

## I WENT TO HEAVEN

Pastor [Joshua Philip](#) was just in a coma a few days ago (October 14th thru 15<sup>th</sup> of 2014) . While he was in this coma, he was at the throne of Jesus Christ. He is a real person that many of us know. PLEASE READ his awesome testimony of kneeling at the throne of Jesus!!! These are his words:

DURING MY SICKNESS, I want to thank God for my sickness. I want to thank many of you that prayed for me and through concern for me during the time I was in bed. I am glad that I was able to experience many things. Indeed it was not time for me to go home and stay with the Lord. I was almost with the Lord, but not really with Him. I want to present to you what I got from the Lord during this sickness. I did not really understand myself during this time I was taken from the Redemption hospital to the central hospital of Monrovia. Yet I did understand that I was going through something very special and very hard though it was more spiritual than physical.

In my comma, I was led to see the throne of Christ Jesus; I was able to see how He was ready to come for judgment. I did not really see His face for there was a bright light shinning all around Him and His seat was so high above me that I could not even get closer to Him. You may ask how I felt. I was afraid and excited, but most of all I was amazed to see the King of Kings. I can say His seat was pure gold, although not for sure for I was very concerned about how amazing everything looked. He placed His hands of love on me and told me I have anointed you for this hour, you will go and tell everyone all that you have seen and heard.

One of the things He told me was that I am about to come but many of the world today are being deceived and that they are followers of satan. They are pretending knowing the Lord but they are far away from Me. He was so concerned for the church which is doing very little in exposing the

powers of the dark world. My mind went to Brother [Tim Thompson](#) on the face book and my sister Cherie Beltram for their works.

I heard the Lord saying that the church today is filled with Cults or societies and this is the method the devil has deceived many that they are being initiated into the dark world instead of been saved from the world. The church has compromised a lot, hiding the truth and accepting the powers of the devil for money and for popularity. So the church has become the doom for true children of God and happy grounds for satan and his agents. The governments are all working with the churches in that it is through them the devil is empowering them carrying out his missions and accomplishments on a daily basis. Please everyone that is reading this, the Lord says, it is time to expose the works of the darkness, the secret societies that are existing in the church. Some of the organizations that are involved in these secret societies are the Bahia, marsandicrash, the Catholic Church, Illuminati and the cults etc. We are not to look at the tourist alone as one thing that is anti Christ, but we should also look at the secret societies that have brought demonic practices in the church. And now the church has become the demon zones to promote the works of the devil. The devil is fighting so hard because the coming of the Lord Jesus is very close and he doesn't want to go to hell alone. The Lord did not show me the time or the year. I wanted to ask but in the presence of God, you will not have any power to control yourself. He is powerful to control every thought of every man. He wants the true believers to expose the hidden things so much.

Let us know that United Nations, the WHO, the CDC and other NGOS of the world are part of these societies and they already possess the mark of the beast. Oh!! The one great thing the Lord said was that the world has reached the hour of the mark of the beast. It is time for true believers to prove themselves loyal to Me and reliable to My word. Yes, I saw the angels of the Lord, many of them with wings and I saw them bowing before the Lord Jesus with a song I cannot remember. I heard the trumpet sounds all around me in joy as I saw people that have died before standing at a place with white garments and waiting for the final blow of the last trumpet for the coming of the Son of Man. There was joy in their faces but all the time they wanted to sing and praise the Lord. I was glad to join them but I had a very big force on me not to join them.

I was removed from there and I was shown what brought Ebola in my nation. I will be meeting the church council of my nation and have this explained to them. The Lord told me that leaders of the world, the world super powers are going around the world asking nation leaders to sign a petition to change the world system. They are doing this with an objective of implementing 666 which is a human being to rule the world. That 666 was spoken about in the Bible. He showed me that our president is involved and has already signed the petition and a man name Edwin Snow, a great politician of our nation is also involved. Many other leaders are involved in this deal which is going to empower the cults, NGOs, other clubs and societies hence closing churches and reducing Christian practices in our nation, Liberia. Our president is working so hard to have everybody as a slave in our nation, these are her goals.

The other target of these people is the children, at the early age they will be mark with the number or initiated in the dark world especially when they are orphans and the church is not taking proper care of them. Knowing that they are the next generation, so then their objective and goals will be met.

As I write this down, I am crying though I am weak in the body. I feel pain in my ankles and I am still taking in injections and pills. I want to chat today with any one that may want to ask questions after reading this and I think it might help me to recall some things that I did not make mention here. I feel like with all the preaching we have done, with much evangelism many have done worldwide, we have not really met the heart of God. It is like go ye into the world and preach message is done but teach them all that I have told you is yet to be done. I wish to see everybody going to heaven. Although I did not really get into heaven but I saw the seat of the Lord so high. I think heaven is more beautiful than all of the things we expected. The place of the waiting is more powerful and great; I saw it was a garden like place, which has many fresh greens, flowers and beautiful fruits. I wish I could be there all of the time, I never wanted to come back but I think I came back to help many other people know all of this.

I want to congratulate all of you guys that are exposing the powers and the secrets of the devil and those that are binding the demons and exposing all of their deals. I also want to those who are not compromising the truth but rebuking all evil doers and having those that they are trying to capture back to salvation. I want you all friends that I have been working or communicating with, to forgive me if I did wrong with you, for I do not want to miss heaven. I want to be welcome home by the Lord Jesus Christ. This is from the Lord to the one that will have ears to listen and do what the Lord is saying to the church. Pastor Joshua in comma almost with the Lord Jesus Christ.
