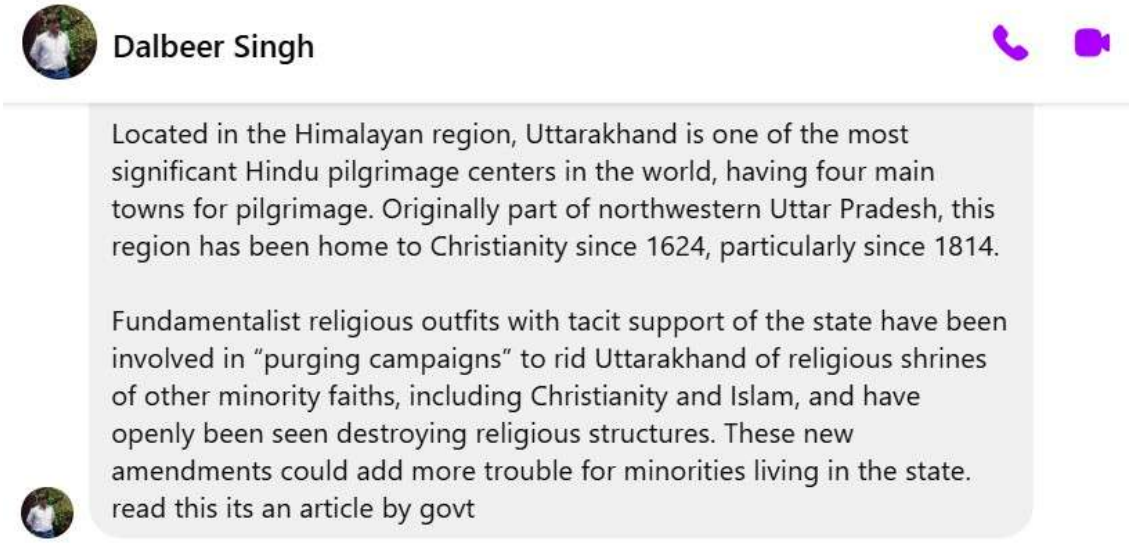

The amendment has also redefined “inducement,” which now means and includes offering any of the following for religious conversions: “Gift, gratification, easy money, or material benefit in cash or kind, employment, free education in a school or college run by a religious institution, or a promise to marry or a better lifestyle, divine displeasure or otherwise.”

Additionally, anyone who portrays the practices, rituals, and ceremonies of a particular religion in a derogatory manner or glorifies one religion over another may face punishment.

They don’t need a warrant and they can seize anything they want to. So they can take personal belongings, Pastor’s car, home etc.

He cannot give out Bibles or any Christian material at all. This hampers the help the church has been able to give to needy and poor families in the past. Like a goat or letting an orphan stay in our Christian hostel for free or helping a poor child to have an education in our Christian school for free. Many times our ministry there was able to help in times of crisis and natural disasters in the name of Jesus. Now that is all on the line.

Glorifying one religion over another is exactly what Christianity is. Christ is the only way. Christianity is not equal to any other religion, it is above all. So they have made this illegal in every way.

Located in the Himalayan region, Uttarakhand is one of the most significant Hindu pilgrimage centers in the world, having four main towns for pilgrimage. Originally part of northwestern Uttar Pradesh, this region has been home to Christianity since 1624, particularly since 1814.

Fundamentalist religious outfits with tacit support of the state have been involved in “purging campaigns” to rid Uttarakhand of religious shrines of other minority faiths, including Christianity and Islam, and have openly been seen destroying religious structures. These new amendments could add more trouble for minorities living in the state.

Listen to that, Uttarakhand (where Pastor Dalbeer and his family and ministry are) is one of the most significant Hindu pilgrimage centers in the world, having four main towns for pilgrimage. They are fighting so hard to keep Hinduism going and keep Jesus out.

The fundamentalists they speak of are not Christians but Hindu's and they are tearing down churches and Christian things as well as Islamic structures etc. Pastor Dalbeer and those who stand with him in Christ are considered minorities there.

The government is the beast system. In the near future all countries will unite under one government heading. This is what Scripture tells us and we call it the New World Order. The government is the beast system and there will be an antichrist person that will rise to power and preside over the beast system government. You see it at work in this world already and this is a good example of it. These laws are not necessarily concerned with Islam, it is collateral damage in the process. The real concern is with wiping Christianity off the face of the earth because Jesus is the only way to eternal life. He is the Way, the Truth and the Life and the only way to The Father.

Pastor Dalbeer shared that he has already been detained at the Police Station more than once regarding making converts to Christianity. He told them that it wasn't him but that it was God. I praise God he has been released so far. These are dangerous and scary times. We truly are in the end of days.

Please keep Pastor Dalbeer and his family and ministry in your prayers. If you can, please give it is greatly needed and appreciated.
